History of the Christian Religion, to the Year Two Hundred Charles Burlingame Waite, 2024-04-29 Reprint of the original first published in 1881 *The Christians, Their First Two Thousand Years*, 2002 The Christians is the history of Christianity told chronologically epoch by epoch century by century beginning at Pentecost and concluding with Christians as we find ourselves in the twenty first century It will consist of approximately twelve volumes produced over a 10 year period at the beginning of the third Christian millennium It is written and edited by Christians for Christians of all denominations Its purpose is to tell the story of the Christian family so that we may be knowledgeable of our origins may well know and wisely profit from the experiences of our past both good and bad and may find strength and inspiration to face the challenges of our era from the magnificent examples set for us by those who went before Back cover **Our Black Year** Maggie

Anderson, 2012-02-14 Maggie and John Anderson were successful African American professionals raising two daughters in a tony suburb of Chicago But they felt uneasy over their good fortune Most African Americans live in economically starved neighborhoods Black wealth is about one tenth of white wealth and black businesses lag behind businesses of all other racial groups in every measure of success One problem is that black consumers unlike consumers of other ethnicities choose not to support black owned businesses At the same time most of the businesses in their communities are owned by outsiders On January 1 2009 the Andersons embarked on a year long public pledge to buy black They thought that by taking a stand the black community would be mobilized to exert its economic might They thought that by exposing the issues Americans of all races would see that economically empowering black neighborhoods benefits society as a whole Instead blacks refused to support their own and others condemned their experiment Drawing on economic research and social history as well as her personal story Maggie Anderson shows why the black economy continues to suffer and issues a call to action to all of us to do our part to reverse this trend
