Proclaiming the Parables Thomas G. Long,2024-03-12 In Proclaiming the Parables noted preacher and scholar Thomas G Long moves away from past treatment of the parables primarily as literary devices and moves toward an emphasis on their theological impact as pointers to the kingdom of God While the parables are indeed significant poetic literary creations that have enchanted readers over the centuries their main power he claims lies in their disclosure of the kingdom of God which is not merely an idea nor even just a complex symbol with generative and centrifugal force but an event the inbreaking of the life of God into human history and experience Long sees parables not merely as creative figures of speech but as GPS devices taking hearers to those places where the event of God is happening all around us This book provides two chapters for each synoptic Gospel The first focuses on the Gospel as a whole and the parables place in it and the second provides preachers and teachers with detailed exegetical and homiletical commentary for each major parable in that Gospel Two introductory chapters additionally situate this book in the history and theology of the parables interpretation and address questions that preachers have about preaching the parables Preachers who consult this volume will be informed about each major parable guided through the controversies regarding interpretation and stimulated to preach on the parable in fresh faithful and creative ways
