The Analysis of Directional Time Series: Applications to Wind Speed and Direction Jens Breckling, 2012-12-06

Given a series of wind speeds and directions from the port of Fremantle the aim of this monograph is to detect general weather patterns and seasonal characteristics To separate the daily land and sea breeze cycle and other short term disturbances from the general wind the series is divided into a daily and a longer term synoptic component The latter is related to the atmospheric pressure field while the former is studied in order i to isolate particular short term events such as calms storms and oscillating winds and ii to determine the land and sea breeze cycle which dominates the weather pattern for most of the year All these patterns are described in detail and are related to the synoptic component of the data Two time series models for directional data and a new measure of angular association are introduced to provide the basis for certain parts of the analysis *Official Gazette of the United States Patent Office* United States. Patent Office, 1969-05

The Centre of City: Wind Environment and Spatial Morphology Junyan Yang, Xiuzhang Fu, 2019-10-04 This book focuses on the urban wind environment of urban center district Through urban spatial morphology and urban space units it provides in depth evaluation and research on the correlation between urban spatial morphology indicator and urban wind environment Based on urban spatial morphology indicators such as building density FAR average building height and wind environment parameter it conducts quantitative analysis and statistic evaluation to acquire the influence relationship between urban planning indicators and wind speed In addition based on the 13 typical urban morphology units it also analyses the different situation of wind environment Finally it provides the optimized strategies on urban planning architecture and landscape It intertwines the quantitative research between wind environment and urban morphology through in depth analysis and urban microclimate simulation It makes a valuable contribution for the research on urban environment and urban morphology
