The Inebriating Touch of Bliss Luis Costa,2014-03-24 This book aims to be a hybrid between the pure artistic side of poetry and the rationality of thought It s an exploration of love on a broad perspective and its meaning in human natural and spiritual life Love cannot be fully rationalized or emotionalized hence the mix between the art form and the philosophical approach Words run short when attempting to describe love thus poetry as an art form and an excellent conveyor of feelings is a valid approach in a description of love The poems here were written in moments of deep emotional feelings collected for 3 years These feelings are deemed more important than poetic rules making the structure of the poems rather anarchic
