The Bostonians Painters Of An Elegant Age 1870 1930:

The Bostonians Trevor J. Fairbrother, Denver Art Museum, Terra Museum of American Art, 1986 THE BOSTONIANS - PAINTERS OF AN ELEGANT AGE, ~1870-1930 (EIGHTEEN HUNDRED AND SEVENTY TO NINETEEN HUNDRED AND THIRTY). Trevor J. Fairbrother, 1986 **The Bostonians - Painters of an Elegant Age, 1870-1930**

, 1986 **The Bostonians** Trevor J. Fairbrother, Museum of Fine Arts, Boston, 1986 The Bostonians Henry James, 2001-03-01 There was nothing weak about Miss Olive she was a fighting woman and she would fight him to the death Basil Ransom an attractive young Mississippi lawyer is on a visit to his cousin Olive a wealthy feminist in Boston when he accompanies her to a meeting on the subject of women's emancipation One of the speakers is Verena Tarrant and although he disapproves of all she claims to stand for Basil is immediately captivated by her and sets about reforming her with his traditional views But Olive has already made Verena her protégée and soon a battle is under way for exclusive possession of her heart and mind *The Bostonians* is one of James's most provocative and astute portrayals of a world caught between old values and the lure of progress Richard Lansdown's introduction discusses *The Bostonians* as James's most successful political work and his funniest novel This edition contains extracts from Tocqueville and from James's *The American Scene* which illuminate the novel's social context There are also notes and a bibliography **The Bostonians** Trevor J. Fairbrother, 1986 North American Women Artists of the Twentieth Century Jules Heller, Nancy G. Heller, 2013-12-19 First Published in 1997 *North American Women Artists of the Twentieth Century* A Biographical Dictionary was created to fill a gap of there being a comprehensive reference work like this available even though the bibliography in English on various aspects of the history of women artists has grown exponentially during the past ten years As researchers the editors have been frustrated many times by being unable to locate basic information about many of the artists included in this volume especially those working outside the United States This leads directly to another reason for producing this particular kind of reference book to try and create a better understanding between and among the artists and art audiences in these countries

The Oxford Handbook of History and Material Culture Ivan Gaskell, Sarah Anne Carter, 2020-04-07 Most historians rely principally on written sources Yet there are other traces of the past available to historians the material things that people have chosen made and used This book examines how material culture can enhance historians' understanding of the past both worldwide and across time The successful use of material culture in history depends on treating material things of many kinds not as illustrations but as primary evidence Each kind of material thing and there are many requires the application of interpretive skills appropriate to it These skills overlap with those acquired by scholars in disciplines that may abut history but are often relatively unfamiliar to historians including anthropology archaeology and art history Creative historians can adapt and apply the same skills they honed while studying more traditional text-based documents even as they borrow methods from these fields They can think through familiar historical problems in new ways They can also deploy material

culture to discover the pasts of constituencies who have left few or no traces in written records The authors of this volume contribute case studies arranged thematically in six sections that respectively address the relationship of history and material culture to cognition technology the symbolic social distinction and memory They range across time and space from Paleolithic to Punk *The Nineteenth-century Visual Culture Reader* Vanessa R. Schwartz, Jeannene M. Przyblyski, 2004 The nineteenth century is central to contemporary discussions of visual culture This reader brings together key writings on the period exploring such topics as photographs exhibitions and advertising *The Grove Encyclopedia of American Art* Joan M. Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **American Painters on Technique** Lance Mayer, Gay Myers, 2013 How paintings were made in the most literal sense is an important but largely unknown aspect of the story of American art This book like the authors previous volume on American painting techniques from the colonial period to 1860 is based on descriptions of the materials and methods that painters used as found in artists notebooks painting manuals magazines suppliers catalogues letters diaries books and interviews In interpreting this evidence the authors have made use of their experience as conservators who have treated many important American paintings Book jacket **A Legacy of Art** Carol Lowrey, 2007 For more than a century a Gilded Age mansion on the south side of New York City's Gramercy Park has been home to the National Arts Club NAC its magnificent interior a refuge from hectic city life In this special catalog Lowrey curator of the club's permanent collection documents selected works by Artist Life Members artists who were given lifetime memberships in the club in exchange for one of their works the program ended in 1950 with the advent of the abstract expressionists The father of well known American sculptor Alexander Calder Alexander Stirling Calder was an Artist Life Member and his sculpture of the painter George Bellows is among the many artworks included here Also featured are an A to Z listing of Artist Life Members and a brief history of the NAC The catalog section includes full color reproductions and descriptions of the artworks as well as brief biographies of the artist Many members works show European influences particularly impressionism and the Barbizon school while others are distinctly American as in the Ash Can school A fine and fitting tribute to the NAC legacy that will be of interest to club academic and large public libraries 75 colour 175 b w illustrations *Eanger Irving Couse* Virginia Couse Leavitt, 2019-01-24 Eanger Irving Couse 1866 1936 showed remarkable promise as a young art student His lifelong interest in Native American cultures also started at an early age inspired by encounters with Chippewa Indians living near his hometown Saginaw Michigan After studying in Europe Couse began spending summers in New Mexico where in 1915 he helped found the famous Taos Society of Artists serving as its first president and playing a major role in its success This richly illustrated volume featuring full color reproductions of his artwork is the first scholarly exploration of Couse's noteworthy life and artistic achievements Drawing on extensive research Virginia Couse Leavitt gives an intimate account of Couse's experiences including his early struggles as an art student in the United States and abroad his study of Native

Americans his winter home and studio in New York City and his life in New Mexico after he relocated to Taos In examining Couse s role as one of the original six founders of the Taos Society of Artists the author provides new information about the art colony s early meetings original members and first exhibitions As a scholar of art history Leavitt has spent decades researching her subject who also happens to be her grandfather Her unique access to the Couse family archives has allowed her to mine correspondence photographs sketchbooks and memorabilia all of which add fresh insight into the American art scene in the early 1900s Of particular interest is the correspondence of Couse s wife Virginia Walker an art student in Paris when the couple first met Her letters home to her family in Washington State offer a vivid picture of her husband s student life in Paris where Couse studied under the famous painter William Bouguereau at the Acad mie Julian Whereas many artists of the early twentieth century pursued a radically modern style Couse held true to his formal academic training throughout his career He gained renown for his paintings of southwestern landscapes and his respectful portraits of Native peoples Through his depictions of the domestic and spiritual lives of Pueblo Indians Couse helped mitigate the prejudices toward Native Americans that persisted during this era American Women Artists, Past and Present Eleanor Tufts,1984

Re-envisioning the Everyday John Fagg,2023-10-03 Often seen as backward looking and convention bound genre painting representing scenes of everyday life was central to the work of twentieth century artists such as John Sloan Norman Rockwell Jacob Lawrence who adapted such subjects to an era of rapid urbanization mass media and modernist art Re envisioning the Everyday asks what their works do to the tradition of genre painting and whether it remains a meaningful category through which to understand them Working with and against the established narrative of American genre painting s late nineteenth century decline into obsolescence John Fagg explores how artists and illustrators used elements of the tradition to picture everyday life in a rapidly changing society whether by appealing to its nostalgic and historical connotations or by updating it to address new formal and thematic concerns Fagg argues that genre painting enabled twentieth century artists to look slowly and carefully at scenes of everyday life and on some occasions to understand those scenes as sites of political oppression and resistance But it also limited them to anachronistic ways of seeing and tied them to a freighted history of stereotyping and condescension By surveying genre painting when its status and relevance were uncertain and by looking at works that stretch and complicate its boundaries this book considers what the form is and probes the wider practice of generic categorization It will appeal to students and scholars of American art history art criticism and cultural studies *Childe Hassam* David Park Curry,1990 A major book on a major American Impressionist **Painting in Boston, 1950-2000** Rachel Rosenfield Lafo,Nicholas J. Capasso,Jennifer Uhrhane,2002 The book includes essays by five experts in the field presenting and analyzing the work of sixty seven artists Rachel Rosenfield Lafo introduces the reader to the Boston art scene from the academic institutions that have nourished the area s painters to the galleries where their work has been shown to the museums exhibitions and critics that have shaped public opinion Writing about the realist tradition

that has thrived in Boston for over three hundred years John Stomberg focuses on a group of painters of widely differing styles who have redefined realism in modern and contemporary terms BOOK JACKET **Angels of Art: Women and Art in American Society, 1876-1914** , The White Blackbird Honor Moore, 2012-04-02 A striking portrait of a woman artist's struggle for life Arthur Miller Margaret Sargent was an icon of avant garde art in the 1920s In an evocative weave of biography and memoir her granddaughter unearths for the first time the life of a spirited and gifted woman committed at all costs to self expression **The Boston Cosmopolitans** M. Rennella, 2008-03-31 This book traces the progression of cosmopolitanism from the private experience of a group of artists and intellectuals who lived and worked in Boston between 1865 and 1915 to finished works of monumental art that shaped public space
