Eyewitnesses to the Indian Wars, 1865-1890: The wars for the Pacific Northwest Peter Cozzens, 2001 *Great White Fathers* John Taliaferro, 2007-10-09 Gutzon Borglum the sculptor of Mount Rushmore National Memorial hoped that ten thousand years from now when archaeologists came upon the four sixty foot presidential heads carved in the Black Hills of South Dakota they would have a clear and graphic understanding of American civilization Borglum the child of Mormon polygamists had an almost Ahab like obsession with Colossalism a scale that matched his ego and the era He learned how to be a celebrity from Auguste Rodin how to be a political bully from Teddy Roosevelt He ran with the Ku Klux Klan and mingled with the rich and famous from Wall Street to Washington Mount Rushmore was to be his crowning achievement the newest wonder of the world the greatest piece of public art since Phidias carved the Parthenon But like so many episodes in the saga of the American West what began as a personal dream had to be bailed out by the federal government a compromise that nearly drove Borglum mad Nor in the end could he control how his masterpiece would be received Nor its devastating impact on the Lakota Sioux and the remote Black Hills of South Dakota *Great White Fathers* is at once the biography of a man and the biography of a place told through travelogue interviews and investigation of the unusual records that one odd American visionary left behind It proves that the best American stories are not simple they are complex and contradictory at times humorous at other times tragic

The Arikara Narrative of the Campaign Against the Hostile Dakotas, June, 1876 Orin Grant Libby, 1920 *Frommer's? National Parks of the American West* Don Laine, Barbara Laine, 2012-05 Provides information and suggestions for hotels restaurants outdoor activities and top attractions

Voices of the American Indian Experience James E. Seelye Jr., Steven Alden Littleton, 2012-11-30 In a single source this comprehensive two volume work provides the entire history of American Indians as told by Indians themselves *Voices of the American Indian Experience* provides unique insights into American Indian history by focusing on Indian accounts instead of on relying on other sources As a result their voices are clearer and readers learn more about Indians directly from Indians rather than through accounts that are filtered diluted and possibly even misinterpreted by an outsider's perspective The volumes comprise a vast and fascinating variety of sources that span creation stories from Native American prehistory to Indians who met the earliest Europeans to visit the Americas all the way

uses ethnic cleansing as an analytical tool to challenge the alluring idea that Anglo American colonialism in the New World constituted genocide Beginning with the era of European conquest Anderson employs definitions of ethnic cleansing developed by the United Nations and the International Criminal Court to reassess key moments in the Anglo American dispossession of American Indians Euro Americans extensive use of violence against Native peoples is well documented Yet Anderson argues that the inevitable goal of colonialism and U S Indian policy was not to exterminate a population but to obtain land and resources from the Native peoples recognized as having legitimate possession The clashes between Indians settlers and colonial and U S governments and subsequent dispossession and forcible migration of Natives fit the modern definition of ethnic cleansing To support the case for ethnic cleansing over genocide Anderson begins with English conquerors desire to push Native peoples to the margin of settlement a violent project restrained by the Enlightenment belief that all humans possess a natural right to life Ethnic cleansing comes into greater analytical focus as Anderson engages every major period of British and U S Indian policy especially armed conflict on the American frontier where government soldiers and citizen militias alike committed acts that would be considered war crimes today Drawing on a lifetime of research and thought about U S Indian relations Anderson analyzes the Jacksonian Removal policy the gold rush in California the dispossession of Oregon Natives boarding schools and other benevolent forms of ethnic cleansing and land allotment Although not amounting to genocide ethnic cleansing nevertheless encompassed a host of actions that would be deemed criminal today all of which had long lasting consequences for Native peoples
