Paths to Contemporary French Literature John Taylor, 2017-07-05 The first volume of Paths to Contemporary French Literature offered a critical panorama of over fifty French writers and poets With this second volume John Taylor an American writer and critic who has lived in France for the past thirty years continues this ambitious and critically acclaimed project Praised for his independence curiosity intimate knowledge of European literature and his sharp reader's eye John Taylor is a writer critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Charting the paths that have led to the most serious and stimulating contemporary French writing he casts light on several neglected postwar French authors all the while highlighting genuine mentors and invigorating newcomers Some names Patrick Chamoiseau Pascal Quignard Jean Philippe Toussaint Jean Rouaud Francis Ponge Aime Cesaire Marguerite Yourcenar J M G Le Clezio may be familiar to the discriminating and inquisitive American reader but their work is incisively re-evaluated here The book also includes a moving remembrance of Nathalie Sarraute and an evocation of the author's meetings with Julien Gracq Other writers in this second volume are equally deserving authors whose work is highly respected by their peers in France yet little known in English speaking countries Taylor's pioneering elucidations in this respect are particularly valuable This second volume also examines a number of non French originally non French speaking writers such as Gherasim Luca Petr Kral Armen Lubin Venus Ghoura Khata Piotr Rawicz as well as Samuel Beckett who chose French as their literary idiom Taylor is in a perfect position to understand their motivations struggles and goals In a day and age when so little is known in English speaking countries about foreign literature and when so little is translated the two volumes of Paths to Contemporary French Literature are a must

Autumn Phillippe Delerm, 1999-02 This book is written in French Philippe Delerm nous entraîne dans le périple insens des peintres préraphaélites Une aventure envoûtante où des personnages se déchirent Un destin en clair obscur On se demande si le faste n'est pas le comble de la misère et si le recours aux paradis artificiels ne masque pas d'autres détresses Philippe Delerm draws us into the insane world of the pre-raphaelite painters A spellbinding adventure in which characters tear each other apart A destiny in chiaroscuro It makes us wonder whether splendor is the height of misery and whether the resort to artificial Edens is simply a mask for other troubles
