Don't Tell the Boss! Dmitry Chernov, Didier Sornette, Giovanni Sansavini, Ali Ayoub, 2023-01-20 After a major disaster when investigators are piecing together the story of what happened a striking fact often emerges before disaster struck some people in the organization involved were aware of dangerous conditions that had the potential to escalate to a critical level But for a variety of reasons this crucial information did not reach decision makers So the organization moved ever closer to catastrophe effectively unaware of the possible threat despite the fact that some of its employees could see it coming What is the problem with communication about risk in an organization and why does this problem exist What stops people in organizations or project teams from freely reporting and discussing critical risks This book seeks to answer these questions starting from a deep analysis of 20 disasters where the concealment of risks played a major part These case studies are drawn from around the world and span a range of industries civil nuclear power coal oil and gas production hydropower energy metals and mining space exploration transport finance retail manufacturing and even the response of governments to wars famines and epidemics Together case studies give an insight into why people hesitate to report risks and even when they do why their superiors often prefer to ignore the news The book reviews existing research on the challenges of voice and silence in organizations This helps to explain more generally why people dread passing on bad news to others and why in the workplace they prefer to keep quiet about unpleasant facts or potential risks when they are talking to superiors and colleagues The discussion section of the book includes important examples of concealment within the Chinese state hierarchy as well as by leading epidemiologists and governments in the West during the novel coronavirus outbreak in Wuhan in 2019 2020 The full picture of the very early stage of the COVID 19 pandemic remains unclear and further research is obviously needed to better understand what motivated some municipal provincial and national officials in China as well as Western counterparts to obfuscate facts in their internal communications about many issues associated with the outbreak **How To Con A Crime Boss** Cynthia Eden, 2023-07-25 His life is in her hands Seth Wellington needs protection but he never expects for that protection to arrive in the ever so sexy form of Harley Adaire Their initial meeting is electric and each time that he is around the deceptively delicate Wilde agent his attraction to her grows But this isn t the time for Seth to be falling for

someone The world thinks he s a master criminal Just because his father maybe sorta okay yes was a master criminal Now the FBI wants Seth to take over his father s organization The Feds want him to work undercover and bring down some very very bad people The problem is that those bad people want to destroy him So in strolls Harley A woman with a thirst for adventure a smile meant to tempt and a body that will rule his fantasies for years She can be his bodyguard and his partner She ll stay by his side and they ll trip up the criminals surrounding them Sounds easy But it isn t Because Seth has to pretend to be someone completely different Someone dark and dangerous and the more he pretends the more he starts to lose sight of his real self And the more he wants her Possessive passionate deadly that s the man Seth has to be Only when he s with Harley the possessiveness and the passion are all too real Too bad they are surrounded by criminals who are hell bent on wrecking Seth s world The danger is mounting the desire Seth feels for Harley is raging out of control and unfortunately the body count may be starting to rise Because when you try to con a crime boss you re playing a very very dangerous game Step one Show no fear Step two Prepare to fight dirty Step three Become the man everyone fears Everyone but her A man isn t supposed to get territorial when it comes to his bodyguard but Harley is no ordinary bodyguard She s the woman who is quickly coming to obsess Seth In this new dark world around him she s also the only person he trusts Now if they can just stay alive and bring down the bad guys maybe he can get his bodyguard to fall for him Maybe
