Summer Lightning Penguin Twentieth Century Classics:

A Reader's Companion to the Short Story in English Erin Fallon, Rick Feddersen, James Kurtzleben, Maurice A. Lee, Susan Rochette-Crawley, 2000-12-30 While the short story has existed in various forms for centuries it has particularly flourished during the last hundred years and especially in recent decades Though many outstanding novels have been written in the 20th century most of these writers have also published short fiction And in many cases their short stories exhibit a greater degree of coherence and integrity than their longer works The rise of creative writing programs in the 1960s helped fuel the growth of the short story and brought academic attention to it So too the emergence of multiculturalism encouraged authors of diverse backgrounds to write about their cultures This reference is a guide to the contemporary English language short story Included are alphabetically arranged entries for roughly 50 English language short story writers from around the world such as Chinua Achebe John Barth Jamaica Kincaid Salman Rushdie and Amy Tan More than half the American writers profiled are from historically marginalized groups such as Jewish Americans African Americans and Asian Americans Most of these authors have been active since 1960 and they reflect a wide range of experiences and perspectives in their works Each entry is written by an expert contributor and includes biographical material a brief review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory

Communities in Contemporary Anglophone Caribbean Short Stories Lucy Evans, 2014-11-05 This book explores representations of community in Anglophone Caribbean short story collections and cycles of the late twentieth and early twenty first century **American Book Publishing Record** , 1997-05 **Whitaker's Five-year Cumulative Book List** , 1968 Paperbacks in Print , 1979 □□□□□□□□ , 1965 **An Historical Syntax of the English Language** F.Th. Visser, 2023-05-08 Frederik Theodor Visser's *An Historical Syntax of the English Language* published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics Visser's achievements can hardly be overestimated Before the advent of modern corpus linguistics he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time This has made this publications an indispensable resource for anyone investigating the history of English syntax This reproduction of Visser's volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate Having a searchable and easy to use online version although maybe not perfect available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance **British Book News** British Council, 1986 Whitaker's Book List , 1991 **British Paperbacks in Print** , 1985
