Now readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series. *To Be Continued Second Edition* maintains the first volume's successful formula that featured concise A to Z entries packed with useful information including titles, publishers, publication dates, genre categories, annotations, and subject terms. *Shots Fired* Joseph K. Loughlin, Kate Clark Flora, 2017-10-24. Get a deeper understanding of police shootings through interviews with officers involved in real life cases. Today's media is filled with discussions about officer involved shootings. Too often missing from that discussion are the police officers' voices and the reality of what happens in actual shooting incidents. Through actual interviews with involved officers, this book addresses common myths and misunderstandings about these shootings. *Shots Fired* is a journey behind the shield and the experiences of the real human beings behind the badge. It explores true events through the participants' own eyes and takes readers inside the minds of officers during the actual event. The officers detail the roller coaster of emotions and severe trauma experienced during and after a shooting event. Along with the intimate in depth explorations of the incidents themselves, the book touches the aftermath of police involved shootings, the debriefings, internal and external investigations, and psychological evaluations. It challenges many commonly held assumptions created by the media, such as the meaning of unarmed and why the police can't just shoot him in the leg, creating an understanding that reaches beyond slogans such as hands up, don't shoot. The book is valuable reading for anyone who wants a deeper understanding of police shootings, officers, and police departments, reporters, and politicians, and the public who rely on the police to keep them safe.

Outlaws roam free, plundering naive survivors in search of shelter and protection from massing herds of ravenous predators. Cowboy discovers awakened abilities to control the infected, complicating his shadowy past and uncertain present. Gloria establishes a refugee camp, enlisting Cowboy to protect the few from the many. Sebridge, a devious colonel, plotting his own course amidst the turmoil, holds Carly and Marik captive. Roger wages a solitary battle, matching wits against psychotic scoundrels and ravenous berserkers.
