*The Czech And Slovak Republics* Carol Leff, 2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia's development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book's strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe

**The Making of the Slovak People's Party** Thomas Lorman, 2019-05-30 Winner of the BASEES George Blazysca Prize In 1945 just six years after coming to power the Slovak People's Party SLS was disbanded as a criminal organisation and its leader Jozef Tiso hanged for treason What made it possible for the SLS initially founded in 1905 by priests to represent the Catholic Slovak minority residing in the north of the Kingdom of Hungary to form an openly pro Nazi government in 1939 And what put Slovakia on the path to a fascism that would see more than 45 000 Jews deported to their deaths in 1942 To answer these questions Thomas Lorman draws on more than a decade's research in archives across the region in Hungarian Slovak and Latin and studies the party's formative years in depth for the first time in English Lorman examines the various strands which fused to form the party and its popularity including a complex and nebulous nationalism Catholicism and a resounding mistrust of liberalism and modernity The Making of the Slovak People's Party is a vital and timely study of the genesis and success of far right movements that

will be essential reading for all scholars working on 20th century Eastern European history nationalism and the interplay of religion and politics

against others in the region The first volume covers the northern tier of states the second looks at lands that were once part of the Hapsburg empire and the third examines the Balkan states Each chapter profiles a single country its geography history political development economy and culture and gives readers a glimpse of the challenges that lie ahead Vignettes on various topics of interest illuminate the unique character of each country

Hitler and Czechoslovakia in World War II Patrick Crowhurst, 2013-10-24 The invasion of Czechoslovakia by Nazi Germany in March 1939 helped to precipitate Europe's descent into World War II six months later The move supposedly to protect the Sudeten Germans shocked many in Europe who saw it as a clear statement of intent by Hitler Here Patrick Crowhurst argues that occupation of the Sudetenland and the Czech lands was also crucial to the Nazi war machine The armaments factories and raw materials that Hitler seized accelerated Germany's capabilities Czech tanks would prove crucial in the Ardennes and as the Wehrmacht fought at Stalingrad Armaments Minister Albert Speer was corralling Czech industrial machinery to produce engines aircraft and equipment in support In addition new Slovakian and Czech primary material are used to give a new in depth account of the German reaction to the assassination of Reinhardt Heydrich on the streets of Prague in June 1942 The recriminations were brutal and dovetailed with Hitler's plans for the genocide of Czech Jewry This is a new side of the History of Nazi Europe and argues for the centrality of the Czech occupation in the overall narrative of World War II

**A History of Czechs and Jews** Martin Wein, 2015-02-11 Was Israel founded by Czechoslovakia A History of Czechs and Jews examines this question and the resulting findings are complex Czechoslovakia did provide critical secret military sponsorship to Israel around 1948 but this alliance was short lived and terminated with the Prague Trial of 1952 Israel's Czech guns were German as much as Czech and the Soviet Union strongly encouraged Czechoslovakia's help for Israel Most importantly however the Czechoslovak Israeli military cooperation was only part of a much larger picture Since the mid 1800s Czechs and Jews have been systematically comparing themselves to each other in literature music politics diplomacy media and historiography A shared perception of similar fates of two small nations trapped between East and West in constant existential danger helped forge a Czech Jewish national friendship amid periods of estrangement Yet this Czech Jewish national friendship an idea that can be traced from Masaryk and Kafka via Weizman and Ben Gurion to Havel and Netanyahu was more myth than reality Relations were often mixed and highly dependent on larger historical developments affecting Central Europe and the Middle East As the Czech Republic emerges as Israel's main EU ally this book provides a timely analysis of this old new alliance and is essential reading for students and scholars with an interest in History and Jewish Studies

This book addresses practices of bordering debordering and rebordering on the territory of the former Austro Hungarian Monarchy after state borders had been remapped on the negotiation tables of the Paris Peace Treaties following the First World War As life in borderlands did not correspond to the peaceful Europe articulated in the Paris Treaties a multitude of unforeseen complications followed the drawing of borders and states The chapters in this book include new case studies on the creation centralization or peripheralization of border regions such as Subcarpathian Rus Vojvodina Banat and the Carpathian Mountains on border zones such as the Czechoslovakian harbour in Germany and on cross border activities The book shows how disputes over national identities and ethnic minorities as well as other factors such as the economic consequences of the new state borders appeared on the interwar political agenda and coloured the lives of borderland inhabitants The contributions demonstrate the practices of borderland inhabitants in the establishment functioning disorganization or ultimate breakdown of some of the newly created interwar nation states The chapters in this book were originally published as a special issue of the journal *European Review of History* Slovakia Since Independence Minton F. Goldman, 1999-01-30

Since becoming an independent country after its split from Czechoslovakia in January 1993 Slovakia's development from communism to political and economic democracy underway when it was part of post Communist Czechoslovakia has been difficult and halting Goldman starts with an analysis of the influence of a strong ethnic based nationalism on Slovak relations with Czechs from 1918 through the Second World War and the years of Communist rule through to the breakaway from Czechoslovakia and the creation of an independent state Goldman then examines the political economic socio cultural problems and international difficulties the new Slovak state experienced as it tried to develop a democratic political system move toward a free market economy achieve societal unity and cohesion and protect its interests abroad In showing how a strong Slovak nationalism rooted in recent history has had an impact on policymaking in almost every sphere of national life Goldman examines the roots and causes of Prime Minister Meciar's authoritarian leadership the halting and uncertain transformation of the Slovak economy to a free market the difficulties of governing the country's minorities and the development of new relationships with areas of strategic as well as economic importance to Slovakia's well being as an independent state This comprehensive and up to date analysis will be of great importance to scholars students and other researchers involved with Eastern European Studies Minorities in Europe Snežana Trifunovska (jurist), Katholieke Universiteit Nijmegen. Centre for Migration Law, 1999-10-19 Political security legal and economic aspects are highlighted in

this volume's coverage of minority issues in Croatia Estonia and Slovakia Since these countries achieved independence as a result of the post Cold War dissolution of their predecessor states there is a relatively complex minority situation in all three the result of changing state borders This work contributes to identifying problem areas and the means and mechanisms to ensure adequate protection to minority groups

**The Monumental Nation** Bálint Varga,2016-12-01 From the 1860s onward Habsburg Hungary attempted a massive project of cultural assimilation to impose a unified national identity on its diverse populations In one of the more quixotic episodes in this Magyarization large monuments were erected near small towns commemorating the medieval conquest of the Carpathian Basin supposedly the moment when the Hungarian nation was born This exactly researched study recounts the troubled history of this plan which far from cultivating national pride provoked resistance and even hostility among provincial Hungarians Author Bálint Varga thus reframes the narrative of nineteenth century nationalism demonstrating the complex relationship between local and national memories
