The Bodysurfers:

The Bodysurfers Robert Drewe, 2001-09-03 These stories breathe Taut yet teeming with life they are shot through with gritty phrases that catch at one's throat Sydney Morning Herald Set among the surf and sandhills of the Australian beach and the tidal changes of three generations of the Lang family this bestselling collection of short stories is an Australian classic The Bodysurfers vividly evokes the beach with the scent of the suntan oil the sting of the sun and a lazy sensuality all the while hinting at a deep undercurrent of suburban malaise From first publication these poignant and seductive stories marked a major change in Australian literature "The Bodysurfers" by Robert Drewe. The Landscape and its Effects on the Identity of the Characters Anna Rauch, 2014-05-13 Seminar paper from the year 2010 in the subject Didactics for the subject English Pedagogy Literature Studies grade 2 University of Innsbruck Department of English course The Urban and the Rural in Australian Literature language English abstract In my paper I want to talk about the book The Bodysurfers Robert Drewe by focusing on the description of the different landscapes and the way people identify with it I also find it important to mention the mixed feelings of the different characters all of them living by the coast While I was reading the book I could notice the rather different ways of describing the landscapes each narrator and character senses the surroundings differently The environment in which the characters are living is one of the main topics of the book it focuses on the descriptions and provides the reader with the opportunity to live the book and to understand in a better way how important the sea and the beach are for Australians In The Bodysurfers the beach is the most popular and most described landscape It is fantastic how many different ways of seeing and feeling the beach can be found in this book and how different varieties of language can influence the reader by providing him with many ways of understanding the characters The Bodysurfers is not an easy book maybe you have to read it twice but it can give you a perfect possibility to deal with other nations and cultures and to distinguish between different characters and their ways of speaking and telling When I was dealing with my topic I was impressed how one's opinion can change while reading a book e.g. in one story the beach is described as a lonely and quiet place in another story as a sand heap full of rubbish In my paper I want above all to show these different ways of describing on the one hand describing by using different sorts of language and on the other hand describing by feeling and observing the place you live in I want to show that these depictions are the essence of the book and make it vivid because these stories breathe Taut yet teeming with life they are shot through with gritty phrases that catch at one's throat Goodreads **The Bodysurfer's Guide to Life** Mark Wollard, 2010-01-29 On a summer afternoon Jack finds his life in unexpected transition as his job is eliminated In response he decides to take some time at the beach to rediscover who he is and what he wants out of life To his surprise his journey brings him together with a peacefully happy bodysurfer beach philosopher named Fin who helps Jack discover that this time of transition is really a time of new beginnings to help Jack reach his highest potential in life As Fin teaches Jack how to use the energy of a wave to enjoy a great bodysurfing experience Jack learns how to use the

energy of life so that he can trust his gut jump in and enjoy the ride of his life Tropes and Territories Marta Dvorak, W.H. New, 2007-10-26 Tropes and Territories demonstrates how current debates in postcolonial criticism bear on the reading writing and status of short fiction These debates which hinge on competing definitions of trope motif vs rhetorical turn and territory political or aesthetic lead to studies of space place influence and writing and reading practices across cultural divides The essays also explore the character of diasporic writing the cultural significance of oral tale telling and interconnections between socio political issues and strategies of style **The Bay of Contented Men** Robert Drewe, 1991-09-03 Witty and seductive inventive and disturbing The Bay of Contented Men ranges in location from east to west coast Australia to the United States Japan and Hong Kong This is the neighbourhood of edgy suburbanite Australians whose desires and misadventures are conjured here into intriguing fictions Robert Drewe's characters face the confrontation of gender race and generation with an ironic desperation born of love lust and wistful memory **Short Story Index**, 1989

Australian Voices Ray Willbanks, 2014-05-02 Contemporary Australian fiction is attracting a world audience particularly in the United States where a growing readership eagerly awaits new works In *Australian Voices* Ray Willbanks goes beyond the books to their authors using sixteen interviews to reveal the state of fiction writing in Australia what nags from the past what engages the imagination for the future Willbanks engages the writers in lively discussions of their own work as well as topics of collective interest such as the past including convict times the nature of the land the treatment of Aborigines national identity and national flaws Australian British antipathy sexuality and feminism drama and film writing publishing and criticism in Australia and the continuous and pervasive influence of the United States on Australia The interviews in *Australian Voices* are gossipy often funny and always informative as Willbanks builds a structured conversation that reveals biography personality and significant insight into the works of each writer They will be important for both scholars and the reading public *Encyclopedia of Post-Colonial Literatures in English* Eugene Benson, L.W. Conolly, 2004-11-30 Post

Colonial Literatures in English together with English Literature and American Literature form one of the three major groupings of literature in English and as such are widely studied around the world Their significance derives from the richness and variety of experience which they reflect In three volumes this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **The Courts of Babylon** Peter

Bodo, 2011-06-17 No sport has gone through the seismic changes that rocked tennis when the game long a holdout against professionalism and creeping commercialism abandoned its roots as a genteel amateurs only enterprise and became a pro sport vying for the heart of the public with rivals like soccer NFL football or NBA basketball Peter Bodo who has covered tennis since the dawn of this Open era as the chief writer for TENNIS magazine was there to witness this transition and what

it promised what it delivered He has covered the game on every continent since the early 1970s **THE COURTS OF BABYLON** is more than a collection of essays most of them growing out of a deep familiarity and often relationship with subjects that include Bjorn Borg Chris Evert John McEnroe Evonne Goolangong Jimmy Connors Tracy Austin van Lendl and Martina Navratilova It is also a commentary on what was lost and what was gained by the transition to professionalism and how the new Open era delivered or failed to make good on the promise that professionalism would make tennis a more inclusive egalitarian accessible game Relying heavily on formal in depth interviews conducted over two decades and his status as an insider in an insular game Bodo's book is both a meditation and expose a polemic and a tribute to the players who dragged tennis often kicking and screaming to the forefront of the public's imagination even when those players got it all too fast and too young Bodo delves into the darkest and most controversial areas of the game chronicling the follies of overzealous parents and pampered athletes He fearlessly wades into sensitive issues stemming from sex and gender politics and commercialism He celebrates the game while holding it to task all the while acknowledging the reality of the demands and distortions that come with a way of life that is both difficult but glamorous and eagerly embraced by athletes who in some cases are no older than fourteen

The Drowner Robert Drewe, 2001-09-03 In the warm alkaline waters of the public bath a headstrong young engineer accidentally collides with a beautiful actress From this innocent collision of flesh begins a passion that takes them from the Wiltshire Downs to the most elemental choices of life and death in the Australian desert Their intense romance is but part of the daring story that unfolds Mingling history myth and technology with a modern cinematic and poetic imagination Robert Drewe presents a fable of European ambitions in an alien landscape and a magnificently sustained metaphor of water as the life and death force
