The Border:

Informal Trade, Gender and the Border Experience Dr Olga Sasunkevich, 2015-12-28 Detailing the history of a well known phenomenon of post socialism cross border petty trade and smuggling as the history of a practice in daily life from a gendered perspective this book considers how changes in these practices in a particular border region between Belarus and Lithuania have been accompanied and to some extent provoked by changes in the border regime It looks at how the selective openness of the Belarus Lithuania border worked during different periods over the last twenty years and how it influenced the involvement of different social groups in shuttle trade practices Foremost this book considers how political borders implement and or intensify social boundaries and suggests that the selective openness of political borders a prerequisite for the existence of female shuttle trade activities is primarily built upon people s social characteristics However it claims that what can be seen as the grounds for growing inequality at a global level at a local one may have an important resourceful meaning for various social groups including those usually perceived as disadvantaged such as widowed female retirees or unemployed single women with children *Ensuring We Have Well-trained Boots on the Ground at the Border* United States. Congress. House. Committee on Homeland Security. Subcommittee on Management, Investigations, and Oversight, 2009 **Mismanagement of the border surveillance system and lessons for the new America's Shield Initiative** United States. Congress. House. Committee on Homeland Security. Subcommittee on Management, Integration, and Oversight, 2007 **Bye-gones, Relating to Wales and the Border Counties** , 1878 **The Border Magazine** Nicholas Dickson, William Sanderson, 1898 *On The Borders of State Power* Martin Gainsborough, 2008-10-31 Covering the main themes of globalization state power and culture from the fifteenth to the twenty first century this book explores the changing nature meaning and significance of the Greater Mekong Sub region *Border Shifts* N. Ribas-Mateos, 2016-01-12 *Border Shifts* develops a more complex and multifaceted understanding of global borders analysing internal and external EU borders from the Mediterranean region to the US Mexico border and exploring a range of issues including securitization irregular migration race gender and human trafficking *The Borders of Inequality* è-igo Morž Mart'nez, 2011-05-15 Recently U S media policymakers and commentators of all stripes have been preoccupied with the nation s border with Mexico Airwaves websites and blogs are filled with concerns over border issues illegal immigrants drug wars narcotics trafficking and securing the border While this is a valid conversation it s rarely contrasted with the other U S border with Canada still the longest unguarded border on Earth In this fascinating book originally published in Spain to much acclaim researcher ègo Mor looks at the bigger picture With a professionally trained eye he examines the world s top twenty most unequal borders What he finds is that many of these border situations share similar characteristics There is always illegal immigration from the poor country to the wealthy one There is always trafficking in illegal substances And the unequal neighbors usually regard each other with suspicion or even open hostility After surveying the top twenty Mor explores in

depth the cases of three borders between Germany and Poland Spain and Morocco and the United States and Mexico The core problem he concludes is not drugs or immigration or self protection Rather the problem is inequality itself Unequal borders result he writes from a skewed interaction among markets people and states Using these findings Mor builds a useful new framework for analyzing border dynamics from a quantitative view based on economic inequality The Borders of Inequality illustrates how longstanding multidirectional misunderstandings can exacerbate cross border problems and consequent public opinion Perpetuating these misunderstandings can inflame and complicate the situation but purposeful efforts to reduce inequality can produce promising results *The Border club* Border club,1837

Migration, Borders and Education Jessica Gerrard,Arathi Sriprakash,2020-05-21 This book brings together high quality international research which examines how migration and borders are experienced in education It presents new conceptualisations of education as a border regime demonstrating the need for closer attention to border thinking and diasporic and transnational analyses in education We live in a time in which borders material and political are being reasserted with profound social consequences Both the containment and global movement of people dominate political concerns and inevitably impact educational systems and practices Providing a global outlook the chapters in this book present in depth sociological analyses of the ways in which borders are constituted and reconstituted through educational practice from a diverse range of national contexts Key issues taken up by authors include immigration status and educational inequalities educational inclusion and internal migration curricula nationalism and global citizenship education and labour the educational experiences of refugees and the politics of refugee education student migration and adult education and nationalism colonialism and racialization This book was originally published as a special issue of International Studies in Sociology of Education

Translation and the Borders of Contemporary Japanese Literature Victoria Young,2024-06-03 This book examines contemporary debates on such concepts as national literature world literature and the relationship each of these to translation from the perspective of modern Japanese fiction By reading between the gaps and revealing tensions and blind spots in the image that Japanese literature presents to the world the author brings together a series of essays and works of fiction that are normally kept separate in distinct subgenres such as Okinawan literature zainichi literature written by ethnic Koreans and other trans border works The act of translation is reimagined in figurative expanded and even disruptive ways with a focus on marginal spaces and trans border movements The result decentres the common image of Japanese literature while creating connections to wider questions of multilingualism decolonisation historical revisionism and trauma that are so central to contemporary literary studies This book will be of interest to all those who study modern Japan and Japanese literature as well as those working in the wider field of translation studies as it subjects the concept of world literature to searching analysis

Boundaries and Borders in the Post-Yugoslav Space Nenad Stefanov,Srdjan Radović,2021-10-25 The disintegration of Yugoslavia accompanied by the emergence of new borders is paradigmatically highlighting the relevance of

borders in processes of societal change crisis and conflict This is even more the case if we consider the violent practices that evolved out of populist discourse of ethnically homogenous bounded space in this process that happened in the wars in Yugoslavia in the 1990ies Exploring the boundaries of Yugoslavia is not just relevant in the context of Balkan area studies but the sketched phenomena acquire much wider importance and can be helpful in order to better understand the dynamics of bordering societal space that are so characteristic for our present situation

Immigration and the Border David L. Leal, José E. Limón, 2013-06-05 The advent of the twenty first century marks a significant moment in the history of Latinos in the United States The fourth wave of immigration to America is primarily Latino and the last decades of the twentieth century saw a significant increase in the number of Latino migrants a diversification of the nations contributing to this migration and an increase in the size of the native born Latino population A backlash against unauthorized immigration which may indict all Latinos is also underway Understanding the growing Latino population especially its immigrant dimensions is therefore a key task for researchers in the social sciences and humanities The contributors to *Immigration and the Border* address immigration and border politics and policies focusing on the U S side of the border The volume editors have arranged the essays into five sections The two chapters in the first section set the stage and discuss the binational lives of Mexican migrants chapters in the subsequent sections highlight specific political and policy themes civic engagement public policies political reactions against immigrants and immigrant leadership Because the immigration experience encompasses many facets of political life and public policy the varied perspectives of the contributors offer a mosaic that contextualizes the impact of and contributions by contemporary Latino immigrants Their research will appeal not only to scholars but to policymakers and the public and will inform contentious debates about migration and migrants

book for any reader **British Columbia's Borders in Globalization** Nicole Bates-Eamer, Helga Kristín Hallgrímsdóttir, 2021-11-24 This book is a case study collection examining the influences and functions of British Columbia's BC borders in the 21st century British Columbia's Borders in Globalization examines bordering processes and the causes and effects of borders in the Cascadian region from the perspective of BC The chapters cover diverse topics including historical border disputes and cannabis culture and identity the governance of transboundary water flows migration and preclearance policies for goods and people and the emerging issue of online communities The case studies provide examples that highlight the simultaneous but contradictory trends regarding borders in BC while boundaries and bordering processes at the external borders shift away from the territorial boundary lines self-determination local politics and cultural identities re-inscribe internal boundaries and borders that are both virtual and real Moreover economic protectionism racial discourses and xenophobic narratives driven by advances in technology reinforce the territorial dimensions of borders These case studies contribute to the literature challenging the notion that territorial borders are sufficient for understanding how borders function in BC and in a few instances they illustrate the nuanced ways in which borders or bordering processes are becoming detached from territory The chapters in this book were originally published as a special issue of the Journal of Borderlands Studies Borders, Bindings & Edges Sally Collins, 2004-05-01 The ultimate reference guide for quilt borders and finishes Borders, Memory and Transculturality Angela Vaupel, 2017 This annotated bibliography provides a guide for grappling with border issues and offers an account of the research discourse on the interdisciplinary disciplines of Border Studies Memory Studies and Teacher Education the reviews collected in this volume connect a variety of approaches such as education for diversity and inclusion borders memories and their representation in the media Museum Studies and pedagogy and present a wealth of information and material that refers to major socio-historical events which shaped European regions and dominated public debate Angela Vaupel is a senior lecturer at St Mary's University College Belfast and has widely published on aspects of European Cultural Studies *Mobile HTML5* Estelle Weyl, 2013-11-13 Build kickass websites and applications for all mobile and non-mobile platforms by adding HTML5 and CSS3 to your web development toolkit With this hands-on book you'll learn how to develop web apps that not only work on iOS Android BlackBerry and Windows Phone but also perform well and provide good user experience With lots of code and markup examples you'll learn best practices for using HTML5 features including new web forms SVG Canvas localStorage and related APIs You'll also get an in-depth look at CSS3 and discover how to design apps for large monitors and tiny screens alike Learn HTML5's elements syntax and semantics Build forms that provide enhanced usability with less JavaScript Explore HTML5 media APIs for graphics video and audio Enable your applications to work offline using AppCache localStorage and other APIs Learn what you need to know about CSS3 selectors and syntax Dive into CSS3 features such as multiple backgrounds gradients border images transitions transforms and animations Make your web applications usable responsive and accessible Design for performance user

experience and reliability on all platforms **Visible Borders, Invisible Economies** Kristy L. Ulibarri, 2022-11-22 2023
Outstanding Book Award National Association for Ethnic Studies A thorough examination of the political and economic exploitation of Latinx subjects migrants and workers through the lens of Latinx literature photography and film Globalization in the United States can seem paradoxical free trade coincides with fortification of the southern border while immigration is reimagined as a national security threat US politics turn aggressively against Latinx migrants and subjects even as post NAFTA markets become thoroughly reliant on migrant and racialized workers But in fact there is no incongruity here Rather anti immigrant politics reflect a strategy whereby capital uses specialized forms of violence to create a reserve army of the living laboring dead Visible Borders Invisible Economies turns to Latinx literature photography and films that render this unseen scheme shockingly vivid Works such as Valeria Luiselli's Tell Me How It Ends and Alex Rivera's Sleep Dealer crystallize the experience of Latinx subjects and migrants subjugated to social death their political existence erased by disenfranchisement and racist violence while their bodies still toil in behalf of corporate profits In Kristy L Ulibarri's telling art clarifies what power obscures the national security state performs anti immigrant and xenophobic politics that substitute cathartic nationalism for protections from the free market while ensuring maximal corporate profits through the manufacture of disposable migrant labor **Language, Borders and Identity** Dominic Watt, 2014-10-12 Identifying and examining political socio psychological and symbolic borders Language Borders and Identity encompasses a broad geographically diverse spectrum of border contexts taking a multi disciplinary approach by combining sociolinguistics research with human geography anthropology and social psychology
