The Bolsheviks The Intellectual And Political History Of The Triumph Of Communism In Russia:

The Bolsheviks Adam B. Ulam,1998-04 The rise of the Bolsheviks is an epic Russian story that now has a definitive end The major historian of the subject Adam Ulam has enlarged his classic work with a new Preface that puts the revolutionary moment and especially Lenin in perspective for our modern age **Lenin and the Bolsheviks** Adam Bruno Ulam,1966

The Bolsheviks Adam B. Ulam,1998 **The Bolsheviks** Adam B. Ulam,1973 **Lenin and the Bolsheviks** Adam B. Ulam,1973 The Bolsheviks; the Intellectual and Political History of the Triumph of Communism in Russia [by] Adam B. Ulam Adam B. Ulam,1965 **Lenin and the Bolsheviks: the Intellectual and Political History of the Triumph of Communism in Russia [by] Adam B. Ulam** Adam B. Ulam, **Lenin and the Bolsheviks** Vladimir Il'ich Lenin,1977

The Russian Social-Democratic Labour Party, 1899–1904 Richard Mullin,2015-03-31 Much has been written about the activity of Lenin and his colleagues on the editorial board of the Iskra newspaper whereas little has been said about the opponents of Leninism who unsuccessfully fought for control of the Russian Social Democratic Labour Party during the Iskra period To redress the balance Richard Mullin has translated 25 documents from this period most of which express an anti Lenin view They include articles from Rabochee Delo the Jewish Bund s Poslednie Izvestiia and the post Lenin Iskra pamphlets by Plekhanov and Martov the resolutions of Party meetings and some very revealing private correspondence However the result is not an anti Bolshevik polemic through these documents a clearer and curiously flattering picture of Lenin s thought and activity is obtained *The Bolsheviks. Lenin and the Bolsheviks. The intellectual and political history of the triumph of communism in Russia* Adam Bruno ULAM,1966 **Power and the Sacred in Revolutionary Russia** Glennys Young,2010-11 After the 1917 Revolution in Russia the Bolsheviks launched a massive assault on religion Although we know a great deal about how the Bolsheviks went about doing this propaganda persecution of clergy and laity seizing church property scholars have not devoted much attention to the other side of the story the people who were being persecuted and how they responded to their persecutors Glennys Young shows how ordinary Russian peasants devised ways of asserting their religious faith during the difficult period of New Economic Policy 1921-28 when the Party state was ideologically obsessed with eradicating religion Faced with persecution torture and the creation of antireligious organizations such as the League of the Godless Orthodox clergy and laity organized themselves against the Bolsheviks They revived factional politics even using the village soviets the intended cornerstone of Soviet power in the countryside to defend their religious interests When they achieved some degree of success in their resistance the Bolsheviks were forced to respond and adapt their strategies a conclusion that scholars have not put forward previously Based on extensive research in archives and published sources Young s book will force historians of Soviet Russia to confront religious issues as central to rural politics Her work also draws upon cultural anthropology and theories of peasant politics making it of great interest to any scholars studying the processes of secularization and desacralization in other cultures *The Bloomsbury Handbook of the*

Russian Revolution Geoffrey Swain,Charlotte Alston,Michael C. Hickey,Boris Kolonitskii,Franziska Schedewie,2022-12-15 Through 30 interpretative essays The Bloomsbury Handbook of the Russian Revolution sees an international team of leading scholars comprehensively examine Russia's revolutionary years In the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century Split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of Tsarism and the February Revolution the emergence of the Provisional Government and major historical figures such as Lenin Kerensky and the Socialist Revolutionary leader Viktor Chernov It also explores the events surrounding the Bolshevik seizure of power in October 1917 the first year of Soviet Government until the Bolshevik dictatorship was established and the impact on Russia of the subsequent civil war The focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary Petrograd and examines the social impact of the revolution in terms of class gender age and culture

The Fate of the Bolshevik Revolution Lara Douds,James Harris,Peter Whitewood,2020-01-23 How did a regime that promised utopian style freedom end up delivering terror and tyranny For some the Bolsheviks were totalitarian and the descent was inevitable for others Stalin was responsible for others still this period in Russian history was a microcosm of the Cold War The Fate of the Bolshevik Revolution reasons that these arguments are too simplistic Rather the journey from Bolshevik liberation to totalitarianism was riddled with unsuccessful experiments compromises confusion panic self interest and over optimism As this book reveals the emergence and persistence of the Bolshevik dictatorship was in fact the complicated product of a failed democratic transition Drawing on long ignored archival sources and original research this fascinating volume brings together an international team of leading scholars to reconsider one of the most important and controversial questions of 20th century history how to explain the rise of the repressive Stalinist dictatorship

The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture Jay Bergman,2019-08-14 Because they were Marxists the Bolsheviks in Russia both before and after taking power in 1917 believed that the past was prologue that embedded in history was a Holy Grail a series of mysterious but nonetheless accessible and comprehensible universal laws that explained the course of history from beginning to end Those who understood these laws would be able to mould the future to conform to their own expectations But what should the Bolsheviks do if their Marxist ideology proved to be either erroneous or insufficient if it could not explain or explain fully the course of events that followed the revolution they carried out in the country they called the Soviet Union Something else would have to perform this function The underlying argument of this volume is that the Bolsheviks saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked In fact these four events comprised what for the Bolsheviks was a genuine Revolutionary Tradition The English Revolution and the Puritan Commonwealth of the seventeenth century were not without

utility the Bolsheviks cited them and occasionally utilized them as propaganda but these paled in comparison to what the revolutions in France offered a century later namely legitimacy inspiration guidance in constructing socialism and communism and not least useful fodder for political and personal polemics The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state The Russian Revolution Sheila Fitzpatrick, 2008-02-28 This fully updated new edition of Sheila Fitzpatrick's classic short history of the Russian Revolution takes into account the new evidence that has come to light since the collapse of the Soviet Union in 1991 incorporating material that was previously inaccessible not only to Western but also to Soviet historians **Historical Dictionary of Marxism** Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers the basics of Karl Marx's thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism **The Genoa Conference** Carole Fink, 1994-01-01 The Genoa Conference was one of the key events of European diplomacy between the two world wars In 1922 thirty four nations met for six weeks to restore peace between victors and vanquished reestablish ties between Soviet Russia and the West and promote the economic reconstruction of Europe This is a scholarly study of the largest most ambitious and controversial of the many interwar conferences Utopias and Utopians Richard C.S. Trahair, 2013-10-31 Utopian ventures are worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth Utopias and Utopians is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list

of sources and a general bibliography concludes the volume
