

It's different from other schools. I come from a secondary modern, and it's just like coming out of the dark and into the light.

The whole idea of the thing is different. The lessons are different. Summerhill isn't based on trying to make you *learn*, trying to make you learn your mathematics. . . .

It's trying to make you learn about life, a community. You learn from the community, you learn from the meetings, you go through your own little experiences . . . which work out. The whole idea is to be yourself, but not to interfere with other people's ideas and what they're running about and doing. You can be yourself as long as you don't annoy other people. *Simon (senior)*

Neill was arguably the most famous child educator of the twentieth century He was certainly the most controversial All over the world countless parents and teachers have been shocked delighted or inspired by his subversive ideas about education or by a visit to that dreadful school which continues to this day Summerhill First published in 1983 this sympathetic but critical exploration of his iconoclastic ideas and personality is the result of interviews with two hundred ex pupils parents and teachers about life at Summerhill and of the practicality of Neill s philosophy about child freedom Jonathan Croall has also drawn on many unpublished letters and documents which help to illuminate Neill s personal struggles and his analysis and friendship with Homer Lane Wilhelm Stekel and Wilhelm Reich The result is a fascinating and revealing portrait of a remarkable man who in his absolute determination to be on the side of the child remained in permanent opposition to the adult world      **Free Schools, Free People** Ron Miller, 2002-07-18 The first historical account of the free school movement of the 1960s      Summerhill USA Richard E.
