Sunlight And Shadow The Life And Art Of Willard L Metcalf:

Sunlight and Shadow Elizabeth De Veer, Richard J. Boyle, 1987 Art and the Higher Life Kathleen Pyne, 2010-07-22

Late in the nineteenth century many Americans were troubled by the theories of Charles Darwin which contradicted both traditional Christian teachings and the idea of human supremacy over nature and by an influx of foreign immigrants who challenged the supremacy of the old Anglo Saxon elite In response many people drew comfort from the theories of philosopher Herbert Spencer who held that human society inevitably develops towards higher and more spiritual forms In this illuminating study Kathleen Pyne explores how Spencer s theories influenced a generation of American artists She shows how the painters of the 1880s and 1890s particularly John La Farge James McNeill Whistler Thomas Dewing and the Boston school and the impressionist painters of the Ten developed an art dedicated to social refinement and spiritual ideals and to defending the Anglo Saxon elite of which they were members This linking of visual culture to the problematic conditions of American life radically reinterprets the most important trends in late nineteenth century American painting **American Impressionism & Realism** Helene Barbara Weinberg, Queensland Art Gallery, 2009 An exhibition publication featuring curatorial essays and works from the Metropolitan Museum of Art New York Impressionism John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes *American Impressionism and Realism* Helene Barbara Weinberg, Doreen Bolger, David Park Curry, 1994 An examination of the continuities and differences between American Impressionism and Realism Copyright Libri GmbH All rights reserved *Visions of Belonging* Julia B. Rosenbaum, 2006 In the late nineteenth and early twentieth centuries depictions of New England flooded the American art scene Childe Hassam Willard Metcalf Theodore Robinson and Julian Weir and other well known artists produced images of quaint villages agricultural labor scenic rural churches and the distinctive New England landscape Julia B Rosenbaum asks why and how a range of artists including Impressionist and Modernist painters and sculptors and exhibitors fashioned this particular vision of New England in their work Against the backdrop of industrialization immigration and persistent post Civil

War sectionalism many Americans yearned for national unity and identity As Rosenbaum finds New England emerged as symbolic of cultural and spiritual achievement and democratic values that served as an example for the nation By addressing the struggles for national unity the book offers a new interpretation of turn of the century American art Ultimately Visions of Belonging demonstrates how the local became so important to the national how art was crucial to the formation of national identity and how internal nation building takes place within the realm of culture as well as politics And even as later artists such as Georgia O Keeffe challenged New England s cultural hegemony the appeal of linking regional identity to national ideals continued in distinctive ways Beautifully illustrated with color plates and almost sixty halftones Visions of Belonging explores the interplay between art objects and the shaping of loyalties and identities in a formative phase of American culture It will appeal not only to art historians but also to anyone with an interest in nineteenth century studies the Gilded Age and Progressive Era American studies New England history and culture and American cultural and intellectual history

Emil Carlsen : conscious painting William Eric Indursky,2017-08-31 Today outside a small group of traditional painters art historians and dealers Danish American Impressionist Realist painter S ren Emile Carlsen s 1848 1932 reputation is almost all but forgotten an extreme contrast to the nearly rock star status he once held with the public and his peers during his lifetime Carlsen was part of the circle of America s best known painters including William Merritt Chase 1849 1916 Julian Alden Weir 1852 1919 Childe Hassam 1859 1935 and John Henry Twachtman 1853 1902 At his height Carlsen s paintings commanded the equivalent of as much as 50 000 per canvas in today s money during the early 20th century Perhaps it was the Dane s loner demeanor or his obsessive focus on the making of art that aided to his lost reputation with the public But it is because of these traits that Carlsen has reached near hero status among today s traditional painters and collectors

Impressionism in Britain Kenneth McConkey,Anna Gruetzner Robins,1995-01-01 Late in his career Claude Monet returned to London to paint the fog that had entranced him years before The resulting sequence of pictures represents some of the fascination that French painters felt for Britain Similarly many British collectors and young painters embraced and were influenced by the work of the French Impressionists This book describes the activities of the French Impressionist painters on their visits to Britain considers the dissemination of Impressionist painting through British dealers and collectors explores the response of artists from Britain and Ireland to the Impressionist movement and sets all of these against the backdrop of late Victorian and Edwardian Britain McConkey and Robins describe the work of Monet Pissarro Sisley and other Impressionists working in London showing how this art influenced the community of young British painters disenchanted with British art schools and art exhibiting standards The authors investigate the role played by two innovative painters who were American expatriates James McNeill Whistler and John Singer Sargent And they explain how such artists as William

Orpen George Clausen Stanhope Forbes Henry La Thangue Walter Sickert and Philip Wilson Steer sought out new and radical approaches to picture making formed new secessionist art societies and articulated new concepts of the role of art rejecting historical pageants and fashionable aestheticism and focusing on modern rural and urban conditions The book is the catalogue of an exhibition that will be at the Barbican Art Gallery in London from January to March 1995 and then move to Dublin American Orientalists Gerald M. Ackerman, 1994 Between 1843 and 1922 American artists travelled to the Near East and North Africa painting all that they discovered Edwin Lord Weeks and Frederick Bridgman are amongst the most famous but there was also Francis Bacon Samuel Colman Swain Gifford and
