Faucett,2023 John Sullivan

Dwight 1813-93 was for much of the nineteenth century America s leading music critic Born into a musical family and educated at several premiere Boston schools he fell under the spell of New England Transcendentalism during which time he befriended Ralph Waldo Emerson Elizabeth Palmer Peabody Margaret Fuller George Ripley and others of a similarly progressive mindset Dwight resided at the socialist utopian community of Brook Farm where he learned the art of journalism and the business of publishing while writing for The Harbinger He wrote on many topics Transcendentalism of course but especially on music and musical performance Dwight was a skilled communicator and he conveyed ideas powerfully persuasively and constantly in language that had recently been given verve by German Romanticism and Emersonian Transcendentalism When Brook Farm collapsed Dwight s professional prospects ran desperately low After several years as a journeyman writer he launched in 1852 his own Dwight s Journal of Music A Paper of Art and Literature a newspaper that

firmly established him as a serious music critic The Journal was published regularly until 1881 It was and remains an important periodical In its own time it spoke to America s growing appetite for art music today it is indispensable for research into nineteenth century American classical music especially in Boston This biography follows Dwight s fascinating life as he meets and writes about some of the era s most crucial intellectuals and musicians His enormous body of essays reviews and translations much of it illuminated here leads to the conclusion that Dwight the Music Critic and Dwight the Transcendentalist are inseparable
