Sun Sea Surf And Sand The Myth Of The Beach:

Some Like It Hot , **The Beach** Robert Drewe,2015-11-01 Robert Drewe internationally acclaimed writer writes here about the quintessential Australian experience Drewe looks at the sunny salty sexiness of the beach that first enticed the crusading Mr William Gocher into the ocean at Manly in 1903 defying authorities in his neck to knee bathing costume We ve come a long way from sunbathing in stockings and pantaloons to the unabashed display of sun kissed bodies of all shapes and sizes at any beach in the country today But the beach also has a dark side as a place of tragedy violence and danger a place where sharks attack prone surfers and prime ministers disappear Drewe s lyrical examination of Australian beach culture combines imagery from some of Australia s most celebrated photographers with his personal anecdotes a favourite boat a capsicum strewn beach a summer holiday with teenagers and an unwelcome great white This is a book for Australians dreaming of the beach that is those of us not there right now *Australian Beach Cultures* Douglas Booth,2012-12-06 Australians are surrounded by beaches But this enclosure is more than a geographical fact for the inhabitants of an island continent the beach is an integral part of the cultural envelope This work analyzes the history of the beach as an integral aspect of Australian culture *Sand In Our Souls* Leone Huntsman,2013-05-09 Images of the beach pervade Australian popular culture However the deeper significance of the experience of the beach and its influence on Australian culture generally have not yet been seriously explored How why and when did the beach become part of the Australian way of life In *Sand in our Souls* Leone Huntsman describes the forces and pressures that encouraged or impeded Australians enjoyment of sand and surf from early enjoyment of bathing through nearly a century of repressive restrictions to freedom won in the face of drawn out opposition The ways in which artists writers film makers and the advertising industry have depicted the beach are examined for the light they throw on the beach s significance She traces the development of a distinctively Australian way of being at the beach suggesting that the beach experience has been absorbed into our emerging culture and continues to shape it in subtle ways Huntsman s provocative arguments will stimulate debate on the concept of national identity appropriate for a new Australian century and promote a deeper understanding of an aspect of life in Australia that is cherished by many of those who live here *Something Rich and Strange* Sue Hosking,Susan Hosking,2009 Beaches are places of contact play confrontation and friction first comers always arrive on a beach After Europeans moved into the Antipodes the coast was the first frontier to be defined Flinders circumnavigation in 1802 had mapped Australia revealing the land as girt by sea as the national anthem continues to remind us All kinds of ideas about the coast beaches sea changes holiday places and islands swirl and eddy in this unique collection of writing **Proximity as Method** Riccarda Flemmer,Bani Gill,Jacky Kosgei,2024-06-07 This book examines proximity as a benchmarked concept that can be deployed across a range of humanities disciplines to rethink the ways in which existences in the world are always already coexistences and to parse the heuristic ethical epistemological praxeological consequences of this recognition The volume Brings together

diverse theoretical approaches and utilizes a range of methodological instruments conceptual textual analytic whether in the realm of literary or religious studies or theology or law archival digital sociological or politological Includes empirical case studies that allow calibrated and scaled exemplifications Launches forays onto unexplored conceptual terrain or call into question hallowed truths of scholarly procedure The volume will be essential reading for students and early researchers in the social sciences and the humanities

Sun, Sea, Surf, and Sand Geoffrey Dutton, 1985 An anthology drawn from the work of Australian writers painters and photographers to present a picture of the country's famous beaches and the people who spend so much time on them

Surfing and Social Theory Nick Ford, David Brown, 2006 Drawing on popular surf culture academic literature and the analytical tools of social theory this is the first sustained commentary on the contemporary social and cultural meaning of surfing exploring mind and body emotions and aesthetics

Too Soon Too Late Meaghan Morris, 1998-08-22 Author Meaghan Morris asks how feminist culture critics can participate in political struggles about history Questioning both contemporary cultural theory that imagines a world beyond history and feminist approaches to culture that minimize questions of economy class and nation Morris argues that history created by popular culture is never truly national in scale or force 11 photos
