Sorenson, James MacGregor Burns**

## **The Birth Of Modern America 1820 1850:**

**The Birth of Modern America, 1820-1850** Douglas T. Miller,1970      The Birth of Modern America, 1820-1850. Douglas T. Miller,1970-01-01      American Legal Thought from Premodernism to Postmodernism Stephen M. Feldman,2000 American legal thought has progressed remarkably quickly from premodernism to modernism and into postmodernism in little over 200 years This text tells the story of this mercurial journey of jurisprudence by showing the development of legal thought through these three intellectual periods      **Harpers Ferry Armory and the New Technology** Merritt Roe Smith,2015-01-26 Focusing on the day to day operations of the U S armory at Harpers Ferry Virginia from 1798 to 1861 this book shows what the new technology of mechanized production meant in terms of organization management and worker morale A local study of much more than local significance it highlights the major problems of technical innovation and social adaptation in antebellum America Merritt Roe Smith describes how positions of authority at the armory were tied to a larger network of political and economic influence in the community how these relationships in turn affected managerial behavior and how local social conditions reinforced the reactions of decision makers He also demonstrates how craft traditions and variant attitudes toward work vis vis New England created an atmosphere in which the machine was held suspect and inventive activity was hampered Of central importance is the author s analysis of the drastic differences between Harpers Ferry and its counterpart the national armory at Springfield Massachusetts which played a pivotal role in the emergence of the new technology The flow of technical information between the two armories he shows moved in one direction only north to south In the end Smith concludes the stamina of local culture is paramount in explaining why the Harpers Ferry armory never really flourished as a center of technological innovation Pointing up the complexities of industrial change this account of the Harpers Ferry experience challenges the commonly held view that Americans have always been eagerly receptive to new technological advances      **John Pendleton Kennedy** Andrew R. Black,2016-07-11 John Pendleton Kennedy 1795 1870 achieved a multidimensional career as a successful novelist historian and politician He published widely and represented his district in the Maryland legislature before being elected to Congress several times and serving as secretary of the navy during the Fillmore administration He devoted much of his life to the American Whig party and campaigned zealously for Henry Clay during his multiple runs for president His friends in literary circles included Charles Dickens Washington Irving and Edgar Allan Poe According to biographer Andrew Black scholars from various fields have never completely captured this broadly talented antebellum figure with literary critics ignoring Kennedy s political work historians overlooking his literary achievements and neither exploring their close interrelationship In fact Black argues literature and politics were inseparable for Kennedy as his literary productions were infused with the principles and beliefs that coalesced into the Whig party in the 1830s and led to its victory over Jacksonian Democrats the following decade Black s comprehensive biography amends this fractured scholarship employing Kennedy s published work and other writing to investigate the culture of the Whig party

itself Using Kennedy's best known novel the enigmatic *Swallow Barn* or *A Sojourn in the Old Dominion* 1832 Black illustrates how the author grappled unsuccessfully with race and slavery The novel's unstable narrative and dissonant content reflect the fatal indecisiveness both of its author and his party in dealing with these volatile issues Black further argues that it was precisely this failure that caused the political collapse of the Whigs and paved the way for the Civil War

**Encyclopedia of Leadership** George R. Goethals, Georgia J. Sorenson, James MacGregor Burns, 2004-02-29 Click Additional Materials for downloadable samples Not just for reference this is an essential learning resource for libraries and the personal collections of modern leaders Narratives examples photographs and illustrations illuminate the ideas and concepts being examined making the set readable attention grabbing and unordinary Readers can explore leadership theories and practices and examine the effects of leadership More volumes are promised in this source that brings interest and excitement to a subject overlooked by the consultants CEOs and coaches whose earlier works captured a small view of leadership subject matter Summing Up Highly recommended for all collections CHOICE Because there really is nothing available like this encyclopedia it is a must buy for academic libraries Extremely well done with good quality print and illustrations this work should become an important resource for active citizens as well as for managers and scholars BOOKLIST starred review Because of its breadth ease of navigation high level of scholarship clear writing and practical format this model encyclopedia should help establish leadership as a normative field of study Highly recommended LIBRARY JOURNAL star review SAGE has again been the first to hit the market with a major reference in a rapidly growing field of the social sciences Virtually every academic and large public library will need the Encyclopedia of Leadership BOOK NEWS The enormous demands on leadership in today's world the rise of militant followings the struggle of long suppressed people to rise to leadership positions the heightened demand for moral principled leadership all these dynamic forces contribute to making this encyclopedia timely and timeless From the Foreword by James MacGregor Burns Williams College author of *Leadership* and winner of the Pulitzer Prize and National Book Award As the field of leadership studies expands and the list of important authors and concepts grows the time is at hand for a comprehensive encyclopedia of leadership This collection will be welcomed by all who want to understand this important and complex field Howard Gardner John H and Elisabeth A Hobbs Professor of Cognition and Education at the Harvard Graduate School of Education and author of *Good Work When Excellence and Ethics Meet* 2001 and *Leading Minds An Anatomy of Leadership* 1995 In 1975 a wag declared that the concept of leadership should be abandoned It was not of course The 300 contributors to the Encyclopedia of Leadership are leaders among the many thousands of scholars responsible for the health and vast breadth of leadership studies They show us that leadership plays an important increasingly integral role today in fields ranging from world politics to community development Bernard M Bass Distinguished Professor Emeritus Center for Leadership Studies School of Management Binghamton University and author of *Transformational Leadership Industrial Military and Educational Impact* 1998 and *Leadership and Performance beyond*

Expectations 1985 This new Encyclopedia provides leaders with the historical perspective and a vision of the tenuous future so essential if leaders of the future are to redefine leadership on their own terms with their own people Frances Hesselbein Chairman of the Board of Governors Leader to Leader Institute formerly the Drucker Foundation and coeditor of On Creativity Innovation and Renewal A Leader to Leader Guide 2002 and Leading Beyond the Walls 1999 From the earliest times people have been entranced by stories about leaders about Greek city state rulers Roman consuls Chinese emperors religious potentates military conquerors and politicians Perhaps more importantly leadership is a challenge and an opportunity facing millions of people in their professional and personal lives The Encyclopedia of Leadership brings together for the first time everything that is known and truly matters about leadership as part of the human experience Developed by the award winning editorial team at Berkshire Publishing Group the Encyclopedia includes hundreds of articles written by 280 leading scholars and experts from 17 countries exploring leadership theories and leadership practice Entries and sidebars show leadership in action in corporations and state houses schools churches small businesses and nonprofit organizations Questions the Encyclopedia of Leadership will answer What is a leader What is a great leader How does someone become a leader What are the types of leadership How can leadership theories help us understand contemporary situations How can I be a good and maybe great leader The Encyclopedia of Leadership is an unprecedented learning resource Scholars students professionals and active citizens will turn to the Encyclopedia for guidance on the theory and practice of leadership for the stories of great leaders and for the tools and knowledge they need to lead in the 21st century Key Features Four volumes 400 substantive articles ranging in length from 1000 6000 words 200 photographs and other illustrations 250 sidebars drawn from public records newspaper accounts memoirs and ethnography Key Themes Biographies Case studies Followers and followership Gender issues Leadership in different disciplines Leadership in different domains Leadership styles Personality characteristics Situational factors Theories and concepts The Encyclopedia of Leadership will be a vital tool for librarians with collections in business management history politics communication psychology and a host of other disciplines Students and teachers in courses ranging from history to psychology anthropology and law will also find this an invaluable reference In addition there are nearly 900 leadership programs in American post secondary institutions and a growing number of efforts to develop leadership in high schools There are leadership studies majors and minors as well as certificate and Ph D programs in the United States Belgium U K Japan and elsewhere Editorial Board Laurien Alexandre Antioch University Bruce Avolio University of Nebraska Lincoln Martin Chemers University of California Santa Cruz Kisuk Cho Ewha Womans University Joanne Ciulla University of Richmond David Collinson Lancaster University UK Yiannis Gabriel Imperial College London Zachary Green Alexander Institute and University of Maryland Keith Grint Oxford University Michael Hogg University of Queensland Jerry Hunt Texas Tech University Barbara Kellerman Harvard University Jean Lipman Blumen Claremont Graduate University Lorraine Matusak LarCon Associates Ronald Riggio Claremont McKenna

*The Decline of Authority* Ray Gunn, 2019-05-15 From the Revolution until the Panic of 1837 Americans accepted state intervention in the economy as a legitimate even an essential function of government The Decline of Authority examines the transformation of New York State government between 1800 and 1860 a critical period during which governmental authority diminished as most state governments withdrew from interventionist economic policies and relinquished their role in the allocation of resources to the private sector Exploring the relationship between socioeconomic change public economic policy and political development L Ray Gunn offers an innovative explanation for the new configuration of politics and governance in New York State that emerged during this era Dissent Ralph Young, 2015-04-24 Historian Ralph Young's *Dissent* The History of an American Idea covers both the liberal and conservative movements that changed American history A Ralph Waldo Emerson Award Finalist One of *Bustle's* Books For Your Civil Disobedience Reading List Ralph Young's stunningly comprehensive volume examines the key role dissent has played in shaping the United States focusing on those who from colonial days to the present dissented against the ruling paradigm of their time from the Puritan Anne Hutchinson and Native American chief Powhatan in the seventeenth century to the Occupy and Tea Party movements in the twenty first At its founding the United States committed itself to lofty ideals When the promise of those ideals was not fully realized by all Americans many protested and demanded that the United States live up to its promise Women fought for equal rights abolitionists sought to destroy slavery workers organized unions Indians resisted white encroachment on their land radicals angrily demanded an end to the dominance of the moneyed interests civil rights protestors marched to end segregation antiwar activists took to the streets to protest the nation's wars and reactionaries conservatives and traditionalists in each decade struggled to turn back the clock to a simpler more secure time Some dissenters are celebrated heroes of American history while others are ordinary people frequently overlooked but whose stories show that change is often accomplished through grassroots activism *Dissent* emphasizes how these Americans responded to what they saw as the injustices that prevented them from fully experiencing their vision of America A must read for any citizen interested in making a stronger democracy Pulitzer Prize winning author Heather Ann Thompson **Moonshiners and Prohibitionists** Bruce E. Stewart, 2011-04-22 A masterly study of how the business of homemade liquor shaped the history and culture of a region *Journal of American History* Homemade liquor has played a prominent role in the Appalachian economy for nearly two

centuries The region endured profound transformations during the extreme prohibition movements of the nineteenth century when the manufacturing and sale of alcohol an integral part of daily life for many Appalachians was banned Moonshiners and Prohibitionists The Battle over Alcohol in Southern Appalachia chronicles the social tensions that accompanied the region s early transition from a rural to an urban industrial economy It analyzes the dynamic relationship of the bootleggers and opponents of liquor sales in western North Carolina as well as conflict driven by social and economic development that manifested in political discord and also explores the life of the moonshiner and the many myths that developed around hillbilly stereotypes A much needed contribution to our understanding of the complex social economic religious and cultural issues underlying the prohibition impulse that swept the South between 1880 and 1920 Journal of Southern History *Turn and Jump* Howard Mansfield,2010-08-16 Before Thomas Edison light and fire were thought to be one and the same Turns out they were separate things altogether This book takes a similar relationship that of time and place and shows how they too were once inseparable Time keeping was once a local affair when small towns set their own pace according to the rising and setting of the sun Then in 1883 the expanding railroads necessitated the creation of Standard Time zones and communities became linked by a universal time Here Howard Mansfield explores how our sudden interconnectedness both physically as through the railroad and through inventions like the telegraph changed our concept of time and place forever

**Peacekeepers and Conquerors** Samuel J. Watson,2013-04-23 In Jackson s Sword Samuel Watson showed how the U S Army officer corps played a crucial role in stabilizing the frontiers of a rapidly expanding nation In this sequel volume he chronicles how the corps responsibilities and leadership along the young nation s borders continued to grow In the process he shows officers reflected an increasing commitment to professionalism insulation from partisanship and deference to civilian authority all tempered in the forge of frustrating politically complex operations and diplomacy along the nation s frontiers Watson now focuses on the quarter century between the Army s reduction in force in 1821 and the Mexican War He examines a broad swath of military activity beginning with campaigns against southeastern Indians notably the dispossession of the Creeks remaining in Georgia and Alabama from 1825 to 1834 the expropriation of the Cherokee between 1836 and 1838 and the Second Seminole War He also explores peacekeeping on the Canadian border which exploded in rebellion against British rule at the end of 1837 prompting British officials to applaud the U S Army for calming tensions and demonstrating its government s support for the international state system He then follows the gradual extension of U S sovereignty in the Southwest through military operations west of the Missouri River and along the Louisiana Texas border from 1821 to 1838 and through dragoon expeditions onto the central and southern Plains between 1834 and 1845 Throughout his account Watson shows how military professionalism did not develop independent of civilian society nor was it simply a matter of growing expertise in the art of conventional warfare Indeed the government trusted career army officers to serve as federal international and interethnic mediators national law enforcers and de facto intercultural and international

peacekeepers He also explores officers attitudes toward Britain Oregon Texas and Mexico to assess their values and priorities on the eve of the first conventional war the United States had fought in more than three decades Watson s detailed study delves deeply into sources that reveal what officers actually thought wrote and did in the frontier and border regions By examining the range of operations over the course of this quarter century he shows that the processes of peacekeeping coercive diplomacy and conquest were intricately and inextricably woven together **AP U.S. History Prep Plus**

**2018-2019** Kaplan Test Prep,2018-02-06 Kaplan s AP U S History Prep Plus 2018 2019 is completely restructured and aligned with the current AP exam giving you concise review of the most tested content to quickly build your skills and confidence With bite sized test like practice sets and customizable study plans our guide fits your schedule Personalized Prep Realistic Practice Three full length practice exams and an online test scoring tool to convert your raw score into a 1 5 scaled score Pre and post quizzes in each chapter so you can monitor your progress Customizable study plans tailored to your individual goals and prep time Focused content review on the essential concepts to help you make the most of your study time Online quizzes for additional practice Test taking strategies designed specifically for AP U S History Expert Guidance We know the test our AP experts make sure our practice questions and study materials are true to the exam We know students every explanation is written to help you learn and our tips on the exam structure and question formats will help you avoid surprises on Test Day We invented test prep Kaplan [www.kaptest.com](http://www.kaptest.com) has been helping students for 80 years and more than 95% of our students get into their top choice schools **Mr. Adams's Last Crusade** Joseph Wheelan,2009-02-24

Following his single term as President of the United States 1825 1829 John Quincy Adams embittered by his loss to Andrew Jackson boycotted his successor s inauguration just as his father John Adams had done the only two presidents ever to do so Rather than retire the sixty two year old former president U S senator secretary of state and Harvard professor was elected by his Massachusetts friends and neighbors to the House of Representatives to throw off the incubus of Jacksonianism It was the opening chapter in what was arguably the most remarkable post presidency in American history In this engaging biography historian Joseph Wheelan describes Adams s battles against the House Gag Rule that banished abolition petitions the removal of Eastern Indian tribes and the annexation of slave holding Texas while recounting his efforts to establish the Smithsonian Institution As a man of the whole country Adams was not bound by political party yet was reelected to the House eight times before collapsing at his post of duty on February 21 1848 and then dying in the House Speaker s office His funeral evoked the greatest public outpouring since Benjamin Franklin s death Mr Adams s Last Crusade will enlighten and delight anyone interested in American history *Alphadelphia Association* Grace Wright,2005 Throughout history people have formed groups in order to establish the perfect society This is the story of the formation of a Utopian society in the State of Michigan in 1844 Information was gathered from the Archival records of the Association *Securing the Fruits of Labor* James L. Huston,2015-05-11 In his comprehensive study of the economic ideology of the early republic James L Huston

argues that Americans developed economic attitudes during the Revolutionary period that remained virtually unchanged until the close of the nineteenth century Viewing Europe s aristocratic system early Americans believed that the survival of their new republic depended on a fair distribution of wealth brought about through political and economic equality The concepts of wealth distribution formulated in the Revolutionary period informed works on nineteenth century political economy and shaped the ideology of political parties Huston reveals how these ideas influenced debates over reform working class agitation political participation territorial expansion banking tariffs slavery public land disposition and corporate industrialism *Securing the Fruits of Labor* is a masterful study of American beliefs about wealth distribution over one and a half centuries *Daniel Webster and Jacksonian Democracy* Sydney Nathans,2019-12-01 Originally published in 1973 Professor Nathans illuminates the changes wrought by Jacksonian democracy on the career of Daniel Webster a major political figure and on the destiny of a major political party the Whigs Daniel Webster was a creative anachronism in the Jacksonian era His career illustrates the fate of a generation of American politicians reared to rule in a traditional world of defined social classes where gentlemen led and the masses followed With extensive research into primary sources Nathans interprets Webster as a leader in the older political tradition hostile to permanent organized political parties and fearful of social strife that party conflict seemed to promote He focuses on Webster s response to the rise of entrenchment of voter oriented partisan politics He analyzes Webster s struggle to survive comprehend and finally manipulate the new politics during his early opposition to Jackson his roles in the Bank War and the nullification crisis and the contest for leadership within the Whig Party from 1828 to 1844 Webster and the Whigs resisted and then belatedly attempted to answer the demands of the new egalitarian mass politics When Webster failed as an apologist for government by the elite he became a rhapsodist of American commercial enterprise Seeking a new power base he adapted his public style to the standards of simplicity and humility that the voters seemed to reward Nathans shows however that Webster developed a realistic vision of the common bonds of Jacksonian society of the basis for community that would warrant anew the trust needed for the kind of leadership he offered The meaning of Webster s career lies in these attempts to bridge the old and new politics but his attempt was doomed to ironic and revealing failure Nathans studies Webster s impact on the Whig party showing that his influence was strong enough to thwart the ambitions of his rivals Henry Clay and John C Calhoun but not strong enough to achieve his own aspirations Nathans argues that Webster through his efforts to increase his authority within the party merely revealed his true weakness as a sectional leader His successful blocking of Clay and Calhoun brought about a deadlock that significantly hastened the transfer of power to men more committed to strong party organization and more talented at voter manipulation Webster s dilemma was the crisis of an entire political generation reared for a traditional world and forced to function in a modern one *The New Measures* Ted A. Smith,2007-04-30 *The New Measures* A Theological History of Democratic Practice brings thick cultural history to contemporary debates about religion and democracy Combining histories

of performance space institutions and ideas this 2007 book tells the story of the new measures that circulated in the religious revivals of the 1820s and 30s and traces the role of these practices in the development of democratic culture in the United States The book borrows resources from Walter Benjamin and Theodor Adorno to remember the new measures from an eschatological point of view That eschatological perspective holds together close empirical studies and explicitly theological hopes The book s attention to detail moves it beyond abstraction and caricature to a more materialist political theology And its eschatological hope resists narratives of progress and decline to understand American democracy as both tangled in contradiction and caught up in redemption      Rebuilding the Christian Commonwealth John A. Andrew III, 2021-12-14

The foreign missionary movement of the early 19th century grew out of the efforts of churches in New England to deal with the changes then taking place in society The erosion of traditional institutional structures and social values plus the rise of Unitarianism threatened the destruction of the traditional faith Mr Andrew holds that the Congregational clergy used foreign missions not only to implant New England culture in heathen lands but also to awaken a sense of community at home

**Science And Law** William A Thomas, 2019-06-21 Law and science are pervasive in society and we depend upon their fruitful collaboration to promote stability and progress The substance and procedures of law guide our judicial legislative and administrative systems Science and technology stimulate our imagination and contribute to the production and distribution of virtually all goods and services The need for scientists and lawyers to understand the strengths and limitations of each other s profession has never been more apparent      **The Long Journey of Noah Webster** Richard M. Rollins, 2016-11-11

This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas
