Indices cover designers, productions, actors and performers. The iconography provides an indexed record of over 6000 printed plates of performers in role, illustrating performance costume from the 18th to 20th century.

Matamoros, 2021-07-01 The subTexte series of the IPF Institute for the Performing Arts and Film is dedicated to presenting original research within two fields of inquiry: Performative Practice and Film. The series offers a platform for the publication of texts, images or digital media emerging from research on, for or through the performative arts or film. The series contributes to promoting practice-based art research beyond the ephemeral event and the isolated monograph, to reporting intermediate research findings and to opening up comparative perspectives. www.zhdk.ch/forschung/ipf **Apollo's Angels** Jennifer Homans, 2011-11-29 NEW YORK TIMES BESTSELLER, NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW, LOS ANGELES TIMES, SAN FRANCISCO CHRONICLE AND PUBLISHERS WEEKLY. For more than four hundred years, the art of ballet has stood at the center of Western civilization. Its traditions serve as a record of our past. Lavishly illustrated and beautifully told, *Apollo's Angels*, the first cultural history of ballet ever written, is a groundbreaking work. From ballet's origins in the Renaissance and the codification of its basic steps and positions under France's Louis XIV himself, an avid dancer, the art form wound its way through the courts of Europe from Paris and Milan to Vienna and St. Petersburg. In the twentieth century, migré dancers taught their art to a generation in the United States and in Western Europe, setting off a new and radical transformation of dance. Jennifer Homans, a historian, critic and former professional ballerina, wields a knowledge of dance born of dedicated practice. Her admiration and love for the ballet, as *Entertainment Weekly* notes, brings a dancer's grace and sure-footed agility to the page. Dance on Its Own Terms Melanie

Bales, Karen Eliot, 2013-06-13 *Dance on its Own Terms Histories and Methodologies* anthologizes a wide range of subjects examined from dance centered methodologies modes of research that are emergent based in relevant systems of movement analysis use primary sources and rely on critical informed observation of movement The anthology fills a gap in current scholarship by emphasizing dance history and core disciplinary knowledge rather than theories imported from disciplines outside dance Individual chapters serve as case studies that are further organized into three categories of significant dance activity performance and reconstruction pedagogy and choreographic process and notational and other written forms that analyze and document dance The breadth of the content reflects the richness and vibrancy of the dance field each deeply informed examination serves as a window opening onto the larger world of dance Conceptually each chapter also raises concerns and questions that point to broadly inclusive methodological applications Engaging and insightful *Dance on its Own Terms* represents a major contribution to research on dance
