A Baker's Odyssey Greg Patent, 2007 In this book I'm embarking on a different path focusing on finding recipes that preserve the tastes and memories of a long departed place

[Milk](#) Anne Mendelson, 2013-05-01 Part cookbook with more than 120 enticing recipes part culinary history part inquiry into the evolution of an industry Milk is a one of a kind book that will forever change the way we think about dairy products Anne Mendelson author of *Stand Facing the Stove* first explores the earliest

Old World homes of yogurt and kindred fermented products made primarily from sheep's and goats milk and soured as a natural consequence of climate. Out of this ancient heritage from lands that include Greece, Bosnia, Turkey, Israel, Persia, Afghanistan, and India, she mines a rich source of culinary traditions. Mendelson then takes us on a journey through the lands that traditionally only consumed milk fresh from the cow, what she calls the Northwestern Cow Belt, northern Europe, Great Britain, North America. She shows us how milk reached such prominence in our diet in the nineteenth century that it led to the current practice of overbreeding cows and overprocessing dairy products. Her lucid explanation of the chemical intricacies of milk and the simple home experiments she encourages us to try are a revelation of how pure milk products should really taste. The delightfully wide-ranging recipes that follow are grouped according to the main dairy ingredient: fresh milk and cream, yogurt, cultured milk and cream, butter, and true buttermilk, fresh cheeses. We learn how to make luscious Clotted Cream, magical Lemon Curd, that beautiful quasi-cheese Mascarpone, as well as homemade yogurt, sour cream, true buttermilk, and homemade butter. She gives us comfort foods such as Milk Toast and Cream of Tomato Soup alongside Panir and Chhenna from India. Here too are old favorites like Herring with Sour Cream Sauce, Beef Stroganoff, a New Englandish Clam Chowder, and the elegant Russian Easter dessert Paskha. And there are drinks for every season from Turkish Ayran and Indian Lassis to Batidos, Latin American milkshakes, and an authentic hot chocolate. This illuminating book will be an essential part of any food lover's collection and is bound to win converts determined to restore the purity of flavor to our First Food.

Ethnic American Food Today: A Cultural Encyclopedia Lucy M. Long, 2015-07-17 *Ethnic American Food Today* introduces readers to the myriad ethnic food cultures in the U.S. today. Entries are organized alphabetically by nation and present the background and history of each food culture along with explorations of the place of that food in mainstream American society today. Many of the entries draw upon ethnographic research and personal experience, giving insights into the meanings of various ethnic food traditions as well as into what, how, and why people of different ethnicities are actually eating today. The entries look at foodways, the network of activities surrounding food itself, as well as the beliefs and aesthetics surrounding that food and the changes that have occurred over time and place. They also address stereotypes of that food culture and the culture's influence on American eating habits and menus, describing foodways practices in both private and public contexts, such as restaurants, groceries, social organizations, and the contemporary world of culinary arts. Recipes of representative or iconic dishes are included. This timely two-volume encyclopedia addresses the complexity and richness of both ethnicity and food in America today.

A Turkish Cookbook Arto der Haroutunian, 2015-06-19 The acclaimed author of *Middle Eastern Cookery* explores the culinary traditions of Turkey with more than 130 taste-tempting recipes. From internationally acclaimed author Arto der Haroutunian comes *A Turkish Cookbook*, a lovingly written recipe book packed with traditional stories, poems, and sayings. Turkey is fast becoming one of the most popular tourist destinations, and while famous for its scenic beauty and ancient sites, it undoubtedly owes much of its newfound popularity to the quality and character of its food.
