From Ritual to Romance Jessie Laidlay Weston,2021-04-11 In *From Ritual to Romance* Jessie Laidlay Weston embarks on a seminal exploration of the intersections between ancient ritual practices and medieval romance literature Her incisive analysis delves into the rich tapestry of myth ritual and narrative illuminating how the rites of fertility and regeneration inform the chivalric ideals found in Arthurian legends and the Grail stories With a meticulous attention to detail Weston employs an interdisciplinary approach that blends folklore anthropology and literary criticism set against the backdrop of early 20th century literary studies a time when the impact of myth was increasingly recognized in modern literature As an eminent scholar deeply invested in the connection between folklore and literature Weston was influenced by the burgeoning interest in myth and its relevance to contemporary narrative forms Her academic career marked by a passion for the study of

pre Christian customs and paganism provided her with a unique lens through which to examine the transformative journey of the quest narrative a core theme that reverberates throughout literary history From Ritual to Romance is an essential read for those intrigued by the depths of literary heritage and its roots in the human experience Weston s compelling prose and profound insights challenge readers to reconsider the underlying mythologies that shape our understanding of narrative making this work a cornerstone for scholars students and enthusiasts of literature alike *The Bleeding Lance* Arthur Charles Lewis Brown,1910 **The Grail** Dhira B. Mahoney,2014-06-23 First published in 2000 Routledge is an imprint of Taylor Francis an informa company **Theorizing about Myth** Robert Alan Segal,1999 A collection of essays analyzing the leading theories of myth It surveys the contours of this ongoing discussion comparing and evaluating the theories of Edward Tylor William Robertson Smith James Frazer Jane Harrison Sigmund Freud C G Jung and others **The City Lament** Tamar M. Boyadjian,2018-12-15 Poetic elegies for lost or fallen cities are seemingly as old as cities themselves In the Judeo Christian tradition this genre finds its purest expression in the book of Lamentations which mourns the destruction of Jerusalem in Arabic this genre is known as the ritha al mudun In *The City Lament* Tamar M Boyadjian traces the trajectory of the genre across the Mediterranean world during the period commonly referred to as the early Crusades 1095 1191 focusing on elegies and other expressions of loss that address the spiritual and strategic objective of those wars Jerusalem Through readings of city laments in English French Latin Arabic and Armenian literary traditions Boyadjian challenges hegemonic and entrenched approaches to the study of medieval literature and the Crusades *The City Lament* exposes significant literary intersections between Latin Christendom the Islamic caliphates of the Middle East and the Armenian kingdom of Cilicia arguing for shared poetic and rhetorical modes Reframing our understanding of literary sources produced across the medieval Mediterranean from an antagonistic orientalist model to an analogous one Boyadjian demonstrates how lamentations about the loss of Jerusalem whether to Muslim or Christian forces reveal fascinating parallels and rich cross cultural exchanges *Healing the Wounded King* John Matthews,1997 The tale of the quest for the Holy Grail is more than a story and a spiritual mystery it also has a part to play in enhancing the modern reader s psychological emotional and spiritual well being This book includes well known and well loved stories including the tale of the Wounded King which have the ability to promote inner change to heal and to reawaken us to life *The Arthurian Name Dictionary* Christopher W. Bruce,1999 A comprehensive encyclopedia of characters places objects and themes found in the legends of King Arthur and the Knights of the Round table Draws from all significant source between Gildas De Excidio Britanniae written about 540 AD and Tennyson s 19th century Idylls of the King including versions from throughout Europe The entries range from a short identifying sentence to nearly ten pages for the king himself Each is referenced to a source which are presented in a endtable showing author and tit date form and lingua description keywords from the entries and recent editions a vital bit of information such references usually neglect The cross referencing is fairly good often done as a full entry identifying a name

as a variant of another so the lack of an index is not a problem Distributed in the US by Taylor and Francis Annotation copyrighted by Book News Inc Portland OR *The Grail Legend in Modern Literature* John Barry Marino, 2004 The Grail legends have in modern times been appropriated by a number of different scholarly schools of thought their approaches are analysed here This study shows how modern including postmodern adaptations of the Grail legend correspond to trends in the scholarly community and how the legend has been appropriated by competing world views There are three parallel trends in Grail scholarship and modern adaptations of the legend controversy over Christian or pagan origins secularization by way of humanism and esoteric mysticism These three trends reflect movements in popular culture Relativism and multiculturalism influence Christian pagan cultural conflict in the adaptations Mythographers maintain the legend's appeal in a humanist culture by considering the Grail metaphor rather than material actuality modern adaptations then transform the Grail from a particularly Christian symbol to one with universal application in an increasingly secular society Modern esoteric spiritualities allow the Grail actuality with flexible meaning This study then demonstrates how the Grail legend is transformed and adapted from medieval to modern cultures and continues to evolve today JOHN B MARINO is adjunct instructor Maryville University and Saint Louis University **Catalogue of Little Press Books in Print Published in the United Kingdom**, 1994 **Ymir's Flesh** Alby Stone, 1997 In isolation the pre Christian north European creation myths appear fragmented and confused but a thematic cohesion is apparent when they are taken as a whole and compared to their counterparts in Vedic India ancient Greece and Rome medieval Ireland ancient and medieval Iran and so on From this arises a wider significance that would not otherwise be apparent This wider significance includes the recognition of a distinctive social structure formally defined in the institutions myths and religion The myths of creation have a pivotal role in the construction of this system A vast and complex mythical scenario describes the spontaneous generation and subsequent dismemberment of a primal humanoid being and the manufacture of generation features of the cosmos from parts of his body As a system it is nearly all encompassing it gives form and meaning to the social structure both the human and the divine to the features and phenomena that constitute the physical world and its surroundings to the sacrifices and observances involved in nearly all the major religious themes to the beliefs underlying the early stirrings of science and medicine and to the theory and practice of magic The first stirrings of Western rationalism were founded on the poetry of these creation myths thanks largely to the reiteration of archaic principles in the works of Plato and Aristotle Like the Big Bang so dear to modern astrophysics the north European cosmological myths have echoes that can still be detected today *Ymir's Flesh* gathers together the distorted fragments of this mythology and provides an original and inspiring insight into the complex interweaving of mythological themes *Angels & Goddesses* Michael Howard, 1994 Traces the history how Celtic Christianity was suppressed the effect this was to have on the history theology of the Church in the Middle Ages The influence of Celtic Christianity on the Arthurian legends the Grail romances is explored as is the resurgence of interest in

Celtic Christianity today *The Heart of History* John Weir Perry,1987-07-01 In a broad perspective of psychological historical and evolutionary considerations Perry investigates factors that enable cultures in crisis to reorganize He pursues historical antecedents of cataclysmic times focusing on man's relation to his spiritual center and his societal setting He shows clearly the parallelism of processes of transformation in psyche and society citing historical examples in which the unbalanced assertion of individuality and dominance has been countered through the emergence of compassionate social concern **Perceval, Or, The Story of the Grail** Chrétien de Troyes,2011-03-15 In this verse translation of Perceval or

The Story of the Grail Ruth Harwood Cline restores to life the thematically crucial Arthurian tale of the education of a knight in his search for the Holy Grail Cline's translation faithful to the highly synthetic deliberately ornate nature of medieval French follows Perceval from his home in Wales through his rich and raucous adventures as a member of the fraternity of knights to his climactic meeting with the Fisher King Paralyzed by his first glimpse of the Grail Perceval fails to save the ailing king Distraught the knight begins a new quest for the Grail a journey on the road of penitence and faith Perceval's venture the true test of his knighthood ends without conclusion the death of author Chrétien de Troyes left unsaid and undetermined the success of Perceval's quest **Celtic Myth & Magick** Edain McCoy,2025-05-23 Tap into the mythic

of the discovery of the ultimate secrets of some of the world's most enigmatic mysteries including the Holy Grail the Elixir of Life and the Philosopher's Stone *Modern Retellings of Chivalric Texts* Gloria Allaire,2018-12-21 Published in 1999 the ten essays in this collection identify and examine reworkings of identifiable source texts from the medieval or Renaissance periods The reasons for the modern adaptations depend variously on an individual author's personal perspectives the worldview of his or her society and the individual's place in it The various chapters therefore address issues such as why a particular model was chosen and how its retelling depends on the modern author's misreading or rereading of medieval chivalric conventions This book compliments numerous existing studies of medievalism in the Enlightenment and Victorian eras by examining more recent adaptations of the much studied Arthurian romances but primarily extends the

discussion on the nature of revivals to other medieval or Renaissance chivalric texts especially the Carolingian cycle epic The collection includes not only literary retellings of medieval texts but also some in different media such as theatre and cinema
