Morisseau,Harrison David Rivers,2022-06-30 Few institutions have as profound an impact on the American theatrical landscape as the Tony Award winning Williamstown Theatre Festival located in Williamstown Massachusetts New Plays from Williamstown Theatre Festival 2015 2021 provides a sample of the dozens of plays that have been created and or premiered at the Festival during the Artistic Directorship of Mandy Greenfield In addition to stories that shine a light into new or underexplored corners of the human condition these plays frequently feature complex and boundary pushing central roles for women actors These six plays are manifestations of living American playwrights grappling with and breathing dramatic life into the conflicts and questions at the heart of who we were who we are and who we will become These plays imagine and interrogate pieces of the human experience we are still in the midst of unpacking and understanding Complete with introductions by each of the authors reflecting on their work these historic award winning and groundbreaking plays now live in conversation with one another in this unique collection      **Summer's Last Will and Testament** Thomas

Nashe,2015-12-22 This early work by Thomas Nashe was originally published in 1600 and we are now republishing it with a brand new introductory biography Summer s Last Will and Testament is an Elizabethan era stage play that broke new ground in the development of English Renaissance drama Thomas Nashe was born in November 1567 He was an English Elizabethan Pamphleteer playwright poet and satirist but little is known with certainty about his life Much of the information we have has been inferred from his writings Nashe s first appearance in print was his preface to Robert Greene s Menaphon 1589 in which he offers a brief definition of art and an overview of contemporary literature His early exercise in euphuism The Anatomy of Absurdity was published in the same year From then on Nashe became involved in numerous political and religious causes including the Martin Marprelate controversy where he sided with the bishops Nashe offers an important insight into the workings of 16th century English life and his writings will continue to be studied for both their literary content and historical relevance      **Baseball in the Carolinas** Chris Holaday,2015-10-05 It is not known exactly when base

ball first made its way down to the Carolinas but it was being played in North and South Carolina at least as early as the Civil War By the early years of the twentieth century the game had become a dominant form of entertainment in both states and has remained a part of many communities across the Carolinas ever since This work is a collection of 25 nonfiction stories about baseball as it has been played in the Carolinas from its early days to the present Contributors to this work include Marshall Adesman writing about his love for the Durham Athletic Park David Beal remembering the last bus trip the Winston

Salem Warthogs made to play the Durham Bulls in 1997 before the Bulls became a Triple A team Robert Gaunt writing about the All American Girls Baseball League and its players in South Carolina Thomas Perry telling the story of Shoeless Joe Jackson's start in baseball in the textile leagues Parker Chesson relating the 1947 Albemarle League playoff and Bijan Bayne chronicling black professional baseball in North Carolina from World War I to the Depression just to name a few

**Shakespeare's Dramatic Transactions** Michael E. Mooney, 1990 Shakespeare's Dramatic Transactions uses conventions of performance criticism staging and theatrical presentation to analyze seven major Shakespearean tragedies Hamlet Othello King Lear Macbeth Antony and Cleopatra Richard II and Richard III As scholars and readers increasingly question the theoretical models used to describe the concepts of mimesis and representation this book describes how the actor's stage presentation affects the actor's representational role and the ways in which viewers experience Shakespearean tragedy Michael Mooney draws on the work of East German critic Robert Weimann and his concept of figureposition the correlation between an actor's stage location and the speech action and stylization associated with that position to understand the actor stage location relationship in Shakespeare's plays In his examination of the original staging of Shakespeare's tragedies Mooney looks at the traditional interplay between a downstage place and upstage location to describe the difference between non illusionistic action often staged near the audience and the illusionistic localized action that characterizes mimetic art The innovative and insightful approach of Shakespeare's Dramatic Transactions brings together the techniques of performance criticism and the traditional literary study of Shakespearean tragedy In showing how the distinctions of stage location illuminate the interaction among language representation Mooney's compelling argument enhances our understanding of Shakespeare and the theater

**Plays by American Women, 1930-1960** Judith E. Barlow, 2001-05 Offers a collection of classic plays by such women writers as Lillian Hellman Gertrude Stein Alice Childress and Clare Boothe

*New Theatre Quarterly 60: Volume 15, Part 4* Clive Barker, Simon Trussler, 2000-02-24 New Theatre Quarterly provides an international forum where theatrical scholarship and practice can meet and where prevailing dramatic

**Digital Humanities and the Lost Drama of Early Modern England** Matthew Steggle, 2016-04-22 This book establishes new information about the likely content of ten lost plays from the period 1580-1642. These plays' authors include Nashe, Heywood and Dekker, and the plays themselves connect in direct ways to some of the most canonical dramas of English literature including *Hamlet*, *King Lear*, *The Changeling* and *The Duchess of Malfi*. The lost plays in question are *Terminus*, *Richard the Confessor* (1593), *Cutlack* (1594), *Bellendon* (1594), *Truth's Supplication to Candlelight* (1600), *Albere Galles* (1602), *Henry the Una* (c. 1619), *The Angel King* (1624), *The Duchess of Fernandina* (c. 1630) and *The Cardinal's Conspiracy* (bef. 1639). From this list of bare titles, it is argued, can be reconstructed comedies, tragedies and histories whose leading characters included a saint, a robber, a Medici duchess, an impotent king, at least one pope and an angel. In each case, newly available digital research resources make it possible to interrogate the title and to identify the play's subject matter, analogues and likely genre. But these concrete examples raise wider theoretical problems: What is a lost play? What can and cannot be said about objects in this problematic category? Known lost plays from the early modern commercial theatre outnumber extant plays from that theatre, but how, in practice, can one investigate them? This book offers an innovative theoretical and practical frame for such work, putting digital humanities into action in the emerging field of lost play studies.
