The Bormann Brotherhood William Stevenson, 1973      The Bormann Brotherhood William Stevenson, 1974      The Bormann Brotherhood William Stevenson, 1973      The SS Brotherhood of the Bell Joseph P. Farrell, 2006 Offers a range of exotic technologies the Nazis researched and challenges to the conventional views of the end of World War Two the Roswell incident and the beginning of MAJIC 12 the government's alleged secret team of UFO investigators      *Critical Mass* Carter Hydrick, 2016-08-01 On May 19 1945 eleven days after the surrender of Nazi Germany in Europe a U boat was escorted into Portsmouth Naval Yard New Hampshire News reporters covering the surrender of U 234 were ordered contrary to all previous and later U boat surrender procedures to keep their distance from crew members and passengers of U 234 on threat of being shot by the attending Marine guards Why the tight security Buried in the nose of the specially built mammoth boat sealed in cylinders lined with gold was 1 120 pounds of enriched uranium labeled U235 the fissile material from which atom bombs are made Critical Mass documents how these Nazi bomb components were then used by the Manhattan Project to complete both the uranium bomb dropped on Hiroshima and the plutonium bomb dropped on Nagasaki to defeat the Japanese and win World War Two and global domination in the modern age      Revisiting the National Socialist Legacy Oliver Rathkolb, 2019-01-22 Since the mid 1990s political legal and historical debates about Nazi theft and confiscation of property the use of slave labor during World War II and restitution and compensation have reemerged Revisiting the National Socialist Legacy presents completely new historical research on these issues conducted worldwide This volume responds to concern about Holocaust era assets in Europe the United States and Latin America It focuses on both reexamination of the history of National Socialist property theft and employment of forced labor in the wartime economy and the compensation and restitution solutions advanced in various European and Latin American countries since 1945

**Covert Wars and Breakaway Civilizations** Joseph P. Farrell, 2020-12-05 Oxford educated historian Joseph P Farrell really delivers in this latest addition to his best selling book series on suppressed technology Nazi survival and postwar hidden conflicts His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world He discusses the advanced technology that they took with them at the end of World War II and the psychological war that they waged for decades against America and NATO He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank among others and how NATO established a large covert warfare network and political slush fund He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth Farrell includes a fascinating discussion of emulational technologies those that can manipulate acts of god nature like earthquakes and storms from the standpoint of the culture of full spectrum dominance and the culture of plausible deniability yes there are plans for

mass destruction that can never be traced back to their real source Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery incredibly bold counterfeiting operations and the nexus of spy satellites nuclear weapons and UFOs He includes plenty of astounding accounts documents and speculation on the amazing alternative history of hidden conflicts secret super finance and technology [Into That Darkness](#) Gitta Sereny,2011-08-03 Based on 70 hours of interviews with Franz Stangl commandant of Treblinka the largest of the five Nazi extermination camps this book bares the soul of a man who continually found ways to rationalize his role in Hitler s final solution **Nazi War Crimes, US Intelligence and Selective Prosecution at Nuremberg** Michael Salter,2007-06-11 This book provides a balanced but critical discussion of the contribution of American intelligence officials to the Nuremberg war crimes trials process and reviews recently declassified CIA documents **Fighting the Last War** Jeffrey M. Bale,Tamir Bar-On,2024-01-24 The authors argue that the potential threat of a resurgence of fascism has been consistently exaggerated from 1945 until present day that the ongoing lack of conceptual and definitional clarity with respect to terms like fascism the radical right the alt right white supremacism populism racism etc has enabled ill informed or dishonest commentators to distort their meaning and abusively misapply those labels so as to delegitimize their political opponents and that the political and economic elites in charge of contemporary Western societies are now deliberately exaggerating and exploiting the threat posed by the domestic radical right in order to facilitate vilifying harassing de platforming censoring canceling and repressing disgruntled citizens no matter where they may lie along the political spectrum who openly criticize and vigorously oppose their agendas The authors also advocate the use of well established scholarly methods for carrying out research on the right and provide precise definitions of various terms in order to facilitate the development of more accurate categorizations **The Eagle in the Mirror** Jesse Fink,2024-05-21 Part biography part forensic jigsaw puzzle part cold case detective investigation The Eagle in the Mirror is the astonishing untold story of Charles Howard Dick Ellis the Australian born British intelligence officer and master spy accused by some espionage experts of being the traitor of the century The longest serving spy for the Secret Intelligence Service MI6 Ellis came to New York at the beginning of World War II as deputy to William Stephenson at British Security Coordination BSC and helped set up for William Donovan the Office of Strategic Services OSS what would eventually evolve into the Central Intelligence Agency CIA At one point in the 1940s he was considered one of the top three secret agents in MI6 controlling its activities for half the world Ellis allegedly received prior warning of the Japanese attack on Pearl Harbor and through the conduit of Stephenson relayed that warning to President Franklin D Roosevelt After World War II Ellis was awarded the Legion of Merit by President Harry S Truman But in the 1980s espionage writer Chapman Pincher and retired Security Service MI5 intelligence officer Peter Wright posthumously accused Ellis of having operated as a triple agent for Nazi Germany and the Soviet Union In 1965 while under interrogation in London Ellis had allegedly made a confession that he had supplied information to the Nazis prior to the war

The scope of Ellis's purported betrayal was considered even worse than notorious British traitor and double agent Kim Philby who defected to the Soviet Union in 1963. However, Pincher's and Wright's accusations against Ellis have never been comprehensively proven. Was Ellis guilty or was an innocent man framed? Did he take the fall for someone else? Or had the intelligence agencies of the United States, the United Kingdom, and Australia been fatally compromised by a super mole? Jesse Fink unravels a gripping real-life international whodunit in this long overdue biography of the unheralded Dick Ellis, one of the most consequential figures in modern history.

**Ratline** Peter Levenda, 2012-04-17 *Ratline* is the documented history about the mechanisms by which thousands of other Nazi war criminals fled to the remotest parts of the globe including quite possibly Adolf Hitler. It is a story involving Soviet spies, Nazi priests, and a network of Catholic monasteries and safe houses known as the ratline. The name of one priest in particular, Monsignor Draganovic, was discovered by the author in a diary found in Indonesia. Why would this name turn up in a document written in a spidery German hand in a remote island in Indonesia? As famed author Peter Levenda began his research, more information came to light. In December of 2009, it was revealed that the skull the Russians claimed was Hitler's, salvaged from the bunker in 1945, was not that of Hitler. In 2010, files from the Office of Special Investigations of the Justice Department were declassified, revealing a history of American intelligence providing cover for Nazi war criminals. The mystery deepened, and the author returned to his own roots, hunting Nazis in North America, South America, and Europe. He revisited old contacts, made some new ones, and gradually the explosive story was revealed: there is no forensic evidence to prove that Adolf Hitler died in the bunker in April 1945.

**The Third Way** Joseph P. Farrell, 2020-07-04 Pursuing his investigations of high financial fraud, international banking, hidden systems of finance, black budgets, and breakaway civilizations, author and researcher Joseph P. Farrell continues his examination of the post-war Nazi International, an extra-territorial state without borders or capitals, a network of terrorists, drug runners, and people in the very heights of financial power, willing to commit financial fraud in amounts totaling trillions of dollars. Breakaway civilizations, black budgets, secret technology, occult rituals, international terrorism, giant corporate cartels, patent law, and the hijacking of nature: it's all in this book where Farrell explores what he calls the business model of the post-war Axis elite. It is Farrell at his best, uncovering the gargantuan financial fraud and hidden technology of the breakaway civilization.

**Hitler's Priestess** Nicholas Goodrick-Clarke, 2000-10 As one of the earliest of Holocaust deniers and the first to suggest that Adolf Hitler was an avatar, a god come to earth in human form to restore the world to a golden age, Devi's appeal to neo-Nazi sects lies in the very eccentricity of her thought, combining Aryan supremacism and anti-Semitism with Hinduism, social Darwinism, animal rights, and a fundamentally biocentric view of life. Publisher information.

**The Hitler Legacy** Levenda, Peter, 2014-11-08 Peter Levenda's extensive investigative work began in 1979 and published as *Unholy Alliance* and continued through his recent ground-breaking revelations in *Ratline* of an Indonesian route in the Nazi escape of war criminals and their network, is in depth researched in *The Hitler Legacy* of the impact and influence of the
