American Gothic Art and Architecture in the Age of Romantic Literature Kerry Dean Carso,2014-11-15 American Gothic Art and Architecture in the Age of Romantic Literature analyses the influence of British Gothic novels and historical romances on American art and architecture in the Romantic era [The Representation of the Struggling Artist in America, 1800-1865](#) Erika Schneider,2015-04-23 The Representation of the Struggling Artist in America 1800 1865 analyzes how American painters sculptors and writers active between 1800 and 1865 depicted their response to a democratic society that failed to adequately support them financially and intellectually Without the traditional European forms of patronage from the church or the crown American artists faced unsympathetic countrymen who were unaccustomed to playing the role of patron and less than generous in rewarding creativity It was in this unrewarding landscape that American artists in the first half of the nineteenth century employed the struggling or starving artist image to satirize the country s lack of patronage and immortalize their own struggles Through an examination of artists journals letters and biographies as well as the development of art academies and exhibition venues this study traces the evolution of a young nation that went from considering artists as mere craftsmen to recognizing them as important members of a civilized society
