A Bodleian Guide for Visitors Andrew Clark,1906 **Transforming the Bodleian** Michael Heaney,Catriona Jeanne Cannon,2012-12-06 The transformation of the Bodleian Libraries provides an example of how major libraries can meet twenty first century challenges in 2008 it was facing a failed system installation a failed plan to cope with its storage needs and the threat of losing status as a repository suitable to house important manuscripts Three years later it had a new state of the art repository already holding 7 million items under full automated control a new advanced library system transformed reader spaces and the reconstruction of its major building well under way This was achieved in record breaking time without significant interruptions in service The Bodelan Way Louis Trimble,2012-09-01 A Bodelan Margil looks like a large upright cat although she doesn t always act like one She s moody brilliant and filled with furry intensity A human Endo Leduc is her tutor responsible for her acculturation and he s got his hands full Together they face a threat to humanity s grip on the stars And at the center of the threat stands Margil herself *Nature & Science on the Pacific Coast* ,1915 **Aršāma and his World: The Bodleian Letters in Context** Christopher J. Tuplin,John Ma,2020-12-29 During the Second World War the Bodleian Library in Oxford acquired a set of Aramaic letters eight sealings and the two leather bags in which the sealed letters were once stored The letters concern the affairs of Ar ma satrap of Egypt in the later fifth century Taken with other material associated with him mostly in Aramaic Demotic Egyptian and Akkadian they illuminate the Achaemenid world of which Ar ma was a privileged member and evoke a wide range of social economic cultural organizational and political perspectives from multi lingual communication storage and disbursement of resources and satrapal remuneration to cross regional ethnic movement long distance travel religious practice and iconographic projection of ideological messages Particular highlights include a travel authorization the only example of something implicit in numerous Persepolis documents texts about the religious life of the Judaeon garrison at Elephantine Ar ma s magnificent seal a masterpiece of Achaemenid

glyptic inherited from a son of Darius I and echoes of temporary disturbances to Persian management of Egypt But what is also impressive is the underlying sense of systematic coherence founded on and expressed in the use of formal even formalized written communication as a means of control The Ar ma dossier is not alone in evoking that sense but its size variety and focus upon a single individual give it a unique quality Though this material has not been hidden from view it has been insufficiently explored it is the purpose of the three volumes of Ar ma and his World The Bodleian Letters in Context to provide the fullest presentation and historical contextualization of this extraordinary cache yet attempted Volume I presents and translates the letters alongside a detailed line by line commentary while Volume II reconstructs the two seals that made the clay bullae that sealed the letters with special attention to Ar ma s magnificent heirloom seal Volume III comprises a series of thematic essays which further explore the administrative economic military ideological religious and artistic environment to which Ar ma and the letters belonged
