**Our haunted world, Spiritual attacks, and God's protection** Dr. Anthony B. Atwam (PhD), 2025-09-22 The struggle for personal success justice freedom righteousness and well being is a concern of every human being Some liberation movements have rightly located these problems in unjust societal structures such as capitalism colonisation hierarchy human greediness disobedience to God and so on These observations often overlook the impact of the spiritual realm on human life At the global level it leads the world and humanity astray from God ordained place in the universe We are wrestling against spiritual powers in all seven gates of society government education arts and entertainment economy media family and religion At the personal level many people do not have peace good health righteousness material prosperity justice and eternal life Most people pay attention to the subject only when they experience it Others dismiss it as myth or unscientific Science does not deal with spiritual issues these belong to the realm of the supernatural which comes under theology or more broadly religion and spirituality The ultimate spiritual protection is from God and He gives it to the righteous People should not be afraid of spiritual attacks One can easily overcome spiritual problems if one faithfully loves God and lives in obedience to God Thus this book examines and contributes to the kind of help people need to understand spiritual attacks how they happen why they happen how God rescues us and what people should do This book is a contribution to a theology of redemption
