

Israel Emiot's prison memoir, *The Birobidzhan Affair*, is a poignant, captivating chronicle of the persecution of Jewish and Jewish culture in the last years of Stalin's Russia. It stands out among the dozens of such accounts for the simple reason that its author was a sensitive, talented writer who managed to convey his gruesome experiences in a controlled yet forceful manner, a style at once laconic and impassioned. The result is a gripping story of one man's misadventures and a valuable historical document, both in its own right and for the mass of important data it contains. In this respect, Emiot's work resembles Solzhenitsyn's monumental *Gulag Archipelago*.
