*“The” Mind in the World* Sudhir Kakar, 2024

**The Digital Mind** Kristian Bankov, 2022-02-23 This book reveals the core features of digital culture examined by means of semiotic models and theories It positions commercial and market principles in the center of the digital semiosphere avoiding the need to force the new cultural reality into the established textualist or pragmatist paradigms The theoretic insights and case studies presented here argue for new semiotic models of inquiry that include working with big data user experience and netnography along with conventional approaches The book develops a new concept of identity in the digital age analyzing the digital flows of recognition and value which led to the tremendous success of Social Media and the Web 2.0 era Self expression entertainment and consumerism are seen as the major drivers of identity formation in the post truth era where the self can no longer be considered independently of a given person's communication devices where a substantial part of it is stored and actualized It will be of interest to semioticians and researchers working on digital culture

**Palgrave Handbook of Critical Posthumanism** Stefan Herbrechter, Ivan Callus, Manuela Rossini, Marija Grech, Megan de Bruin-Molé, Christopher John Müller, 2022-11-28 Palgrave Handbook of Critical Posthumanism is a major reference work on the paradigm emerging from the challenges to humanism humanity and the human posed by the erosion of the traditional demarcations between the human and nonhuman This handbook surveys and speculates on the ways in which the posthumanist paradigm emerged transformed and might further develop across the humanities With its focus on the posthuman as a figure on posthumanism as a social discourse and on posthumanisation as an on going historical and ontological process the volume highlights the relationship between the

humanities and sciences The essays engage with posthumanism in connection with subfields like the environmental humanities health humanities animal studies and disability studies The book also traces the historical representations and understanding of posthumanism across time Additionally the contributions address genre and forms such as autobiography games art film museums and topics such as climate change speciesism anthropocentrism and biopolitics to name a few This handbook considers posthumanism s impact across disciplines and areas of study
