Anthology of Black Humor André Breton, 2021-01-29 This is the first publication in English of the anthology that contains Breton s definitive statement on l humour noir one of the seminal concepts of Surrealism and his provocative assessments of the writers he most admired While some of the authors featured in *The Anthology of Black Humor* are already well known to American readers Swift Kafka Rimbaud Poe Lewis Carroll and Baudelaire among them and even then Breton s selections are often surprising many others are sure to come as a revelation The entries range from the acerbic aphorisms of Swift Lichtenberg and Duchamp to the theatrical slapstick of Christian Dietrich Grabbe from the wry missives of Rimbaud and Jacques Vache to the manic paranoia of Dali from the ferocious iconoclasm of Alfred Jarry and Arthur Craven to the offhand hilarity of Apollinaire at his most spontaneous For each of the forty five authors included Breton has provided an enlightening biographical and critical preface situating both the writer and the work in the context of black humor a partly macabre partly ironic and often absurd turn of spirit that Breton defined as a superior revolt of the mind Anthologies can aim to be groundbreaking or thought provoking few can be said to have introduced a new phrase or a new concept into the language No one had ever used the term black humour before this one came along unless perhaps it was from a racial angle The Guardian Andre Breton 1896 1966 the founder and principal theorist of the Surrealist movement is one of the major literary figures of the past century His best known works in English translation include *Nadja* *Mad Love* *The Manifestoes of Surrealism* *The Magnetic Fields* with Philippe Soupault and *Earthlight* Mark Polizzotti is the author of *Revolution of the Mind* *The Life of Andre Breton*

When the World was Black Part Two Supreme understanding, 2013-02-02 When the World Was Black The Untold History of the World's First Civilizations Volume Two of The Science of Self series has been published in TWO parts Why two Because there are far too many stories that remain untold We had over 200 000 years of Black history to tell from the southern tip of Chile to the northernmost isles of Europe and you can't do that justice in a 300 page book So there are two parts each consisting of 360 pages of groundbreaking history digging deep into the story of all the world's original people Part One covers the Black origins of all the world's oldest cultures and societies spanning more than 200 000 years of human history Part Two tells the stories of the Black men and women who introduced urban civilization to the world over the last 20 000 years up to the time of European contact Each part has over 100 helpful maps graphs and photos an 8 page full color insert in the center and over 300 footnotes and references for further research In this book you'll learn about the history of Black people I don't mean the history you learned in school which most likely began with slavery and ended with the Civil Rights Movement I'm talking about Black history BEFORE that Long before that In this book we'll cover over 200 000 years of Black history For many of us that sounds strange We can't even imagine what the Black past was like before the slave trade much less imagine that such a history goes back 200 000 years or more Part Two covers history from 20 000

years ago to the point of European contact This is the time that prehistoric cultures grew into ancient urban civilizations a transition known to historians as the Neolithic Revolution Renewing America's Food Traditions Gary Paul Nabhan,2008 This work represents a dramatic call to recognize celebrate and conserve the great diversity of foods that give North America the distinctive culinary identity that reflects its multi cultural heritage Included are recipes and folk traditions associated with 100 of the continent s rarest food plants and animals **Landscape and Film** Martin Lefebvre,2007-05-07 Landscape is everywhere in film but it has been largely overlooked in theory and criticism This volume of new work will address fundamental questions What kind of landscape is cinematic landscape How is cinematic landscape different from landscape painting How is landscape deployed in the work of such filmmakers as Greenaway Rossellini or Antonioni to name just three What are differences between the use of landscape in Western filmmaking and in the work of Middle Eastern and Asian filmmakers How is cinematic landscape related to the idea of a national cinema and questions of identity The first collection on the idea of landscape and film this volume will present an impressive international cast of contributors among them Jacques Aumont Tom Conley David B Clarke Marcus A Doel Peter Rist and Antonio Costa **Retake Your Fame** Aylmer von Fleischer,2004-09 This revised and expanded edition is an invaluable source of information about the contributions of Blacks to world civilization from ancient to modern times Among the topics discussed are the ancient Black Hebrews the Black Moors who invaded and occupied parts of Europe for centuries great Blacks like Hannibal and Jesus Christ and the forgotten Black civilizations of Europe Egypt Asia and the Americas *The Ebony Column* Eric Ashley Hairston,2013-06-30 In *The Ebony Column* Eric Ashley Hairston begins a new thread in the ongoing conversation about the influence of Greek and Roman antiquity on U S civilization and education While that discussion has yielded many exceptional insights into antiquity and the American experience it has so regularly elided the African American component that all classical influence on black writing and thought seems to vanish That omission Hairston contends is disturbing not least because of its longevity from an early period of overt stereotyping and institutionalized racism right up to the contemporary and one would hope more cosmopolitan and enlightened era Challenging and correcting that persistent shortsightedness Hairston examines several prominent black writers and scholars deep investment in the classics as individuals as well as the broader cultural investment in the classics and the values of the ancient world Beginning with the late eighteenth century verse of Phillis Wheatley whose classically inspired poems functioned as a kind of Trojan horse to defeat white oppression Hairston goes on to consider the oratory of Frederick Douglass whose rhetoric and ideas of virtue were much influenced by Cicero and the writings of educator Anna Julia Cooper whose classical training was a key source of her vibrant feminism Finally he offers a fresh examination of W E B DuBois s seminal *The Souls of Black Folk* 1903 and its debt to antiquity which volumes of commentary have largely overlooked The first book to appear in a new series *Classicism in American Culture* *The Ebony Column* passionately demonstrates how the myths cultures and ideals of antiquity helped African Americans reconceptualize

their role in a Euro American world determined to make them mere economic commodities and emblems of moral and intellectual decay To figures such as Wheatley Douglass Cooper and DuBois classical literature offered striking moral intellectual and philosophical alternatives to a viciously exclusionary vision of humanity Africanity the life of the citizen and the life of the mind **Sphinx's Princess** Esther Friesner,2009-09-22 Nefertiti was far more than just a pretty face Nefertiti may be the dutiful daughter of a commoner but her inquisitive mind often gets her into situations that are far from ordinary like receiving secret lessons from a scribe And she s the kind of girl who acts first and apologizes later whenever she witnesses injustice or cruelty But she is also extraordinarily beautiful And news of her striking beauty and impulsive behavior attracts the attention of her aunt the manipulative Queen Tiye who sees Nefertiti as an ideal pawn in her desire for power Even though Nefertiti is taken from her beloved family and forced into a life filled with courtly intrigue and danger her spirit and mind will not rest She continues to challenge herself and the boundaries of ancient Egyptian society Esther Friesner offers readers another fresh new look at an iconic figure blending historical fiction and mythology in a thrilling concoction
