Summer Island

PENOBSCOT COUNTRY

By ELIOT PORTER • Edited by DAVID BROWER

"Writing with the familiarity of one whose home has been a summer island, Eliot Porter evokes the rich spirit and substance of the hauntingly beautiful water, the utter loneliness of . . . the golden tales of Maine."

CARL W. BUCHHEITLER, President of National Audubon Society

Summer Island Penobscot Country:

Summer Island: Penobscot Country Eliot Porter, 1968 **Summer Island** Eliot Porter, 1966 **Color Lithographed Plates from Summer Island, Penobscot Country** Barnes Press, Sierra Club, 1966 **The Man Who Built the Sierra Club** Robert Wyss, 2016-06-07 David Brower 1912-2000 was a central figure in the modern environmental movement. His leadership vision and elegant conception of the wilderness forever changed how we approach nature. In many ways he was a twentieth century Thoreau. Brower transformed the Sierra Club into a national force that challenged and stopped federally sponsored projects that would have dammed the Grand Canyon and destroyed hundreds of millions of acres of our nation's wilderness. To admirers he was tireless, passionate, visionary, and unyielding. To opponents and even some supporters he was contentious and polarizing. As a young man growing up in Berkeley, California, Brower proved himself a fearless climber of the Sierra Nevada's dangerous peaks. After serving in the Tenth Mountain Division during World War II, he became executive director of the Sierra Club. This uncompromising biography explores Brower's role as steward of the modern environmental movement. His passionate advocacy destroyed lifelong friendships and at times threatened his goals. Yet his achievements remain some of the most important triumphs of the conservation movement. What emerges from this unique portrait is a rich and robust profile of a leader who took up the work of John Muir and along with Rachel Carson made environmentalism the cause of our time.

David Brower Tom Turner, 2015-10-01 In this first comprehensive authorized biography of David Brower, a dynamic leader in the environmental movement over the last half of the twentieth century, Tom Turner explores Brower's impact on the movement from its beginnings until his death in 2000. Frequently compared to John Muir, David Brower was the first executive director of the Sierra Club, founded Friends of the Earth, and helped secure passage of the Wilderness Act among other key achievements. Tapping his passion for wilderness and for the mountains he scaled in his youth, he was a central figure in the creation of the Point Reyes National Seashore and of the North Cascades and Redwood national parks. In addition, Brower worked tirelessly in successful efforts to keep dams from being built in Dinosaur National Monument and the Grand Canyon. Tom Turner began working with David Brower in 1968 and remained close to him until Brower's death. As an insider, Turner creates an intimate portrait of Brower, the man and the decisive role he played in the development of the environmental movement. Culling material from Brower's diaries, notebooks, articles, books, and published interviews, and conducting his own interviews with many of Brower's admirers, opponents, and colleagues, Turner brings to life one of the movement's most controversial and complex figures.

Encounters with the Archdruid John McPhee, 1977-10-01 The narratives in this book are of journeys made in three wildernesses: on a coastal island in a Western mountain range and on the Colorado River in the Grand Canyon. The four men portrayed here have different relationships to their environment, and they encounter each other on mountain trails, in forests, and in rapids, sometimes with reserve, sometimes with friendliness, sometimes fighting hard across a philosophical divide.

On Holiday Orvar Löfgren, 1999 Beginning his

cultural journey among some 18th century pioneers of tourism Lofgren takes us on a tour of the Western holiday world and shows how two centuries of learning to be a tourist have shaped our own ways of vacationing We see how fashions in destinations have changed through the years with popular images written drawn painted and later photographed teaching the tourist what to look for and how to experience it

Storming the Gates of Paradise Rebecca Solnit, 2007-06-18

Rebecca Solnit has made a vocation of journeying into difficult territory and reporting back as an environmentalist antiglobalization activist and public intellectual Storming the Gates of Paradise an anthology of her essential essays from the past ten years takes the reader from the Pyrenees to the U S Mexican border from San Francisco to London from open sky to the deepest mines and from the antislavery struggles of two hundred years ago to today's street protests The nearly forty essays collected here comprise a unique guidebook to the American landscape after the millennium not just the deserts skies gardens and wilderness areas that have long made up Solnit's subject matter but the social landscape of democracy and repression of borders ruins and protests She ventures into territories as dark as prison and as sublime as a broad vista revealing beauty in the harshest landscape and political struggle in the most apparently serene view Her introduction sets the tone and the book's overarching themes as she describes Thoreau leaving the jail cell where he had been confined for refusing to pay war taxes and proceeding directly to his favorite huckleberry patch In this way she links pleasure to politics brilliantly demonstrating that the path to paradise has often run through prison These startling insights on current affairs politics culture and history always expressed in Solnit's pellucid and graceful prose constantly revise our views of the otherwise ordinary and familiar Illustrated throughout Storming the Gates of Paradise represents recent developments in Solnit's thinking and offers the reader a panoramic world view enriched by her characteristically provocative inspiring and hopeful observations
