entitled APPEAL      **Music's Golden Frontier** Smitty Herron,2011-08-02 Smitty is a creative talent who brings a very unique interpretation that is both informative and anecdotal He had spent most of his life studying and working with the graphic visual arts Although he still loves the visual arts he finally realized later in life what he had actually known all along that everything comes back to a song It is not unusual for anyone to conjure up vivid memories whenever a certain song is mentioned or played However Smitty does it in a way that puts the reader into the actual environment very magical Most folks would probably not have experienced some of the events and circumstances that he mentions within this book but I think that everyone can relate to them Another factor that sets this book apart from other music retrospectives are the constant reminders of those unheralded performers writers producers who seldom would get top billing but who made outstanding creations just the same One of his strongest talents is being able to link a specific historic event with a song which of course comes from a very deep memory This along with the sometimes humorous observations contained throughout make for very enjoyable and informative reading Could actually be considered as a general reference book for the music and events of the baby boomer generation The best thing is not only is this book a story about a specific era but it is his story      *Out of the Flock* Mike Satcher,2017-01-04 Mike Satcher s poetic visions are generally set up by the first word thought idea or line of his experience Each vision follows the next and poses a statement that relates or could be related but wants to take readers along viewing their own way of perspective Many pieces in *Out of the Flock* were invented years ago but could be analogous He says Before this publication I supplied drawings or cartoons that related to the work as coincidental affect I m interested in helping readers see compositions in broad or narrow rationale And if having human sensibilities helps my points are not to screw you up rather to take invention to other levels Not everything in life makes sense This poetry collection presents more or less humor scientific ideas or fantasy in text Here is one sample Ancient History Ancient History can t go forward Without considering the past Anecdotes abound used to be Entertainment s greater than Ever movies seem so real Preview of coming attractions Either attracts opposites repel I was thinking about a Navajo Indian woman works weaving But as she turned out Turned into a beautiful Orchid becomes seeds      **Term Limits Or Campaign Finance Reform** United States.
