Connecting Children with Classics Meagan Lacy, Pauline Dewan, 2018-03-14 This guide identifies hundreds of books that can help children develop into engaged readers Children's librarians collection development specialists in public libraries as well as K 8 school librarians and teachers will choose from the best in children's titles This unique readers advisory and collection development guide for librarians and others who work with children focuses on readers and their needs rather than simply categorizing books by their characteristics and features as traditional literature guides do Taking this unusual perspective brings forth powerful new tools and curricular ideas on how to promote the classics and how to best engage with young readers and meet their personal and emotional needs to boost interest and engagement The guide identifies seven reader driven appeals or themes that are essential to successful readers advisory awakening new perspectives providing models for identity offering reassurance comfort strength and confirmation of self worth connecting with others giving courage to make a change facilitating acceptance and building a disinterested understanding of the world By becoming aware of and tapping into these seven themes librarians and other educators can help children more deeply connect with books thereby increasing the odds of becoming lifelong readers The detailed descriptions of each book provide plot summaries as well as notes on themes subjects reading interest levels adaptations and alternative formats translations and read alike This informative guide will also aid librarians in collection development and bibliotherapy services

Disney Stories Krystina Madej, Newton Lee, 2020-10-20 The second edition of Disney Stories Getting to Digital will be of interest to lovers of Disney history and also to lovers of Hollywood history in general The first edition was planned as a short history of the companies evolution from analog storytelling to a digital online presence that closed the chapter on early Disney films with the release of the groundbreaking Snow White The purpose of the new edition is to bring to readers a more complete view of the analog digital story by including three new chapters on film that cover key developments from the live animation hybrids of the 1940s to CAPS and CGI in the 1990s and VR in the 2010s It also includes in the discussion of cross media storytelling the acquisition of the exceptional story property Star Wars and discusses how Disney has brought the epic into the Disney Master Narrative

by creating Galaxy's Edge in its US theme parks Krystina Madej's engaging portrayal of the long history of Disney's love affair with storytelling and technology brings to life the larger focus of innovation in creating characters and stories that captivate an audience and together with Newton Lee's detailed experience of Disney during the crucial 1995-2005 era when digital innovation in online and games was at its height in the company makes for a fast-paced captivating read Disney Stories first edition explored the history of Disney both analog and digital It described in detail how Walt Disney used inventive and often ground-breaking approaches in the use of sound color depth and the psychology of characters to move the animation genre from short visual gags to feature length films with meaningful stories that engaged audience's hearts as well as tickled their funny bones It showed Walt's comprehensive approach to engaging the public across all media as he built the Disney Master Narrative by using products books comics public engagements fan groups such as the Mickey Mouse club TV and of course Disneyland his theme park Finally it showed how after his passing the company continued to embrace Walt's enthusiasm for using new technology to engage audiences through their commitment to innovation in digital worlds It describes in detail the innovative storybook CD-ROMs their extensive online presence the software they used and created for MMORGs such as Toontown and the use of production methods such as agile methodology This new edition provides insight on major developments in Disney films that moved them into the digital world

STORY WRITING INSPIRATION: 100 STORY IDEAS FROM RETRO COMPUTER GAMES Alexander Varga, 2024-09-25 In a world buzzing with technology and creativity hobby writing has become more than just a pastime it has emerged as a vivid expression of passion and imagination For many writing has always been at the intersection of creativity and challenge allowing stories to flow from the depths of the mind and onto the page In an age where narratives are crafted not only in books but also in the pixelated realms of computer games the potential for inspiration is limitless Computer games once regarded simply as entertainment have evolved into multifaceted experiences that integrate story art and music forging deep connections with players They craft rich narratives that captivate audiences and encourage engagement on multiple levels resembling modern day interactive novels This evolution offers aspiring writers a treasure trove of inspiration Whether it's the intricacies of character development the nuances of world building or the delicate balance of plot pacing the gaming world provides a myriad of lessons for those eager to pen their own stories
