**Religion and Suicide in the African-American Community** Kevin E. Early, 1992-10-26 Suicide among African Americans occurs at about half the rate with which it occurs among white Americans Why is the black rate of suicide so much lower particularly when one considers the effects of racism and other socio economic factors on African Americans One answer that has been offered is that churches within the African American community have a greater influence than among white Americans and that they provide amelioration of social forces that would otherwise lead to suicide To date no other book has provided an in depth ethnographic study of the buffering effect of the black church against suicide Findings from Early s study indicate that there is a consensus within the black community in terms of its attitudes and beliefs toward suicide Early concludes that suicide is alien to underlying African American belief systems and a complete denial of what it means to be black This important study will be invaluable to sociologists and others studying contemporary race relations and social problems

**Religion, Death, and Dying** Lucy Bregman, 2009-11-25 A wide ranging anthology for general readers covering many religious ethical and spiritual aspects of death dying and bereavement in American society What do various spiritual and ethical belief systems have to say about modern medicine s approach to the end of life Do all major religions characterize the afterlife in similar ways How do funeral rites and rituals vary across different faiths Now there is one resource that gathers leading scholars to address these questions and more about the many religious ethical and spiritual aspects of death dying and bereavement in America Religion Death and Dying compares and contrasts the ways different faiths and ethical schools contemplate the end of life The work is organized into three thematic volumes first an examination of the contemporary medicalized death from the perspective of different religious traditions and the professions involved second an exploration of complex often controversial issues including the death of children AIDS capital punishment and war and finally a survey of the funeral and bereavement rituals that have evolved under various religions

and cultural change They highlight how contemporary debates around marriage gender and sexuality are deeply informed by religious beliefs and practices Through a critically engaged interdisciplinary investigation The Sexual Politics of Black Churches develops an array of new perspectives on religion race and sexuality in American culture Why People Die by Suicide Thomas Joiner,2009-07-01 Drawing on extensive clinical and epidemiological evidence as well as personal experience Thomas Joiner provides the most coherent and persuasive explanation ever given of why and how people overcome life's strongest instinct self preservation **Suicide Among Racial and Ethnic Minority Groups** Frederick T.L. Leong,Mark M. Leach,2010-04-15 Suicide is increasingly understood and predicted as an intersection of biological psychological cognitive and sociocultural factors We have some basic knowledge of these factors and how they interact but presently we know very little about how culture can play a role as a variable that influences suicide Suicide Among Racial and Ethnic Minority Groups will go a long way towards filling that gap by pulling together cutting edge empirical research from general cultural diversity literature and applying it to suicide assessment treatment and prevention theory and practice By looking outside of the limited cross cultural studies done within suicidal populations the contributors all established experts in both multicultural counseling and suicidology expand the available empirical literature base in order to provide a deeper look into how culture can act as an important catalyst in suicidal intentions Following theoretical overviews the text focuses on six broad ethnic groups classified in the literature African American American Indian Asian American European American Hawaiian Pacific Islander and Hispanic with a main chapter devoted to each relating each culture to suicide research highlighting specific variables within the culture that can influence suicide and presenting appropriate treatment considerations A final section of the book consists of practical applications within specific settings therapy outreach schools psychiatric services and prevention and training issues **Suicide Among Diverse Youth** Andres J Pumariega,Neha Sharma,2017-11-13 This book provides a comprehensive review of the complex growing mental health challenges faced by culturally diverse populations of children and adolescents Suicide Among Diverse Youth A Case Based Guidebook is the first book of its kind and is designed specifically to bridge the knowledge and skills gap encountered by most clinicians dealing with youth from diverse cultural backgrounds particularly those different than that of the clinician The title begins with two introductory chapters which cover cultural aspects of suicidality among youth culturally informed treatment of suicidality with diverse youth and examples of preventative approaches These are followed by population specific chapters which cover a broad spectrum of diverse populations including underserved ethnic and racial populations in the United States LGBTQ youth as well as various immigrant populations from Eastern European and Middle Eastern countries These case based chapters are structured in a cohesive easy to read format that promotes ease of reference beginning with a clinical case report review of literature unique characteristics and risk factors associated with suicidality and evidence based practice provided by the authors from their considerable experience The authors are often from the same ethnic racial or cultural
