The Corn Economy of Indonesia C. Peter Timmer, 2019-05-15 Dealing with a dynamic commodity system in a country that has experienced rapid economic growth over the past fifteen years The Corn Economy of Indonesia offers expert policy analysis conducted within a political economy framework

The Corn Economy of Indonesia Bulog/Stanford Corn Project, Paul Anthony Dorosh, C. Peter Timmer, 1985

The corn economy of Indonesia, 1985

Maize in Indonesia: production systems, constraints and research priorities, 2004 The demand for maize as food and feed has been steadily increasing

North-south Grain Markets And Trade Policies David Blandford, 2019-03-13 The book is composed of a series of case studies The countries included reflect the interest and experience of the authors who collaborated in preparing the volume No attempt was made to provide representative coverage based upon a comprehensive classification of countries which is why there are no chapters dealing with such exporters as Argentina or Thailand or importers such as Egypt or Japan Despite the somewhat eclectic geographical mix many of the fundamental issues that face the North and the South both individually and collectively are illustrated by the case countries We would argue that there is much to be learned about the effective implementation of policy choices and the constraints that policymakers face by looking at individual country experiences rather than by attempting to generalize on the basis of an abstract theoretical framework There is a dearth of information on what countries actually do in managing domestic grain markets

Food Price Policy in Asia Terry Sicular, 2019-05-15 This book sheds light on the causes and effects of food price policy during the development process by examining it in a variety of settings in Asian countries that range from large to small and include food importers and exporters protectionists and free marketers capitalists and socialists

The Soybean Economy of Indonesia Franck S. Wiebe, 1990

The Indonesian Economy Hal Hill, 2000-04-04 Few countries have experienced such sharply fluctuating fortunes as Indonesia This book offers a balanced analysis evaluation and explanation of Indonesia's economic performance from 1967 Hal Hill highlights Indonesia's successes during this period rapid industrialisation major achievements in the food crop sector and the adoption from the mid 1980s of outward looking policies He also draws attention to the challenges facing the country including the rocky path towards economic reform the large external debt regional and ethnic disparities and the need for a transparent and predictable policy environment In this second edition an extended postscript takes the story through the dramatic turnaround and political and economic crises since 1997 including the downfall of Soeharto

The Economic Development of Southeast Asia Hal Hill, 2002 This major four volume collection brings together the key analytical contributions on the economies of Southeast Asia countries which together have a population of more than 500 million people This group of economies is of interest for a number of reasons Firstly they feature great diversity Singapore has one of the highest per capita incomes in the world while several of the mainland Southeast Asian states are among the poorest Brunei is a tiny oil sultanate while Indonesia is the world's fourth largest nation In addition several of these

economies have been consistently among the world's most open while others are emerging from a long period of international commercial isolation Thirdly the group includes one sizeable country the Philippines which for reasons still only poorly understood has consistently under performed compared to its potential Four of the economies Indonesia Malaysia Singapore Thailand grew extremely quickly in the three decades through to the recent Asian economic crisis Lastly the Asian economic crisis of 1997-98 particularly affected three of the countries Indonesia Malaysia and Thailand The factors explaining this sudden and largely unanticipated event are still only poorly understood This comprehensive reference collection is essential reading for all those interested in the economic performance of these economies Food Price Policy in Indonesia C. Peter Timmer, 1987 **Rural Development and Agricultural Growth in Indonesia, the Philippines and Thailand** Takamasa Akiyama, Donald F. Larson, 2004 Focuses on economic growth in the agricultural sectors of Indonesia the Philippines and Thailand The agricultural sectors of these economies have diverged considerably over the last 40 years The volume investigates the ways in which policy institutions investments and resource constraints have driven this divergence *Agricultural Diversification in Indonesia* Klaus Altemeier, 1991 Indonesian Agricultural Research & Development Journal, 1988 *Agriculture and Rural Development in Indonesia Into the 21st Century* Kym Anderson, Mari Pangestu, 1995 **Sustainable Development and Economic Growth in the Third World** United States.
