

SHAPING EUTHANASIA RIGHTS

Compassion in Dying v. Washington
and *Quill v. Vacco*

Edward R. Grant¹

*Compassion in Dying v. Washington*² and *Quill v. Vacco*,³ issued respectively by the Ninth and Second Circuit Federal appeals courts, framed the legal questions regarding assisted suicide and euthanasia for ultimate resolution by the United States Supreme Court (a resolution handed down June 26, 1997, shortly before the publication of this volume). Thus, while American society continues its vigorous and rapidly evolving debate on euthanasia rights,⁴ it must also ponder the potential of a Supreme Court decision analogous in scope to the Court's decisions defining abortion rights.

The Ninth Circuit held that under the Due Process clause of the Fourteenth Amendment, there is a "liberty interest in controlling the time and manner of one's death."⁵ The court found the Washington statute that prohibits "aid[ing] another person to attempt suicide" is unconstitutional "as applied to terminally ill competent adults who wish to hasten their deaths with medication prescribed by their physicians."⁶

In contrast, the Second Circuit expressly denied the existence of any such liberty interest. The court found that even New York statutes prohibiting assisted suicide "do not impinge on any fundamental rights nor can it be said that they involve suspect classifications."⁷ However, because other aspects of New York law permit the withdrawal of life-sustaining treatment, which also may result in death, the court found the assisted suicide prohibition to be a violation of the Equal Protection clause: "[T]o the extent that [these statutes] prohibit a physician from prescribing medication to be self-administered by a mentally competent, terminally-ill person in the final stages of his terminal illness, they are not rationally related to any legitimate state interest."⁸

Despite these doctrinal differences, the opinions share three fundamental themes. First, the circuits' respective interpretations of the due process and equal protection clauses to invalidate long-standing state prohibitions against assisted suicide find no basis in American legal traditions or constitutional precedent. Second, both circuits undermined and in some cases ignored the compelling interests of the State in preventing physicians from taking actions to directly cause the deaths of their patients. Third, while claiming to allow wide latitude

Suicide and the God of Grace Mark Koonz,2025-08-19 Suicide is a painfully intrusive reality around the world touching many Christian families as well These theological reflections are designed to assist pastors facing one of the hardest funerals imaginable as well as inform other readers family and spiritual care givers who live in the aftermath of tragedy Biblical passages and the history of Christian thought are scanned with some surprising results There is a persistent openness to God's grace embracing death by suicide redeeming the last moment of life From Aquinas to Luther to Barth influential theologians refused to call suicide an unforgiveable sin though they always discouraged it There is a surprising congruence between ancient and modern Protestant and Roman Catholic in some of these approaches Without attempting to speak God's final word on any victim of suicide the editor finds a middle way between outright condemnation and universalism Contributors offer actual sermons used for suicide funerals This book invites all who wrestle with suicide's spiritual questions to engage with a tradition more compassionate and nuanced than many might expect

Paul and His Mortality R. Gregory Jenks,2015-11-16 While many books are written on Jesus's death a gap exists in writings about the theological significance of a believer's death particularly in imitation of Jesus's Paul as a first apostolic witness who talked frequently about his own death serves as a foundational model for how believers perceive their own death While many have commented about Paul's stance on topics such as forensic righteousness and substitutionary atonement less is written about Paul's personal experience and anticipation of his own death and the merit he assigned to it Paul and His Mortality Imitating Christ in the Face of Death explores how Paul faced his death in light of a ministry philosophy of imitation as he sought to imitate Christ in his life so he would imitate Christ as he faced his death In his writings Paul acknowledged his vulnerability to passive death as a mortal that at any moment he might die or come near death He gave us some of the most mournful and vitriolic words about how death is God's and our enemy But he also spoke openly about choosing death My aim is to know him to be like him in his death This study seeks to show that Paul embraced death as a follower and imitator of Christ because the benefits of a good death supersede attempts at self preservation For him embracing death is gain because it is honorable because it reflects ultimate obedience to God and because it is the reasonable response for those who understand that only Jesus's death provides atonement Studying mortality is paradoxically a study of life Peering at the prospect of life's end energizes life in the present This urgency focuses on living with mission in step with God the Creator and Sustainer of

life who is rightly referred to as Life itself By focusing on mortality we focus on Paul s theology of life in its practical aspects in particular living life qualitatively aware of God s kingdom and mission and our limited quantity of days **Suicide** Timothy J. Pursuit Court Greene, 2021-07-19 Suicide is a serious and sadly increasingly common phenomenon in our world. It gets much more serious though when it affects those we personally know and love. Pursuit is the story of a pastor whose twin brother's death came in such a way casting his life into turmoil. Using hunting and fishing stories to make complex emotions and ideas understandable, the reader will take a journey with the author through his past with his brother and toward healing. Along the way, readers examine the identity crisis that the author faced, wrestle with biblical truths, and understand the anguish through which those affected by suicide often go. Pursuit is just that: a dogged pursuit to recover identity, something like normalcy, and healing in a world suddenly changed. Attempting to bring help to some and understanding to others, Pursuit is presented in a raw and honest way for which the author does not apologize but does hope potential readers will find necessary and not gratuitous.
