The Bleeding Of The Evangelical Church:

The Bleeding of the Evangelical Church David F Wells, 2021-03-11 David F Wells of Gordon Conwell Theological Seminary Massachusetts here challenges evangelicalism with a disturbing analysis of its present condition He believes that we have allowed ourselves to be shaped by the popular culture whose ethos is alien to God consciousness to other worldliness and to passion for biblical truth In putting success before theology we have produced a plague of nominal evangelicalism which unless reversed leaves us headed towards the oblivion of irrelevance before God This material was first delivered at a Convention of the National Association of Evangelicals who have kindly assisted in the publication Much fuller treatment of the same themes will be found in the author's influential books No Place for Truth and God in the Wasteland While referring especially to the North American scene the wider relevance of Dr Wells message is indicated by the fact that these two titles have joint publishers on both sides of the Atlantic W B Eerdmans and IVP The Life I Now Live Rich S. Brown III,2023-05-05 The Life I Now Live recounts the life and ministry of J Gresham Machen the founder of Westminster Theological Seminary 1929 the Orthodox Presbyterian Church 1936 and the Independent Board for Presbyterian Foreign Missions 1933 This book takes you on a journey back to the early twentieth century when historic Evangelical Christianity was met with intense opposition by the Theological Liberals known as Modernists The Presbyterian Church USA in the North split over the Fundamentalist Modernist divide and the leading institutions of the day did the same including Princeton Theological Seminary Many key leaders in the Protestant Church theologically criticized the person and redeeming work of Jesus Christ and the Bible which is the inerrant inspired and authoritative word of God J Gresham Machen led the Evangelical Church amidst much turmoil confusion and deconstruction with absolute integrity and a steadfast spirit Though he was well known and beloved within the Evangelical Church in his own day the story of how he defended the historic Christian Faith has been largely forgotten a century later The Life I Now Live explores Machen's defense of the gospel his teaching and preaching ministry and his evangelistic zeal It is also written in commemoration of his classic work Christianity and Liberalism 1923 But it is so much more than just a biography This book encourages ordinary Christians to see themselves as those who can indeed defend the Truth in today's age of Postliberalism Postmodernism unbiblical Gender Ideology Critical Race Theory and Deconstructionism The Evangelical Church is now in a moment of crisis in which we must choose today whom we will serve Will you serve the Lord God And if so how will you defend the Faith in today s culture Read this book to find out how The Surprising Work of God Garth M. Rosell, 2020-03-18 The Surprising Work of God tells the story of how America's mid twentieth century spiritual awakening became a worldwide Christian movement This seminal study brings a unique perspective to the history personalities and institutions of that period and offers an intimate look at evangelicalism through the window of the life ministry and writings of Harold John Ockenga and his long friendship with Billy Graham Ockenga was pastor of the historic Park Street Congregational Church in Boston and cofounder of Fuller Theological

Seminary Gordon Conwell Theological Seminary the National Association of Evangelicals and Christianity Today As such he was a central figure in the birth and development of American neo evangelicalism This lively engaging story will be of value to anyone with an interest in the American church of the last century Reframing Paul Mark Strom, 2000-10-12 Mark Strom unveils Paul in his original context and invites us to engage with him in new terms He courageously draws Paul into vital conversation with contemporary evangelicalism This book is for anyone who wants to learn how the church can be an attractive community of transforming grace and conversation A Charge to Keep Garth M. Rosell, 2020-03-10 In celebration of Gordon Conwell Theological Seminary's fiftieth anniversary its former Academic Dean and longtime historian Garth M Rosell was commissioned to write a history of the school The merger of two much older institutions the Conwell School of Theology founded in 1884 in Philadelphia and Gordon Divinity School founded in 1889 in Boston created an institution that since its own founding in 1969 has become one of the largest theological seminaries in the world With more than ten thousand graduates and nearly two thousand students studying on four campuses from Hamilton and Boston in the north to Charlotte and Jacksonville in the south the seminary has become an important center for theological education in the evangelical tradition A Charge to Keep explores the seminary's history from its founding by Billy Graham Harold John Ockenga and J Howard Pew to the installation of its seventh president Scott Sunguist Systematic Theology, Volume One Stephen J. Wellum, 2024-02-15 Stephen Wellum's Systematic Theology Volume One is a Trinitarian reformational and baptistic systematic theology committed to serious evangelical engagement with the Scriptures Building on decades of research Wellum formulates doctrine exegetically covenantally and canonically for a new generation of students pastors church leaders and seasoned theologians as well The Prayer of Jesus Michael E. Cannon, 2010-11-05 Prayer is an often practiced more often neglected and less often understood practice of Christendom Counselors prescribe prayer as a means to reduce stress and lower blood pressure Some approach prayer as Eastern meditation some as an expression of tongues and other traditions offer chants in a strict liturgical form John 17 offers the reader an unusual opportunity to listen to a prayer Some might say the prayer in John 17 is the prayer of all prayers the true definition of the Lord's prayer Drawing on classic commentators Michael Cannon casts John 17 in a pastoral light showing the grace wisdom and love of Christ for his people as he pours his heart out before his heavenly Father on their behalf While these were messages originally preached in the context of worship they also serve as a detailed commentary on one of the most beloved passages of Scripture The Trial of the Rev. D. S. Before the Presbytery of Chicago. Edited by a Committee of the Presbytery David SWING, 1874 Miracles: 2 Volumes Craig S. Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship's 2012 Award of Excellence 2011 Book of the Year Christianbook com's Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume s argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of

millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports Called by God's Name Linda Leggett, 2012-12-20 When God named himself it was more than a label He stressed that his name represented his character and those who bore it must accurately display that character in their words and deeds Misunderstanding this basic biblical truth has led to the reduction of the third commandment to simply a language issue in popular culture However its correct understanding and preaching should be the start of knowing Gods dealings with his Old and New Testament people as well as the template for todays believers Initially establishing the consistency of the testamental record through themes and the use of the Old Testament by Jesus and the New Testament writers the author displays some of Gods characteristics found in both testaments which illustrate ethical requirements for his church and inspire the responses of his people. The fruit of a lifetime of study of the Old Testament distilling biblical wisdom written concisely and understandable to the average church member though informed by much scholarly reading As a gifted biblical expositor and much loved classroom teacher Leggett again pushes us into Old Testament study to inform us of the New and inspires us to more whole hearted devotion to the God who has called us by his name Dr Terrance Tiessen emeritus professor of theology and ethics Providence Seminary Leggetts final work captures his love for Scripture as he carefully explores the theme of Christian identity drawing on his thorough familiarity with the biblical texts and his impressive knowledge of Old Testament scholarship Accessibility in style and practical insights make it a valuable resource for the lay person to deepen their understanding of the Scriptures and the God of whom they speak John Franklin IMAGO director adjunct at Tyndale Seminary and Trinity College Toronto With warmth and passion the author traces specific themes through both testaments illustrating their unity of witness to the character of God The Parenting Is Your Highest Calling Leslie Leyland Fields, 2008-12-16 In this provocative book author Leslie Leyland Fields explores with refreshing honesty the myths that can lead to unrealistic expectations and distract us from God's purposes for our children and for us Why am I not a more joyful parent Why aren t my kids turning out as I expected Why do I always feel as if I m not doing enough for my children Is Parenting Supposed to Be This Difficult As a mother of six Leslie Leyland Fields knows firsthand the insecurities and questions that come with rearing children In Parenting Is Your Highest Calling she tackles nine myths about parenting including Children make you happy and bring great fulfillment You will always feel love for your child Your success as a parent can be measured by your child s behavior There is one right biblical model for family life Good parenting will result in happy children Through a close look at God's own life as a parent as well as stories from

Janssen, 2010-01-01 Since its inception in Roman Catholic Spain in the 1940s the Cursillo movement has been a steadily growing phenomenon and has spread into many Protestant churches worldwide under various names The weekend initiation is often a deeply felt experience that boasts of many conversions and recommitments Yet in this comprehensive analysis of Cursillo the author finds theological concerns questions about the propriety of the methods and complications such as disaffection from the local church transfer of loyalty to the Cursillo community and a significant drop out rate raising implications for similar spiritual movements Interviews with former Cursillo participants confirmed many of these conclusions but also raised a challenge to the church many Cursillo participants do not perceive vital faith in their local church The author suggests that the Cursillo attempts to imitate the work of the church in an extraordinary form and that this might initiate some of the unhelpful results The church would be better served by seeking to revitalize its ordinary ministries of Word and sacrament prayer community and Sabbath observance **Going Full Circle** Mark Powers, 2013-07-03 In the grip of serious numerical decline American Evangelical churches are now experiencing a missional movement God is calling his people to return to a biblical lifestyle that goes full circle in continual worship discipleship and missions Mark Powers connects the dots between these three main elements of authentic Christian living He presents a theology of missional worship a detailed discipleship plan and a strategy for local music missions Going Full Circle uses everyday language to present a simple thought process to move worshipers and worship leaders to become worshiping disciples on mission Are you a casualty of worship wars Are you worried about the decline of your church Are you thrilled with fast growth churches but sense there must be something more than spectator worship Are you confused by the word missional that seems to be popping up everywhere This book is for you and your friends Read it share it and join the The Baptist union magazine [afterw.] The Church and household, ed. by J. The Ten Most Influential Churches of the Past Century Elmer Towns, 2015-01-20 Your Church Can Influence the World History has shown that great leaders have the ability to reach beyond the walls of their churches to influence cultures for Christ We ve seen it in the Pentecostal Charismatic movement in the explosive growth of house churches in Communist China in the expansion of the Southern Baptist Convention and in the worldwide rise of praise and worship music led by Hillsong Church among other phenomena In The Ten Most Influential Churches of the Past Century Dr Elmer Towns presents evidence of the powerful influence of these churches and how their innovative strategies and faith accomplish these goals Then he tells how you can apply these principles to your church You will learn how some of the most influential leaders in Church history became conduits for your future ministry and how your church can experience exponential growth Most importantly you will see that the great results in these ten churches grow out of the power of the Word of God the ministry of many dedicated lay workers the faith producing ministry of great leaders all under the anointing of the Holy Spirit Trial of the Rev. David Swing Presbyterian Church in the U.S.A. Presbyteries. Chicago, 1874 Trial of Rev Swing for heresy April May 1874 on charges brought by Francis Landey Patton Woman's Work ,1907 The Christian Manifesto Alistair Begg ,2023-09-01 Exhorts Christians from Luke 6 to live a countercultural life and experience true blessing What does genuine Christian living look like in the 21st century and how can we be motivated to live that way The answer comes from Jesus sermon in Luke 6 sometimes known as the Sermon on the Plain which starts Blessed are you who are poor for yours is the kingdom of God and goes on to lay out God's vision statement for the Christian life It is a manifesto that has nothing to do with politics culture or personality but rather God s intentions for his people Renowned Bible teacher Begg unpacks this sermon exhorting Christians to live a radically different life that upends the world's values and philosophies It's a lifestyle that is counterintuitive and countercultural yet one that God blesses with true meaning and impact As we look at the kindness and compassion of Jesus and ask for the Holy Spirit's help well grow in both the motivation and the ability to obey Jesus teaching and experience the blessing that comes from that This compelling book will remind you of God's grace and what it means to follow him helping you discover the ultimate blessing that is found in him
