Cruising World ,1987-01 **Over the Top** Adrian Flanagan, 2018-03-08 Only one person has ever sailed vertically around the world Adrian Flanagan Sailing horizontally is difficult enough crossing thousands of miles of ocean only to get near land at the Capes and battle treacherous currents However hundreds of sailors have still managed it Adrian became obsessed with the idea of sailing vertically around the world as a boy before he even knew whether it was possible Thirty years later he managed it This is his own account of his remarkable adventure It was an epic challenge sailing through the perilous waters around Cape Horn and across the remote hostile stretch of the Russian Arctic He survived being washed overboard capsizing a close encounter with pirates and also managed to treat not one but two dislocated wrists all of this alone a thousand miles or more from anyone who could help him complete his quest It wasn't all high drama however Adrian experienced moments of awe inspiring beauty being accompanied by a pod of whales and swimming with dolphins This is a timeless and unique story pacily written with a sense of humour but which captures the zeal and determination required to

accomplish something nobody else has ever done before **Sailing, Yachts & Yarns** Tom Cunliffe, 2011-03-29 Sailing Yachts and Yarns is a selection of British sailing legend Tom Cunliffe's most entertaining outspoken and instructive writing from the pages of Yachting Monthly magazine. Tom's regular column for this leading sailing magazine gives him free reign to explore a wide range of topics. He has a gift for capturing the magic of sail and finding pearls of practical wisdom in the most unlikely nautical adventures. Sailing Yachts and Yarns is a wonderful miscellany of wit, wisdom and wonder. It will make you laugh and make you think and make you want to cast off to enjoy the delights of life afloat **Sailing, Seamanship and Yacht Construction** Uffa Fox, 2003-02-01 Packed with information, ideas and more than 300 excellent illustrations, this classic of the genre was written by the father of modern planing sailboats. Most of the text focuses on individual vessels; among the 20 profiled are the 60-foot-long Landfall, the Patience, and the author's own creation, the Vigilant **Sail Cowabunga!** Janis Couvreur, 2017-10-14 From Bordeaux, France to San Francisco, California, this book follows a Franco-American couple and their two young sons across the Atlantic Ocean and into a ten-year journey at sea. Through their adventures and misadventures, tragedies and glories across four continents, the Couvreur family rarely had a dull moment living on the water. Janis chronicles in vivid and lively detail how they fended off a midnight intruder, sailed to the microscopic St. Peter and St. Paul rocks on the equator, explored the jungles of French Guiana and Devil's Island, and sailed through Cuba in the turmoil of the late 80s. Their adventure was not without hardship, however, as Janis recounts battling medical emergencies that required sending her husband across the globe for treatment twice, leaving her to single-handedly orchestrate a Panama Canal passage amid pre-war chaos. While living in the close quarters of their 42-foot sailboat, the Cowabunga, the Couvreur family was able to maintain sanity and a normal daily routine of cooking, schooling, and sleeping at sea, knowing all the while that something unexpected might be waiting just around the next peninsula.
