*Entrepreneurship and SMEs in Transition Economies* Organisation for Economic Co-operation and Development. Advisory Group on Entrepreneurship Promotion and SMEs. Meeting, Organisation for Economic Co-operation and Development, Local Economic and Employment Development (Program), 1997 Small Firms and Economic Development in Developed and Transition Economies David A. Kirby, Anna Watson, 2017-11-22 This title was first published in 2003 Since the late 1970s there has been considerable interest in the role of small firms in economic development in general and employment generation in particular Throughout the developed world governments have introduced a range of measures to encourage small firm growth and development in an attempt to stimulate economic growth generate employment and foster innovation Though not all measures have been successful many policies have transferred to the transition economies of Central and Eastern Europe where since 1989 small firm growth and development has achieved considerable importance in economic restructuring Accordingly this volume presents the leading research on the role of small firms in economic development and employment generation in both transition and developed countries Setting itself in a wider theoretical context the book also considers the implications for both policy and theory and suggests directions for future research

*Enterprising Women in Transition Economies* David Smallbone, 2017-03-02 Entrepreneurship is a key element in the development of market based economies and one of the potential drivers of change in countries that are in the process of transformation to market based systems This book describes and critically assesses the nature and extent of female entrepreneurship in European economies that until 1990 were operating under central planning At the core of the book are 7 country based chapters which provide an overview of the development of entrepreneurship and small firms since 1990 including a review of the institutional and policy context an assessment of the role of women within the society during the socialist period and any major changes afterwards Each chapter also includes a thematic section each one addressing a different issue based on unique empirical data drawn from original research *Economic Development and Entrepreneurship in Transition Economies* Jovo Ateljević, Jelena Trivić, 2016-04-05 This book contributes to a better understanding of entrepreneurship in transition economies Current literature reflects the more traditional schools of thought on entrepreneurship which are influenced by the Western perspective and fail to fully address the scenario in transition economies There is a broad consensus among academics policy makers and practitioners that a fundamental cause of difficulties experienced by most economies in transition has been the fact that reform has not been accompanied by the creation of new private businesses and particularly SMEs This is especially evident in states created in Europe after the dissolution of the Soviet Union where many barriers which were inherited from the old system remain in place thus inhibiting entrepreneurial progress in these countries despite a favorable political and economic environment The contributions featured in this book focus on how much progress has been achieved so far with regard to these aspects as well as identify

which current barriers and issues still need to be resolved Themes include innovation performance financing venture capital educational factors and entrepreneurial learning *Small and Medium-sized Enterprises in Countries in Transition* Antal Szabó, Bernan Assoc, United Nations. Economic Commission for Europe, 2003 This publication examines the characteristics of the small and medium enterprise SME sector in transition countries and emerging market economies including SME definition by countries major legislative measures related to entrepreneurship support measures as well as giving a SWOT strengths weaknesses opportunities and threats analysis for individual countries and statistics collected from the SME National Focal Points and other sources such as the UNECE database and EBRD data **Small Firms and Economic Development in Developed and Transition Economies** David A. Kirby, Anna Watson, 2017-11-22 This title was first published in 2003 Since the late 1970s there has been considerable interest in the role of small firms in economic development in general and employment generation in particular Throughout the developed world governments have introduced a range of measures to encourage small firm growth and development in an attempt to stimulate economic growth generate employment and foster innovation Though not all measures have been successful many policies have transferred to the transition economies of Central and Eastern Europe where since 1989 small firm growth and development has achieved considerable importance in economic restructuring Accordingly this volume presents the leading research on the role of small firms in economic development and employment generation in both transition and developed countries Setting itself in a wider theoretical context the book also considers the implications for both policy and theory and suggests directions for future research Entrepreneurship in Transition Economies Arnis Sauka, Alexander Chepurensko, 2017-06-28 This book presents a state of the art portrait of entrepreneurship in the transition economies of Central and Eastern Europe CEE and the Commonwealth of Independent States CIS as well as Georgia and Ukraine Based on new empirical evidence it highlights major trends in characteristics and forms of entrepreneurship common to countries in transition The contributions cover topics such as levels of opportunity based entrepreneurship incentives for innovation dominance of large scale international corporations the role of family businesses and opportunities for grass roots entrepreneurship The first part of the book focuses on theoretical considerations regarding the establishment of sustainable entrepreneurial ecosystems and private business In turn the second part offers cross border studies of entrepreneurial environments and activities while the third and fourth present case studies on the current state and unique characteristics of entrepreneurship in various countries of the CEE and CIS as well as Georgia and Ukraine Finally the last parts discuss the role of institutions and policy recommendations **OECD SME and Entrepreneurship Outlook 2021** OECD, 2021-06-28 Small and medium sized enterprises SMEs and entrepreneurs have been hit hard during the COVID 19 crisis Policy responses were quick and unprecedented helping cushion the blow and maintain most SMEs and entrepreneurs afloat Despite the magnitude of the shock available data so far point to sustained start ups creation no wave of bankruptcies and an impulse to innovation in most

OECD countries      **Building Businesses in Emerging and Developing Countries** Elie Virgile Chrysostome, Rick Molz, 2014-04-16 This book focuses on the challenges and opportunities facing companies in emerging and developing countries China and India have become the primary business destination for many global companies that are looking for market opportunities and low costs of production whilst Morocco Dubai Brazil Malaysia and Russia are also being targeted This new edited volume helps develop a better understanding of the realities of doing business in emerging and developing countries in particular exploring the dynamics between corporations both indigenous and multinational and local pressures in developing transitional and emerging economies The book points out the benefits and pitfalls of doing business in emerging and developing countries as well as the adjustments that are necessary for success It also discusses entrepreneurship in emerging and developing countries exploring its new realities from women s entrepreneurship in Muslim countries to social entrepreneurship in developing countries The volume also points out the new challenges for SMEs of emerging and developing countries in a global competitive environment Finally it analyses corporate governance from a local partner perspective and an institutional perspective Building Businesses in Emerging and Developing Countries will be of interest to business managers students and researchers involved in international entrepreneurship and corporate governance

**Proceedings of the XIV INTERNATIONAL SYMPOSIUM SYMORG 2014** Aleksandar Marković, Slađana Barjaktarović Rakočević, 2014-06-05      *Entrepreneurship, Growth, and Innovation* Enrico Santarelli, 2006-03-29 The analysis of different national cases including Germany Greece Italy Portugal Turkey the Netherlands and the United States puts forward that the relationship between entrepreneurship and growth via innovation is shaped by the context of country specific institutions and industries thereby providing hints for industrial and innovation policy      **Small Businesses Trickling Up in Central and Eastern Europe** Galen Hull, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company

**Entrepreneurship in Post-Communist Countries** Jovo Ateljević, Jelena Budak, 2018-05-21 This volume analyzes the barriers to as well as new drivers for entrepreneurial development in post communist countries The contributors present various country studies mainly in the Balkans region and investigate entrepreneurial behavior and best practices financial instruments factors for the success of small and medium sized companies and related policy implications The book will appeal to scholars policymakers and professionals interested in entrepreneurial obstacles and challenges in the countries of the Balkans region      *Transnational Business* Galen Spencer Hull, 2022-03-26 First Published in 1999 Small Businesses Trickling Up in Central and Eastern Europe argues that micro small and medium sized enterprises in selected countries of Central and Eastern Europe CEE have been the key to economic growth rather than privatized large scale enterprises Small businesses have come to constitute the most dynamic element of growth in the emerging markets of the CEE region in the last decade In 1989 most of the countries of the region were still under the political and economic domination of the Soviet Union Since then a process of liberalization has been unleashed in the region to dismantle statist economic policies and

replace them with free market policies This has involved programs of privatization and restructuring of state owned enterprises as well as the promotion of policies to enable a private sector to develop Small businesses are creating thousands of new jobs while large companies are retrenching and downsizing their workforce In some countries of the region this process is much further along than in others In each country however the small and medium enterprise SME sector has developed at a more rapid pace than has the privatization of the large public companies The privatization of small and medium sized state owned enterprises has been rather more successful With the economic transition there has been a flurry of new enterprises springing up throughout the region some registered as legal entities but many micro enterprises often remaining unregistered in the informal sector Micro enterprises are increasingly seen as an important element of this SME sector although they were traditionally treated separately as belonging to the informal sector and a detriment to economic growth

**Parliamentary Assembly - Working Papers - 2008 Ordinary Session (Third Part) 23-27 June 2008**  
**Volume VI (2009)** Council of Europe,2009-01-01 **Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe** Friederike Welter,David Smallbone,2011 This unique Handbook explores the role of government in the development of entrepreneurship in countries where twenty years ago private enterprise was illegal or barely tolerated The expert contributors reveal that government policy is one of the key influences on the external environment in which businesses develop particularly in countries where it has been necessary to redefine the role of the state in relation to business development They outline how government policy can also act as an enabling and or a constraining force with respect to entrepreneurship development particularly in relation to institutional change and the development of a market based economy This Handbook includes up to date information and analysis as to how entrepreneurship policies have evolved in the wider Europe focusing on the challenges that arise in designing and implementing entrepreneurship policy The Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe excellently covers different facets of entrepreneurship policies in Central and Eastern Europe and will prove invaluable for academics students and researchers of entrepreneurship and small business as well as policy studies Policy makers will also find plenty of key insights and relevant information in this important resource

**The Arab Spring Five Years Later** Hafez Ghanem,2015-12-29 The dilemma felt by Arab youth was captured in Tunisia by the selfimmolation in 2010 of Mohamed Bouazizi who was frustrated by restrictions on his small street vending business His death became the catalyst for revolts throughout the Middle East The frustration had been building for some time large segments of society were denied economic progress while the middle class was squeezed and governments had cut back on services and public employment Since the series of uprisings began the debate in Arab countries has focused almost exclusively on politics and questions of national identity However economic issues are driving the agenda and real economic grievances must be addressed in order for the many transitions to succeed Hafez Ghanem gives a thorough assessment of the Arab Spring beginning with political developments since the revolutions and

changes in the legal and institutional frameworks that affect economies Arab economies grew at healthy rates before the revolts but the benefits of economic growth were unfairly distributed The politically connected reaped great benefits while educated youth could not find decent jobs and the poor and middle class struggled to make ends meet Ghanem advises that Arab countries need to adopt new economic policies and programs that enhance inclusiveness expand the middle class and foster growth in undeveloped regions Key elements include strengthening economic institutions developing small businesses reforming the education system to better prepare Arab youth for the modern labor market promoting gender equality with the objective of raising female labor market participation rates and setting up programs for rural and regional development to reduce inequality and eliminate extreme poverty **The Arab Spring Five Years Later: Vol. 1 & Hafez**
