Ralston, 2017-09-26 Keeping the streets of Glasgow safe has never been an easy task From the pre war razor gangs through to the drug lords of recent times the city streets have never been free from peril But without the men who relentlessly fought crime year after year the citizens of Glasgow would have been in far greater danger The Real Taggarts examines the lives of Glasgow's post war crimebusters and is based on exhaustive research which has uncovered new and previously unpublished material including the personal papers of key police officers which have never before been in the public domain Many of these officers became legends in the Force Joe Beattie who worked on the Bible John investigation Tom Goodall Glasgow's Maigret who battled against an unprecedented rise in violent crime in the city Gilbert McIlwrick the Quiet Man of the Force who had to deal with five murders and a huge bank robbery in a single week The Real Taggarts is a fascinating insight into the men whose job it was to keep Glasgow safe and the remarkable contribution they made much of which has never before been revealed

Italians in Wales and their Cultural Representations, 1920s-2010s Bruna Chezzi, 2015-11-25 Italian immigrants began to settle in Wales at the turn of the 19th century opening hundreds of coffee shops particularly in the South Wales Valleys Despite this such immigrants remain a largely unexplored case study in the history of Italian immigration to the UK This book uses a variety of unexplored sources and engages with the broader academic debate on migration identity and the trans generational transmission of memory to describe the emergence of Welsh Italian narratives and the formation of a distinctive yet complex Welsh Italian identity It follows a chronological journey moving from the interwar period a time in which Italians in Wales were generally regarded as fully established and integrated through to the Second World War a time when Italian identity became problematic and resulted in nearly seventy years of silencing up until the first decade of the 21st century where a mixture of commemorative events and cultural initiatives prompted the emergence of Welsh Italian narratives The book begins by studying photographic representations of Italians in Wales during the interwar period using photographs

available in local history books private collections and history books The analysis of the photographic material draws from the work of scholars such as Sontag Noble Hirsh and Bate on photo textual analysis to show how photographs can reveal understudied yet important aspects of Italian migrant identity and of the relationship with the host community in the period that preceded the Second World War The book then examines how the events of the Second World War destabilised the images of family sociability and integration suggested by these photographs and how such events aggravated tensions between host and migrant cultures It continues by investigating recent Welsh Italian texts where in revisiting the past and the experience of their ancestors the authors bring different circumstances and personal factors into play determining the degree to which they reconcile their dual identity It concludes with a comparison between these narratives of belonging and the representation of the Italian migrant experience in Anglo Welsh literature

Literary Voices of the Italian Diaspora in Britain Manuela D'Amore,2023-09-27 This volume studies the literary voices of the Italian diaspora in Britain including 21 authors and 34 pieces of prose verse and drama This book shows how authors both recount the history of the migrant community in the period 1880 1980 while creatively experimenting with hybrid forms of expression and blending words with visuals Literary Voices of the Italian Diaspora in Britain discusses topical issues like migration and social integration cultures and foods in transition as well as plurilingualism The book pays special attention to discussions of the horrors of the Second World War especially on the tragedy of the Arandora Star 2nd July 1940 to show this literary community s political commitments More importantly it will begin to fill the void left by a critical tradition which has only appreciated the northern American and Australian branches of Italian writing

Glasgow 1919 Kenny MacAskill, 2019-01-22 The arrival of January 1919 sees Europe in turmoil with revolution breaking out across the Continent Glasgow's industrial community has been steeled by radicalism throughout the Great War and as the spectre of mass unemployment and poverty threatens a cadre of shop stewards supported by political activists is ready to strike for a forty hour week They face a state nervous of their strength and anxious about the wider consequences of their action with the War Cabinet monitoring the situation closely On 31 January now known as Bloody Friday tensions came to a head when 60 000 demonstrators clashed with police in George Square The Scottish Bolshevik Revolution so termed by the Secretary of State for Scotland erupted with tanks and 10 000 soldiers immediately despatched to the city to enforce order The strike may have failed but 1922 saw the arrival of Red Clydeside as the Independent Labour Party swept the board in the general election Now 100 years on Kenny MacAskill separates fact from fiction in this adept social history to explore how the events of that fateful day transpired and why their legacy still endures Drawing on original material from speeches and newspaper reports of the time MacAskill also paints a vivid picture of the solidarity amongst the working class in a rousing testimony to Glasgow's long radical history **Scribner's Magazine ...** ,1906 **Scribner's Magazine** Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1906 **Report from the Departmental Committee on Habitual Offenders, Vagrants, Beggars, Inebriates, and Juvenile Delinquents** ,1895 **Accounts and Papers of the House of Commons** Great Britain. Parliament. House of Commons, 1879 Report [and Minutes of Evidence] from the Departmental Committee on Habitual Offenders, Vagrants, Beggars, Inebriates, and Juvenile Delinquents ... Scotland. Departmental Committee on Habitual Offenders, Inebriates, etc, 1895 **containing minutes of evidence taken at Edinburgh, Glasgow, Greenock, Paisley, Ayr, and Kilnarnock** Poor Law Inquiry Commission for Scotland, 1844 **The Battle for George Square 1919** Gordon Barclay, Louise Heren, 2025-10-16 The Battle of George Square a riot during the Forty Hours Strike in Glasgow on 31 January 1919 is routinely claimed to be one of the most iconic events in Scottish working class history It is also the most mythologised For a century the narrative created for the defence of the strike leaders charged with incitement to riot an unprovoked attack on a peaceful crowd as an act of oppression has been repeated uncritically by academic and popular writers Mythology has almost completely replaced reality most notably in the Scottish education system where educational materials have been described by two prominent historians as arrant propaganda and a perversion of history Now Gordon Barclay and Louise Heren have undertaken a meticulous examination of the contemporary evidence to tell a more complex story In doing so they examine the ways writers have failed to subject the celebratory mythology of this iconic event to adequate scrutiny They document the creation of the mythology from the writings of the strike leaders to those who use the mythology of the Battle to promote their own politics They also examine the legal basis and reality of the military deployment to Glasgow in the aftermath of the riot **Parliamentary Papers** Great Britain.

Parliament. House of Commons,1903 **Cops and Constables** Earl F. Bargainnier,George N. Dove,1986 This brief introduction to fictional police cannot cover all the aspects of their nature but it does indicate some of the principal elements which appear again and again the diversity within the convention and significant similarities and differences between the American and British varieties The thirteen essays in this volume provide extended and specific illustrations of ways in which the authors present police and their investigations of crimes *Housing First* Deborah Padgett,Benjamin F. Henwood,Sam J. Tsemberis,2016 This book provides a unique portrayal of Housing First as a paradigm shift in homeless services Since 1992 this approach has spread nationally and internationally changing systems and reversing the usual continuum of care The success of Housing First has few parallels in social and human services
