**Weber and Toennies** Joseph B. Maier, 2017-09-08 This collection of selected essays by Werner J Cahnman brings together out of scattered dispersion his writings about Max Weber Ferdinand Toennies and historical

sociology The great theoretical range and depth of his intellect and mastery of sociological thinking is apparent as he discusses the impact of romanticism on modern thought and how Weber and Toennies both analyzed and reacted to modernity Cahnman places Weber 1864 1920 the dominant figure in twentieth century sociology in the midst of the methodological controversies so characteristic of contemporary social science and he fully discusses the overarching importance of Weberian ideal type theory Although less well known than Weber Toennies 1855 1936 was also a sociologist of the first rank He is best remembered for his enormously influential twin concepts Gemeinschaft and Gesellschaft which contributed to our understanding of the historical and sociological basis for the change from premodern to modern societies The essays in this volume establish Toennies intellectual connections to Karl Marx Max Weber Emile Durkheim and Herbert Spencer and clarify his influence upon American sociology Cahnman stood against strict separations between history and sociology and his essays are all informed by a wonderful admixture of the theoretical and the concrete They demonstrate how a genuine historical sociology not unlike that of Weber and Toennies can find and explain linkages between seemingly disparate events spanning time and place This volume will be of interest to sociologists political scientists and intellectual historians

*The Ufo Phenomenon and the Birth of the Jewish, Christian, and Muslim Religions* Robert Iturralde, 2022-04-07 This book traces and explains the unsolved mysteries from unexplained archaeological findings to modern day supernatural religious phenomenon The connection between the three major religious beliefs and the ufo phenomenon is deeply explored The most famous supernatural mysteries like the Bermuda Triangle Big Foot the Jersey Devil and the men in black are explained as creations of the Ufo Phenomenon The purpose of these supernatural is to make us wonder fright hope and deceive Scientists are still looking for extraterrestrials In all the wrong places Alien life has been with us for thousands of years in forms of the supernatural religious phenomena myths and legends and now in modern times as the ufo phenomenon I show why the ufo phenomenon is the creator of the supernatural and religion

**Man's Quest for Political Knowledge** William Anderson, 1964-01-01 Man's Quest for Political Knowledge was first published in 1964 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Considering the importance of political science as an academic subject in our time it is surprising that more attention has not been given until now to the history of political study and teaching As Professor Anderson's book makes clear an understanding of this history throws light on questions significantly related to basic problems of contemporary political science By placing in their historical context pertinent developments in ancient times Professor Anderson shows how the study and teaching of politics may flourish under certain conditions and falter or fail under others Throughout the book he demonstrates the truth of what Aristotle said about the study of politics In this subject as in others the best method of investigation is to study things in the process of development

from the beginning In early chapters the author examines three literate societies of the ancient Near East Mesopotamia Egypt and Israel He then discusses in the major section of the book the accomplishments of the Greeks who with their many self governing city states and their secular attitude toward politics opened up the study of politics in a realistic way Here he gives Aristotle the most prominent role and finds Plato less important than most scholars might expect Finally he traces the decline of the political study and teaching in the Hellenistic period and in the time of the Roman Empire The volume will be of particular interest not only to political scientists but to historians philosophers and classical scholars **A Survey of Israel's History** Leon James Wood,1986 Since its first publication in 1970 this book has established itself as a popular useful text in Bible colleges and seminaries The usefulness of the book has been increased by the addition of a chapter on the Inter testamental Period **The Birth of the Gods** Guy E. Swanson,1960 **On Symbolic Representation of Religion / Zur symbolischen Repräsentation von Religion** Hubertus G. Hubbeling,Hans G. Kippenberg,2020-05-18 No detailed description available for On Symbolic Representation of Religion Zur symbolischen Repräsentation von Religion **Early Civilizations of the Old World** Charles Keith Maisels,2003-12-16 In this new paperback edition of Early Civilizations of the Old World Charles Keith Maisels traces the development of some of the earliest and key civilizations in history In each case the ecological and economic background to growth geographical factors cross cultural intersection and the rise of urbanism are examined explaining how particular forms of social structure and cultural interaction developed from before the Neolithic period to the time of the first civilizations in each area This volume challenges the traditional assumption of a band tribe chiefdom state sequence and instead demonstrates that large complex societies can flourish without social classes and the state as dramatically shown by the Indus civilization Such features as the use of Childe s urban revolution theory as a means of comparison for each emerging civilization and the discussion of the emergence of archaeology as a scientific discipline make Early Civilizations of the Old World a valuable innovative and stimulating work World and Its Peoples Marshall Cavendish,2006-09 Describes the geography people culture and politics of the countries of the Middle East Central Asia and North Africa The Teaching of Anthropology, Abridged Edition David G. Mandelbaum,Gabriel W. Lasker,Ethel M. Albert,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1963
