Richard Denning

Sunrise Tomorrow:

Tomorrow's Guardian Richard Denning, 2010-11 Tom Oakley experiences disturbing episodes of déjà vu and believes he is going mad. Then he discovers that he is a Walker, someone who can transport himself to other times and places. Tom dreams about other Walkers in moments of mortal danger: Edward Dyson, killed in a battle in 1879; Mary Brown, who perished in the Great Fire of London; and Charlie Hawker, a sailor who drowned on a U boat in 1943. Agreeing to travel back in time and rescue them, Tom has three dangerous adventures before returning to the present day. But Tom's troubles have only just begun. He finds that he is drawn the attention of evil individuals who seek to bend history to their will. Soon Tom's family are obliterated from existence and Tom must make a choice between saving them and saving his entire world. *Tomorrow's Guardian* is a Young Adult Fantasy Novel.

Being in Christ Glen E. Clifton, 2012-08 Dr. Glen E. Clifton became pastor of his first church at age nineteen while attending Baylor University. He and his wife Dee have had four children. He has been pastor of Southern Baptist churches in Texas twice, Mississippi and California twice, with three interim pastorates in Florida. He retired to the Treasure Coast of Florida where he has been serving churches for the past eleven years. A native Texan, Clifton is a graduate of Baylor University, BA, New Orleans Baptist Theological Seminary, MRE, and Louisiana Baptist University, DMin. He has also taught in public schools in four states as well as Seminary Extension of N O B T S. He has had the privilege of speaking and preaching revivals in almost twenty states. Clifton has also served as a church planter in areas with no church. Most of the churches he pastored have led their association in baptisms, church growth, and mission giving in California, Mississippi, and Texas. This is Clifton's second book. His first, *What All New Christians Should Know*, is a quick start book for new Christians. It is in its fourth printing. Although retired, Clifton fills the pulpit almost every Sunday somewhere on the southeast coast of Florida.

The Dutch American Identity Terence Schoone-Jongen, 2008 Each year thousands of communities across the United States celebrate their ethnic heritages, values, and identities through the medium of festivals. Drawing together elements of ethnic pride, nostalgia, religious values, economic motives, cultural memory, and a spirit of celebration, these festivals are performances that promote and preserve a community's unique identity and heritage while at the same time attempting to place the ethnic community within the larger American experience. Although these aims are pervasive across ethnic heritage celebrations, two festivals that appear similar may nevertheless serve radically different social and political aims. Accordingly, *The Dutch American Identity* examines five Dutch American festivals, three of which are among the oldest ethnic heritage festivals in the United States, in order to determine what such festivals mean and do for the staging communities. Although Dutch Americans were historically among the first ethnic groups to stage ethnic heritage festivals designed to attract outside audiences, and despite the fact that several Dutch

American festivals have met with sustained success little scholarship has focused on this ethnic group's festivals Moreover studies that have considered festivals staged by communities of European descent have typically focused on a single festival The Dutch American Identity thus on the one hand seeks to call attention to the historical development and current sociocultural significance of Dutch American heritage festivals On the other hand this study aims to elucidate the ties that bind the five communities that stage these festivals together rather than studying one festival in isolation from the others Creatively combining several methodologies The Dutch American Identity describes and analyzes how the social political and ethical values of the five communities are expressed performed acted out represented costumed and displayed in their respective festivals Rather than relying on familiar even stereotypical notions of the Midwest rural America conservative America etc that often appear in contemporary political discourse Schoone Jongen shows just how complex and contradictory these festivals are in the ways they represent each community At the same time by placing these festivals within the context of American history Schoone Jongen also demonstrates how and why each festival is a microcosm of particular cultural social and political developments in modern America The Dutch American Identity is an important book for sociology performance studies folklore immigration history anthropology and cultural history collections

The Future of the Universe A.J. Meadows, 2007-05-27 Many excellent books have been written about the past history of the universe and of the various objects galaxies stars planets to be found in it All the exciting events from the original Big Bang to the appearance of human beings have been carefully recorded Much less has been written about what comes next What will happen to all these galaxies stars and planets in the future And what will happen to us and to any other intelligent life in the universe It is obviously more difficult to examine the future than the past but there are ways of doing it Not everything in the universe is the same age so a study of the older objects gives us some idea of what will happen to the younger objects Some things vary in a fairly regular way so you can guess what will happen next For example the number of spots visible on the Sun's surface increases and then decreases again every eleven years on average These ups and downs can be expected to continue for a considerable time in the future Finally theoretical explanations of how things work at present often give some hint of how they will develop in the future One rule of thumb in astronomy though there are plenty of exceptions is that the further away objects are the less we know about them This means that it is often more difficult to forecast the future for distant objects than for ones nearby

Captivating mysteries and gripping suspense blended within Christian philosophical and some political ideologies and a healthy dose of imagination result in a fast paced thriller a stimulating and thought provoking story Masterfully composed and written the story leaves absolutely nothing unturned and is intriguing throughout in every sense Andrew a steadfast atheist has defied his parent s attempts to raise him to be a Christian for over thirty years However his life and the lives of his family have been turned upside down by Islamic Jihadist terrorists who are out to kill them as well as detonate a series of nuclear weapons in an effort to destroy America And if that weren t enough one nuclear device rests in a location in the United States so unique so ingenious its distinct placement alone can render the entire world uninhabitable As Andrew and his family cope with the terrorists and the pending apocalypse their beliefs and lives are put to the ultimate test Is this the end of time predicted in the Book of Revelation The story and its ending explore some possibilities that will be hard to ignore and some eye opening revelations As the tale culminates in an unexpected and most surprising conclusion that in itself becomes an absolute and decisive anecdote the reader will realize that it intends to deliver several messages The story is inspirational subtly educational and may be interactive as it is saturated with clues hints hidden meanings and symbolisms that relate to how the story unfolds Most are subtle and will require some thought to discern however it is not required that the reader make a conscious effort to try to identify and interpret these or participate where it is interactive to enjoy the story Although the story is intense with substance it is also irresistibly alluring and enchanting in an ingenious way and will appeal to anyone looking for a story that is rich with riveting suspense and mysteries in a setting that may be relevant to today s world For more information about the book visit the author s website at <https://www.inthecourseofthreehours.com>
