The Bing Of Verse Poems In Memory Of Bing Crosby:

The Bing Book of Verse Aristides George Paradissis, Lyn Stocks, 1983 **A Bibliography of Australian Multicultural Writers** Sneja Marina Gunew, 1992 Bibliographic details of Australian multicultural writers *Wallace Stevens* George S. Lensing, 1986-12-01 In *Wallace Stevens A Poet's Growth* George S. Lensing examines Stevens gradual emergence and development as a poet tracing his life from his formative years in Pennsylvania to his careers as a lawyer for the Hartford Accident and Indemnity Company and as one of the major poets of the twentieth century. Lensing draws extensively upon previously unpublished material from the Stevens archive at the Huntington Library which contains letters, early drafts of poems and notebooks. Two notebooks, *Schemata* and *From Pieces of Paper* are here reproduced in full. The study is divided into three sections. In the first, Lensing examines the years before the publication of Stevens' first volume of poetry, paying special attention to the forces that hindered and enhanced his progress toward modernity. In the second, we see Stevens in the exercise of his craft. Lensing discusses the influence of the Romantics on the verse Stevens wrote as an undergraduate at Harvard, his interest in Oriental art, Cubism and Fauvism, his anticipation of Imagism and his imitation of certain French Symbolists. Sources of the epigraphs to Stevens' poems are identified fully for the first time, suggesting the role of Stevens' vast reading upon his poetry. Also considered is Stevens' voluminous correspondence with people from all over the world, some of whom he never met personally. These letters helped rescue Stevens from the insularity of his business life and aided in the making of his poems. The final section treats the critical responses to Stevens' poetry by such people as Harriet Monroe, editor and founder of *Poetry*, who was the first important reader and publisher of his work. Attention is also given to Stevens' explications of his poems. *Wallace Stevens A Poet's Growth* is a comprehensive examination of Stevens' life and work. This study provides abundant new material which will be of value to scholars and to those readers who are drawn to Stevens' poetry. *The Immigrant Experience in Australian Literature* Annette Robyn Corkhill, 1995 *Dictionary Catalog of the Harris Collection of American Poetry and Plays*, Brown University Library, Providence, Rhode Island Brown University Library, 1972 *The Rhythm & the Tide* Mike Badger, Tim Peacock, 2015 The story of great lost Liverpool band The La's of There She Goes fame, the founding of independent record label Viper. Both personal memoir from a musician and the story of Liverpool's popular music over the past 30 years. **Australian National Bibliography**, 1983 **It's a Long Lane That Has No Turning** Bill McCaffrey, 2011-09-26 About growing up in an Irish Catholic family in Philadelphia in the 50s. *Southern Crossings* Daniel Cross Turner, 2012-08-30 Daniel Cross Turner has made a key contribution to the critical study and appreciation of the diverse field of contemporary Southern poetics. *Southern Crossings* crosses a gulf in contemporary poetry criticism while using the idea or ideas many and contrary of Southernness to appraise poetries created from the profuse tangled histories of the region. Turner's close readings are dynamic even lyrical. He offers a new understanding of rhythm's central place in contemporary poetry while considering the work of fifteen poets. Through his

focus on varied yet interwoven forms of cultural memory Turner also shows that memory is not in fact pass The way we remember has as much to say about our present as our past memory is living shifting culturally formed and framed This is a valuable and important book that entwines new visions of poetic forms with forms of regional remembrance and identity Natasha Trethewey Pulitzer Prize winner and author of Native Guard Poems Offering new perspectives on a diversity of recent and still practicing southern poets from Robert Penn Warren and James Dickey to Betty Adcock Charles Wright Yusef Komunyakaa Natasha Trethewey and others this study brilliantly illustrates poetry's value as a genre well suited to investigating historical conditions and the ways in which they are culturally assimilated and remembered Daniel Cross Turner sets the stage for his wide ranging explorations with an introductory discussion of the famous Fugitive poets John Crowe Ransom Allen Tate and Donald Davidson and their vision of a constant southernness that included an emphasis on community and kinship remembrance of the Civil War and its glorified pathos of defeat and a distinctively southern white voice Combining poetic theory with memory studies he then shows how later poets with their own unique forms of cultural remembrance have reimagined and critiqued the idealized view of the South offered by the Fugitives This more recent work reflects not just trauma and nostalgia but makes equally trenchant uses of the past including historiophoty the recording of history through visual images and countermemory resistant strains of cultural memory that disrupt official historical accounts As Turner demonstrates the range of poetries produced within and about the American South from the 1950s to the present helps us to recalibrate theories of collective remembrance on regional national and even transnational levels With its array of new insights on poets of considerable reputation six of the writers discussed here have won at least one Pulitzer Prize for poetry Southern Crossings makes a signal contribution to the study of not only modern poetics and literary theory but also of the U S South and its place in the larger world Daniel Cross Turner is an assistant professor of English at Coastal Carolina University His articles which focus on regional definition in national and global contexts and on aesthetic forms potential to record historical transitions appear in edited collections as well as journals including Genre Mosaic the Southern Literary Journal the Southern Quarterly and the Mississippi Quarterly

Civil War Canon Thomas J. Brown, 2015-02-17 In this expansive history of South Carolina's commemoration of the Civil War era Thomas J Brown uses the lens of place to examine the ways that landmarks of Confederate memory have helped white southerners negotiate their shifting political social and economic positions By looking at prominent sites such as Fort Sumter Charleston's Magnolia Cemetery and the South Carolina statehouse Brown reveals a dynamic pattern of contestation and change He highlights transformations of gender norms and establishes a fresh perspective on race in Civil War remembrance by emphasizing the fluidity of racial identity within the politics of white supremacy Despite the conservative ideology that connects these sites Brown argues that the Confederate canon of memory has adapted to address varied challenges of modernity from the war's end to the present when enthusiasts turn to fantasy to renew a faded myth while children of the civil rights era look for a usable Confederate past In surveying a rich controversial and sometimes even comical cultural landscape Brown illuminates the workings of collective memory sustained by engagement with the particularity of place [The New York Times Guide to Essential Knowledge](#) The New York Times, 2004-11-05 From the New York Times comes a thorough authoritative easy to use guide to a broad range of essential subjects
