**Jason's List** Aaron R. Bowers, 2005-06-14 Jason Pryser was a high school student who lived in a small Texas suburb. He was brutally tortured by nearly every kid who went to his school. It got to be so hard for him to deal with that he felt he needed to go to the school principal for help, but when the principal told him to get over it, he turned to his friends for advice. In desperation, they devised a plan to shoot up their school. Will they actually go through with it? Will they come to their senses and change their minds? Will school administrators uncover their plan before it's too late? Find out in this gripping novel that will leave you guessing until the very end. *The Dean's List* Edward Bruce, 2001-08-27 Deception, deceit, extortion, high tech espionage, and violence. If these things were preceded by the phrase "the answer is on the game show Jeopardy," you wouldn't expect the question to be "things found at a college." But that actually is the case at Seward, a college that is part of a new breed of institutions of higher education called proprietary colleges that are actually profit-making business ventures. The Dean's List chronicles a takeover battle involving an aggressive conglomerate, Tribax, and Seward, a successful proprietary college. The struggle divides the college and is characterized by underhanded dealings, black mail, and violence. The main character of the book is Joe Hammond, who is the Dean of Admissions at this fictitious college. He struggles to fight the good fight against the takeover while dealing with personal issues involving an affair with a young girl and the break-up of his marriage. The Dean's List is packed with twists and turns, as well as a surprise ending. A great read from start to finish.
