Douglas MacArthur Earle Rice, 2003-01-01 A look at the life and military accomplishments of General Douglas MacArthur whose career included serving as commander of the United States Army in the Far East during World War II

MacArthur Reconsidered James Ellman, 2023-07-01 James Ellman digs deep connects the dots and concludes that General Douglas MacArthur was decidedly not a military genius One of America's most controversial generals Douglas MacArthur's rise through the U S Army's ranks was meteoric However he did not lead large formations of men in combat until he assumed command of forces in the Philippines in 1941 When war commenced with the bombing of Pearl Harbor MacArthur's performance on the battlefield was a failure he underestimated the Japanese and his poorly trained forces were outmaneuvered and outfought by a much smaller invading force However in what became a repeating hallmark of his career he successfully portrayed his actions to much of the American people as brilliant and heroic regardless of victory or defeat After fleeing to Australia MacArthur famously announced I will return and followed

through on a quest to retake Manila regardless of its impact on Allied global strategy or its cost in American Australian and Filipino blood In his subsequent role as America s shogun in Tokyo MacArthur was again surprised by an enemy he underestimated The Korean War yielded his greatest victory at Inchon but also his greatest defeat along the Yalu River Unwilling to accept anything but complete victory he openly defied President Truman MacArthur fatally undermined chances for an early peace planned to seed a great swath of enemy territory with radioactive cobalt and attempted to widen a conflict which threatened to become a third world war Raging against his subsequent firing he only truly faded away after he was publicly criticized by a panoply of America s greatest WWII generals Today MacArthur still polarizes Many biographies agree he was a great and patriotic leader marred by a few failures Ellman argues the opposite MacArthur was a lackluster battlefield commander who suffered stunning defeats while undermining the command structure of our military General Douglas MacArthur Gene Schoor,2013-10 This is a new release of the original 1951 edition
