Black 'race' and the White Supremacy Saga

Kehbuma Langmia, 2024-02-06 This book examines the conundrum that has haunted the Black and White ancestry for ages on what supremacy actually means Is it Black or White supremacy Granted the term White supremacy has occupied the sociopolitical cultural and economic discourse for ages but what does that really imply All other ancestries on planet earth have been coerced to believe that conformity to Euro American lifestyle is the way to become civilized on planet earth But the term civilization owes its genesis to the African cultural and educational achievements in Egypt Consequently Black ancestry the first human species on planet earth should lead mankind to cultural and epistemological supremacy but that has always been met with skepticism This book examines this debate especially between the Black and White ancestry [Covid-19 The Extinction Of The Black Race](#)
