Small Arms In Profile Volume 1 Part Numbers 1 12

Ian Pickup

Small Arms In Profile Volume 1 Part Numbers 1 12:

Churchill's Army Stephen Bull, 2016-09-22 Winston Churchill Britain's iconic war time Prime Minister is inextricably linked with the victorious British Army of 1939 to 1945 Yet hindsight propaganda and the imperative of the defeat of Hitler and Imperial Japan have led to a tendency to oversimplify the image of Churchill the war leader and his Army For whilst Churchill was undeniably a towering statesman his relations with both the Army and War Office were ambiguous and altered considerably not only with the progress of the Second World War but over decades In this comprehensive book Stephen Bull examines every aspect of the British Army during the Second World War and considers in detail the strengths and weaknesses of an organisation that was tested to its limits on many fronts but made an immense contribution to the successful Allied outcome The book explores the structure of military power from the men who ran it the Generals to the detail of the regiments they commanded It looks at the uniforms the soldiers wore and the badges and insignia they bore on their uniforms The weaponry Churchill's army used is discussed in detail from small arms including rifles bayonets grenades carbines and machine guns to the massed firepower of the artillery along with the increasing sophistication of tanks and other military vehicles during the period Finally the role of auxiliary and special forces and their contribution to the campaign is considered The comprehensive text is enhanced by more than 200 contemporary photographs

The Corporation in the Twenty-First Century John Kay, 2024-08-22 SHORTLISTED FOR THE FINANCIAL

TIMES AND SCHRODERS BUSINESS BOOK OF THE YEAR 2024 A NEW STATESMAN BOOK OF THE YEAR 2024 A FINANCIAL TIMES BEST BUSINESS BOOK OF THE YEAR 2024 Original and thought provoking A brilliantly erudite account of the major waves in the theory and practice of management Financial Times Instead of theory it has wisdom an excellent book New Statesman For generations we have defined a corporation as a business that uses its accumulated wealth to own the means of production and exercise economic power That is no longer the reality Corporations no longer control their own industries and our most desired goods and services aren't stacked in container ships they appear on your screen fit in your pocket or occupy your head But even as we consume more than ever before big business faces a crisis of legitimacy The pharmaceutical industry creates life saving vaccines but has lost the trust of the public The widening pay gap between executives and employees is destabilising our societies Facebook and Google have more customers than any companies in history but are widely reviled In incisive provocative prose economist John Kay describes how the pursuit of shareholder value has destroyed mammoth companies redefines successful commercial activity and looks to the future of what the corporation might be
