Jacob Oluwatayo Adeuyan,2011-08-29 Bishop Samuel Ajayi Crowther was a true son of Africa in character dilligence strategic

approach to issues methodologically independent and a deep thinking person He was taken into slavery not out of his own making or voluntary acceptability but out of providence and the making of human nature He was destined to go through the ordeal of slavery in order for him to learn the methodology of how he would release his other brethren still wallowing in the bondage of slavery and abject poverty Without Bishop Samuel Ajayi Crowther's ordeal efforts and strategic planning the fire of development we now see burning across the continent of Africa today would have been long extinguished He single handedly planted the tree of unity not only in his home country Nigeria alone but across the length and breadth of his beloved continent which other people from other nations of the world had written off and labelled the dark continent He brought oil and lamp for us to see the dangerous path that we were formerly trodding and elevated the status of a black person in the committee of world nations His grandson Albert Macaulay was undisputably the father of politics in Nigeria while others who struggled with his grandfather in the vanguard of education economic freedom and total destruction of slavery in Africa also had their own place of recognition in the land of the continent *From Slave Boy to Bishop* John Milsome, 1987-01-01 From the Stories of Faith and Fame series the stories of men and women who went all over the world with their Christian faith Samuel Adjai Crowther 1809-1892 led an exciting and adventurous life Born in a West African village he was captured and sold as a slave After a dramatic rescue he became a Christian He travelled extensively founding many Christian missions He translated the Bible into Yoruba and became the first black Anglican bishop **Biography and the Black Atlantic** Lisa A. Lindsay, John Wood Sweet, 2014 In this volume leading historians reflect on the recent biographical turn in studies of slavery and the modern African diaspora This collection presents vivid glimpses into the lives of remarkable enslaved and formerly enslaved people who moved, struggled and endured in the eighteenth and nineteenth century Atlantic world **Christian Missionary Enterprise in the Niger Delta, 1864-1918** G.O.M. Religion, History, and Politics in Nigeria Chima J. Korie, Ugo G. Nwokeji, 2005-03-16 Religion History and Politics in Nigeria is concerned with the problematic nature of religion and politics in Nigerian history The book provides a lively and straightforward treatment of the relationship among religion politics and history in Nigeria and how it affects public life today By adopting various cultural historical political and sociological perspectives the text's contributors provide an excellent introduction to the volatile mix of religion and politics in Nigerian history as well as a range of strategic choices open to religious adherents The complexity of the relationship among religion history and politics is organized around four themes indigenous values and the influence of Islam and Christianity colonialism and religious transformation the religious landscape of the post colonial period and the rise of evangelism and fundamentalism The volume provides an insightful guide to contemporary history contemporary religion and contemporary politics enabling the reader to reach informed and balanced judgments about the role of religion in Nigerian history and politics This opens the door for serious examination and debate and will be excellent for use by the general reader and in political science history and religion courses

African-American Religion David Musa,2015-07-06 Literature on North American slavery is almost inexhaustible but negligent of the religious culture of the slaves most especially African American Christianity As noted in Robert Handys insightful article for several decades AfricanAmerican Christianity appeared only as incidentals in the general historiography of American Church history Considering the immeasurably positive role of the Church in the lives of African Americans this oversight is almost inexcusable Even where studies in slave Christianity have been attempted one would search in vain for any substantial discussion of the mutual effects of the slaves original African religion and Christianity Thus this study is a contribution to recent explorations into that vital aspect of the history of African slaves in North America their Christianization The study focuses on the question of why the African slaves were apparently more responsive to Christianity in the Great Awakenings than during the previous evangelization efforts by the Anglican missionaries I propose that the continuities as well as discontinuities between Christianity and African Traditional Religion were key among determinant factors in the slaves response to Christianity Basically the slaves responded to the type of Christianity in which these factors were more prominent the Great Awakenings vis vis the Anglican version The first chapter of this study highlights the problem of past inattention to slave Christianity especially as it relates to African Traditional Religion In Chapter two I argue for both West Africa as the original home of the slaves and African Traditional Religion as the predominant religious culture of that region The third chapter describes the process personnel and problems encountered in slave Christianization Chapters four and five analyze and evaluate the impact of Christianizing efforts by the Anglican missionaries and revival evangelists respectively Chapter six summarizes and discusses the value of my findings for the African American Church and Christianity in general The study contains suggestions for further research

Expository Preaching in Africa Ezekiel A.

Ajibade,2021-06-30 How can expository preaching rooted in a textual analysis of Scripture be effectively utilized in oral cultures In Expository Preaching in Africa Ezekiel A Ajibade engages this challenge directly offering practical techniques for integrating African oral elements such as myths proverbs folklore dance drama poetry and storytelling into preaching that is both biblical and African Alongside numerous examples and tools Ajibade provides a rich overview of the nature of orality the history and development of African preaching and the reason biblical exposition must be central to gospel proclamation He reminds us that it is the word of God incarnated among us that has the power to transform lives and revitalize nations Contextualized expository preaching is not therefore one technique to be utilized among many it is rather the heart of biblical teaching and the future of the African church While contributing significantly to studies in contextualization and homiletics this book is immediately applicable to practitioners especially African preachers and those working in oral contexts *The Church Quarterly Review* Arthur Cayley Headlam,1909 [Church Quarterly Review](#) ,1909 **Historical Dictionary of Anglicanism** Colin Buchanan,2015-10-22 Anglicanism arguably originated in 1534 when Parliament passed the Act of Supremacy which transferred papal power over the Church of England to the king Today approximately 550 dioceses are

located around the world not only in England but also everywhere that the British Empire's area of influence extended. With a membership estimated at around 80 million members, the Anglican Communion is the third largest Christian communion in the world. This second edition of *Historical Dictionary of Anglicanism* covers the history of Anglicanism through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, concepts, and institutions, rituals, and liturgy, events, and national communities. This book is an excellent access point for students, researchers, and anyone wanting to know more about Anglicanism. Subject Index of Modern Books Acquired British Library, 1918 Student World John Raleigh Mott, Francis Pickens Miller, Willem Adolph Visser 't Hooft, Robert C. Mackie, 1923 Vol 19 no 1 consists of the Federation's Annual report 1924-25.
