## **The Borgias The Rise And Fall Of A Renaissance Dynasty:**

**THE BORGIAS The Rise and Fall of a Renaissance Dynasty** MICHAEL MALLETT,1969      **Borgias : the Rise and Fall of Renaissance Dynasty** Michael Edward Mallett,1971      *The Borgias* Michael Mallett,1981      **The Borgias** G. J. Meyer,2014-04-29 The startling truth behind one of the most notorious dynasties in history is revealed in a remarkable new account by the acclaimed author of *The Tudors* and *A World Undone* Sweeping aside the gossip slander and distortion that have shrouded the Borgias for centuries G J Meyer offers an unprecedented portrait of the infamous Renaissance family and their storied milieu They burst out of obscurity in Spain not only to capture the great prize of the papacy but to do so twice Throughout a tumultuous half century as popes statesmen warriors lovers and breathtakingly ambitious political adventurers they held center stage in the glorious and blood drenched pageant known to us as the Italian Renaissance standing at the epicenter of the power games in which Europe s kings and Italy s warlords gambled for life and death stakes Five centuries after their fall a fall even more sudden than their rise to the heights of power they remain immutable symbols of the depths to which humanity can descend Rodrigo Borgia who bought the papal crown and prostituted the Roman Church Cesare Borgia who became first a teenage cardinal and then the most treacherous cutthroat of a violent time Lucrezia Borgia who was as shockingly immoral as she was beautiful These have long been stock figures in the dark chronicle of European villainy their name synonymous with unspeakable evil But did these Borgias of legend actually exist Grounding his narrative in exhaustive research and drawing from rarely examined key sources Meyer brings fascinating new insight to the real people within the age encrusted myth Equally illuminating is the light he shines on the brilliant circles in which the Borgias moved and the thrilling era they helped to shape a time of wars and political convulsions that reverberate to the present day when Western civilization simultaneously wallowed in appalling brutality and soared to extraordinary heights Stunning in scope rich in telling detail G J Meyer s *The Borgias* is an indelible work sure to become the new standard on a family and a world that continue to enthrall Praise for *The Borgias* A vivid and at times startling reappraisal of one of the most notorious dynasties in history If you thought you knew the Borgias this book will surprise you Tracy Borman author of *Queen of the Conqueror* and *Elizabeth s Women* The mention of the Borgia family often conjures up images of a ruthless drive for power via assassination serpentine plots and sexual debauchery G J Meyer convincingly looks past the mythology to present a more nuanced portrait Booklist Meyer brings his considerable skills to another infamous Renaissance family the Borgias and a fresh look into the machinations of power in Renaissance Italy He makes a convincing case that the Borgias have been given a raw deal Historical Novels Review Fascinating a gripping history of a tempestuous time and an infamous family Shelf Awareness      [The Borgias](#) Paul Strathern,2019-08-06 The Borgia family have become a byword for evil Corruption incest ruthless megalomania avarice and vicious cruelty all have been associated with their name And yet paradoxically this family lived when the Renaissance was coming into its full flowering in Italy Examples of infamy flourished alongside some of the

finest art produced in western history This is but one of several paradoxes associated with the Borgia family For the family which produced corrupt popes depraved princes and poisoners would also produce a saint Previously history has tended to condemn or attempt in part to exonerate this remarkable family Yet in order to understand the Borgias the Borgias must be related to their time together with the world which enabled them to flourish Within this context the Renaissance itself takes on a very different aspect Was the corruption part of the creation or vice versa Would one have been possible without the other The powerful forces which first played out in the amphitheaters of ancient Greece hubris incest murder rivalries and doomed families treacheries of political power twists of fate they are all here Along with the final tragic downfall All these elements are played out in full in the glorious and infamous history of the Borgia family     *Toxicology in the Middle Ages and Renaissance* Philip Wexler,2017-03-13 Toxicology in the Middle Ages and Renaissance provides an authoritative and fascinating exploration into the use of toxins and poisons in the Middle Ages and Renaissance Part of the History of Toxicology and Environmental Health series this volume is a follow up chronologically to the first two volumes which explored toxicology in antiquity The book approximately covers the 1100s through the 1600s delving into different aspects of toxicology such as the contributions of scientific scholars of the time sensational poisoners and poisoning cases as well as myths Historical figures such as the Borgias and Catherine de Medici are discussed Toxicologists students medical researchers and those interested in the history of science will find insightful and relevant material in this volume Provides the historical background for understanding modern toxicology Illustrates the ways previous civilizations learned to distinguish safe from hazardous substances how to avoid them and how to use them against enemies Explores the way famous historical figures used toxins     *The Western Mediterranean Kingdoms* David S H Abulafia,David Bates,2014-06-17 A pioneering account of the dynastic struggle between the kings of Aragon and the Angevin kings of Naples which shaped the commercial as well as the political map of the Mediterranean and had a profound effect on the futures of Spain France Italy and Sicily David Abulafia does it full justice reclaiming from undeserved neglect one of the formative themes in the history of the Middle Ages     **The ^A Black Prince of Florence** Catherine Fletcher,2016-08-01 The riveting tale of Alessandro de Medici s unexpected rise and spectacular fall which unravels centuries old mysteries exposes forgeries and brings to life the epic personalities of the Medicis Borgias and others as they waged sordid campaigns to rise to the top     *Katharine of Aragon* Patrick Williams,2013-05-15 The tragic story of Henry VIII s first unfortunate wife from an acknowledged expert of Spanish and Tudor history     *The 'Commentaries' of Pope Pius II (1458-1464) and the Crisis of the Fifteenth-Century Papacy* Emily O'Brien,2015-10-05 Written in the mid fifteenth century Pope Pius II s Commentaries are the only known autobiography of a reigning pontiff and a fundamental text in the history of Renaissance humanism In this book Emily O'Brien positions Pius expansive autobiographical text within that century s contentious debate over ecclesiastical sovereignty Presenting the Commentaries as Pius response to the crisis of authority legitimacy and relevance that was engulfing the

Renaissance papacy she shows how the Commentaries function as both an aggressive assault on the papal monarchy's chief opponents and a systematic defense of Pius's own troubled pontificate and his pre-papal career. Illustrating how the language imagery and ideals of secular power inform Pius's apologetic self-portrait. The Commentaries of Pope Pius II 1458-1464 and the Crisis of the Fifteenth Century Papacy demonstrates the role that Pius and his writings played in the evolution of the Renaissance papacy. The Late Medieval Age of Crisis and Renewal, 1300-1500 Clayton J. Drees, 2000-11-30 As part of a unique series covering the grand sweep of Western civilization from ancient to present times this biographical dictionary provides introductory information on 315 leading cultural figures of late medieval and early modern Europe. Taking a cultural approach not typically found in general biographical dictionaries the work includes literary philosophical artistic military religious humanistic musical economic and exploratory figures. Political figures are included only if they patronized the arts and coverage focuses on their cultural impact. Figures from western European countries such as Italy France England Iberia the Low Countries and the Holy Roman Empire predominate but outlying areas such as Scotland Scandinavia and Eastern Europe are also represented. Late medieval Europe was an age of crisis. With the Papacy removed to Avignon the schism in the Catholic Church shook the very core of medieval belief. The Hundred Years War devastated France. The Black Death decimated the population. Yet out of this crisis grew an age of renewal leading to the Renaissance. The great Italian city states developed. Humanism reawakened interest in the cultures of ancient Greece and Rome. Dante and Boccaccio began writing in their Tuscan vernacular. Italian artists became humanists and flourished. As the genius of Italy began spreading to northern and western Europe at the end of the 15th century the age of renewal was completed. This book provides thorough basic information on the major cultural figures of this tumultuous era of crisis and renewal. *Isabella* Kirstin Downey, 2015-11-10 An engrossing and revolutionary biography of Isabella of Castile the controversial Queen of Spain who sponsored Christopher Columbus's journey to the New World established the Spanish Inquisition and became one of the most influential female rulers in history. In 1474 when most women were almost powerless twenty-three year old Isabella defied a hostile brother and a mercurial husband to seize control of Castile and León. Her subsequent feats were legendary. She ended a twenty-four generation struggle between Muslims and Christians forcing North African invaders back over the Mediterranean Sea. She laid the foundation for a unified Spain. She sponsored Columbus's trip to the Indies and negotiated Spanish control over much of the New World. She also annihilated all who stood against her by establishing a bloody religious Inquisition that would darken Spain's reputation for centuries. Whether saintly or satanic no female leader has done more to shape our modern world. Yet history has all but forgotten Isabella's influence. Using new scholarship Downey's luminous biography tells the story of this brilliant fervent forgotten woman the faith that propelled her through life and the land of ancient conflicts and intrigue she brought under her command. *Absolute Monarchs* John Julius Norwich, 2012-05-15 NEW YORK TIMES BESTSELLER In a chronicle that captures nearly two thousand years of inspiration and intrigue John Julius Norwich recounts

in riveting detail the histories of the most significant popes and what they meant politically culturally and socially to Rome and to the world Norwich presents such popes as Innocent I who in the fifth century successfully negotiated with Alaric the Goth an invader civil authorities could not defeat Leo I who two decades later tamed and perhaps paid off Attila the Hun the infamous pornocracy the five libertines who were descendants or lovers of Marozia debauched daughter of one of Rome's most powerful families Pope Paul III the greatest pontiff of the sixteenth century who reinterpreted the Church's teaching and discipline John XXIII who in five short years starting in 1958 instituted reforms that led to Vatican II and Benedict XVI who is coping with today's global priest sex scandal Epic and compelling Absolute Monarchs is an enthralling history from an enchanting and satisfying raconteur The Washington Post

The Borgia Family Jennifer Mara DeSilva, 2019-10-11 The Borgia Family Rumor and Representation explores the historical and cultural structures that underpin the early modern Borgia family their notoriety and persistence and reinvention in the popular imagination The book balances studies focusing on early modern observations of the Borgias and studies deconstructing later incarnations on the stage on the page on the street and on the screen It reveals how contemporary observers later authors and artists and generations of historians reinforced and perpetuated both rumor and reputation ultimately contributing to the Borgia Black Legend and its representations Focused on the deeds and posthumous reputations of Pope Alexander VI and his children Cesare and Lucrezia Borgia the volume charts the choices made by the family and contextualizes them amid contemporary expectations and reactions Extending beyond their deaths it also investigates how the Borgias became emblems of anti Catholic and anti Spanish criticism in the later early modern period and their residing reputation as the best and worst of the Renaissance Exploring a spectrum of traditional and modern media The Borgia Family contextualizes both Borgia deeds and their modern representations to analyze the family's continuing history and meaning in the twenty first century It will be of great interest to researchers and students working on interdisciplinary aspects of the Renaissance and early modern Italy

**Ruthless Rulers** C.S. Denton, 2016-07-29 Throughout history all monarchs have lived with the same dichotomy of simultaneously being human and more than human In our time when monarchs seem little more than tourist curiosities and democracy is taken for granted it is easy to forget just how much power pre democratic rulers once wielded The rulers and holders of political power in this book were all possessed of vast in many cases absolute power power which was often exercised arbitrarily and unjustly What unites the figures in this book is that they all in one way or another failed to live up to the extravagantly high hopes invested in them and as a consequence have been judged harshly by history A few such as George III might have been remembered more kindly were it not for mental illness changing their status from that of hero to villain Some like Louis XVI were unfairly transformed into monsters by hostile propaganda while others such as Peter the Great have been both celebrated as heroes and denounced as tyrants often in the same breath Finally there are those rulers who like Caligula or Ivan the Terrible may well fully deserve their evil reputations Ruthless Rulers is a study in how often rulers were carried

away or overwhelmed by their exalted status while a few were even driven over the edge into madness

**Court and Politics in Papal Rome, 1492-1700** Gianvittorio Signorotto, Maria Antonietta Visceglia, 2002-03-21 This 2002 book attempts to overcome the traditional historiographical approach to the role of the early modern papacy by focusing on the actual mechanisms of power in the papal court The period covered extends from the Renaissance to the aftermath of the peace of Westphalia in 1648 after which the papacy was reduced to a mainly spiritual role Based on research in Italian and other European archives the book concentrates on the factions at the Roman court and in the college of cardinals The sacred college came under great international pressure during the election of a new pope and consequently such figures as foreign ambassadors and foreign cardinals are examined as well as political liaisons and social contacts at court Finally the book includes an analysis of the ambiguous nature of Roman ceremonial which was both religious and secular a reflection of the power struggle both in Rome and in Europe

**Europe (c.1400-1458)** Pope Pius II, 2013-11 This popular text circulated widely in manuscript form and was printed in several editions between the late 15th and the early 18th centuries in Latin German and Italian The present volume represents the first time this work has been translated into English bringing its colorful narrative to the attention of a wider audience This edition also provides extensive footnotes an appendix of rulers and a lengthy introduction to Aeneas's life and the context and relevance of this work

**European War and Diplomacy, 1337-1815** William Young, 2003-10 The history of international relations and warfare of early modern Europe has gained popularity in recent years This bibliography provides a valuable listing of books dissertations and journal articles in the English language for scholars and general readers interested in diplomatic relations and warfare from the Hundred Years War to the Napoleonic Wars

The Renaissance Popes: Culture, Power, and the Making of the Borgia Myth Gerard Noel, 2016-04-28 Between the years of 1447 Nicholas V and 1572 Pius V Rome was transformed from a ruined Medieval city The Vatican became the official home of the church and the world's largest bureaucracy a spectacular new Basilica of St Peter's took 100 years to build and Michelangelo changed the course of art history with his Sistine Chapel So vast and expensive was this cultural explosion that a new fundraising initiative was launched the sale of indulgences The Renaissance Popes were statesmen warriors patrons of the arts as well as churchmen These were earthly times and the reputations of popes like Alexander VI the infamous Borgia patriarch and Julius II the Terrible for murder poison sodomy and simony vary only in degree Meanwhile the sin of heresy which threatens the very core of the Catholic soul was tirelessly targeted by two other lasting innovations of the period the Inquisition and witch hunts Alexander VI father of the ruthless Cesare and Jezebel Lucrezia is seen to this day as the embodiment of this iniquity But Gerard Noel shows this is unjust and based on false confessions and historical myth What's more Alexander created the blueprint for reform the first of its kind that would eventually lead to the Counter Reformation In his survey of the colourful reigns of the seventeen Renaissance Popes and his examination of the great Borgia myth Noel brings to light the true legacy political artistic religious of an extraordinary time

**Shaping North America** James E. Seelye Jr., Shawn Selby, 2018-08-03 This fascinating multivolume set provides a unique resource for learning about early American history including thematic essays topical entries and an invaluable collection of primary source documents In 1783 just months after the United States achieved independence from Great Britain General George Washington was compelled to convince his officers not to undertake a military coup of the Congress of Confederation Had the planned mutinous coup of the Newburgh Conspiracy gone forward the American experiment may have ended before it even began The pre colonial and colonial periods of early American history are filled with accounts of key events that established the course of our nation s development This expansive three volume set provides entries on a wide variety of topics and themes in early American history to elucidate how the United States came to be Written in straightforward language the encyclopedic entries on social political cultural and military subjects from the pre Columbian period through the creation of the Constitution roughly 1400 1790 will be useful for anyone wishing to deeply investigate the who what where when and why of early America Additionally the breadth of primary documents including personal diaries letters poems images treaties and other legal documents provides readers with firsthand sources written by the men and women who shaped American history both the famous and the less well known Each of the three volumes also presents thematic essays on highlighted topics to fully place the individual entries within their proper historical context and heighten readers comprehension
