Suicide Charlie A Vietnam War Story:

Suicide Charlie Norman L Russell, 1993-03-30 Russell's story is more than a soldier's memoir because it speaks to the universal experience of soldiering. He also shares the struggles of his father a WWII veteran who eventually took his own life and his many comrades in arms. Russell wrote and produced an award winning PBS TV program entitled *Fathers and Sons Two Generations of American Combat Veterans*. *Don't Thank Me For My Service* S. Brian Willson, 2018-11-15 Viet Nam veteran S Brian Willson was so shocked by the diabolical nature of the US war against Viet Nam irreversible knowledge as he describes it and his own appalling ignorance from his cultural conditioning that it sparked a lifetime of anti war activism. This toxic jolt awakened him to the extent to which he and generations of American citizens had thoughtlessly succumbed to the relentless barrage of lies and propaganda that infest US American culture from the military and political parties to religious institutions academic and educational institutions sports fraternal and professional associations the scientific community the economic system and all our entertainment that seek to rationalize its otherwise inexplicable and morally repulsive behavior globally and at home US American history reveals a unifying theme prosperity for a few through expansion at any cost to preserve the exceptional American Way of Life AWOL. This has been structurally guided and facilitated by our nation's founding documents including the US Constitution. From the beginning the US was envisaged as a White male supremacist state serving to protect and advance the interests of private and commercial property. The US waged war in Viet Nam was not an aberration but one of hundreds in a long pattern of brutal exploitation. A quick review of the empirical record reveals close to 600 overt military interventions by the US into dozens of countries since 1798 almost 400 since the end of World War II alone and thousands of covert interventions since 1947. This history overwhelms any rhetoric about the United States as a beacon of freedom and democracy committed to promoting domestic and global equal justice under law. These interventions have assured de facto subsidies for US American interests regulated global markets on our terms and provided us with access to cheap or free labor and to raw materials. Millions of people around the globe have been murdered with virtual impunity as a result of our interventions in a pattern that illustrates what Noam Chomsky calls the Fifth Freedom the freedom to rob and exploit. This freedom is ultimately protected with use of force when a country or movement seeks to protect or advance the domestic needs and desires of its members or citizens for political freedom or economic wellbeing. This book provides an invaluable tool for today's activists however they may be similarly shocked into wakefulness. *When Johnny Comes Marching Home Again* Gregory Sarno, 2005 Screenplays about soldiers in three wars the Civil War the Vietnam War and the War in Afghanistan. **Historical Dictionary of the War in Vietnam** Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos. That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective. One way of understanding the

Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War **Professional Journal of the United States Army** ,1994

W.D. Ehrhart in Conversation Jean-Jacques Malo,2017-08-08 W D Ehrhart named by Studs Terkel as the poet of the Vietnam War has written and lectured on a wide variety of topics and has been a preeminent voice on the Vietnam War for decades Revered in academia he has been the subject of many master s theses doctoral dissertations journals and books for which he was interviewed Yet only two major interviews have been published to date This complete collection of unpublished interviews from 1991 through 2016 presents Ehrhart s developing views on a range of subjects over three decades

Military Review ,1994 Indochina Chronology ,1993 **Air University Library Index to Military Periodicals** ,1994 Infantry ,1996
